The Letters Of Pietro Aretino:

The Letters of Pietro Aretino Pietro Aretino, 1967 *Selected Letters [of] Aretino* Pietro Aretino, 1976 **The Works of Aretino** Pietro Aretino, 2011-09 Pietro Aretino 1492-1556 was an influential Italian author, playwright, poet, and satirist. He is credited with inventing modern literature pornography. **Titian's Portraits through Aretino's Lens**, 1995 *Works of Aretino: Letters and Sonnets* Pietro Aretino, 1933 **The Works of Aretino: Biography: de Sanctis. The letters. The sonnets. Appendix** Pietro Aretino, 1926 *The Renaissance courtesan in words, letters and images* Eugenio Giusti, 2014-11-12T16:00:00+01:00 Although throughout history women had been confined to enclosed spaces, the advent of courtly life and culture required that men and women would share and interact in public arenas like the princely courts, intellectual salons, or gambling houses. But also in all of these public spaces, behavioral rules and regulations aimed to control women's body by equating honesty with chastity. In this monograph, I analyze how in the XVI, XVII, and XVIII centuries women in general and in particular prostitutes and courtesans repeatedly challenged those rules in the attempt to affirm their individual freedom. I call this behavior social amphibology, as just like amphibians, these women were able to cross class boundaries and thrive in different social environments. My analysis has three complementary approaches: First, an historical approach where census documents and sumptuary laws are investigated in order to describe the ways in which the political establishment unsuccessfully attempts to enforce its rules over women's behavior. Second, a literary approach where works by Castiglione, Aretino, Bandello, and Veronica Franco are analyzed in order to emphasize the terminological proximity between the legal and the literary languages and the evolution of the term courtesan with its attribute honest. A third, visual approach looks at prints of women's clothing made by XVI and XVII century artists. The iconographic similarity of all of the images requires a set of rubrics or labels as a way to control such visual amphibology. In the last segment of this monograph, I apply a diachronic perspective to these visual representations as I show how contemporary art historians use the same means of categorization used in previous centuries to identify, without any definite proof, paintings and prints included in two recent art exhibitions. **Aretino's Satyr** Raymond B. Waddington, 2004-01-01 Pietro Aretino's literary influence was felt throughout most of Europe during the sixteenth century, yet English language criticism of this writer's work and persona has hitherto been sparse. Raymond B. Waddington's study redresses this oversight, drawing together literary and visual arts criticism in its examination of Aretino's carefully cultivated scandalous persona, a persona created through his writings, his behaviour, and through a wide variety of visual arts and crafts. In the Renaissance, it was believed that satire originated from satyrs. The satirist Aretino promoted himself as a satyr, the natural being whose sexuality guarantees its truthfulness. Waddington shows how Aretino's own construction of his public identity came to eclipse the value of his writings, causing him to be denigrated as a pornographer and blackmailer. Arguing that Aretino's deployment of an artistic network for self-promotional ends was so successful that for a period his face was possibly the most famous in Western Europe, Waddington also defends Aretino.

describing his involvement in the larger sphere of the production and promotion of the visual arts of the period Aretino's Satyr is richly illustrated with examples of the visual media used by the writer to create his persona These include portraits by major artists and *arti minori* engravings portrait medals and woodcuts

A Companion to Anticlassicisms in the Cinquecento Marc Föcking, Susanne A. Friede, Florian Mehlretter, Angela Oster, 2023-03-06 Anticlassicisms as a plural react to the many possible forms of classicisms In the sixteenth century classicist tendencies range from humanist traditions focusing on Horace and the teachings of rhetoric via Pietro Bembo's canonization of a second antiquity in the works of the fourteenth century classics Petrarch and Boccaccio to the Aristotelianism of the second half of the century Correspondingly the various tendencies to destabilize or to subvert or contradict these manifold and historically dynamic classicisms need to be distinguished as so many anticlassicisms This volume after discussing the history and possible implications of the label anticlassicism in Renaissance studies differentiates and analyzes these anticlassicisms It distinguishes the various forms of opposition to classicisms as to their scope on a scale between radical poetological dissension to merely sectorial opposition in a given literary genre and to their alternative models be they authors like Dante or texts At the same time the various chapters specify the degree of difference or erosion inherent in anticlassicist tendencies with respect to their classicist counterparts ranging from implicit system disturbances to open intended antagonism as in Bernesque poetry with a view to establishing an overall picture of this field of phenomena for the first time

Voices and Texts in Early Modern Italian Society Stefano Dall'Aglio, Brian Richardson, Massimo Rospocher, 2016-11-25 This book studies the uses of orality in Italian society across all classes from the fifteenth to the seventeenth century with an emphasis on the interrelationships between oral communication and the written word The Introduction provides an overview of the topic as a whole and links the chapters together Part 1 concerns public life in the states of northern central and southern Italy The chapters examine a range of performances that used the spoken word or song concerted shouts that expressed the feelings of the lower classes and were then recorded in writing the proclamation of state policy by town criers songs that gave news of executions the exercise of power relations in society as recorded in trial records and diplomatic orations and interactions Part 2 centres on private entertainments It considers the practices of the performance of poetry sung in social gatherings and on stage with and without improvisation the extent to which lyric poets anticipated the singing of their verse and collaborated with composers performances of comedies given as dinner entertainments for the governing body of republican Florence and a reading of a prose work in a house in Venice subsequently made famous through a printed account Part 3 concerns collective religious practices Its chapters study sermons in their own right and in relation to written texts the battle to control spaces for public performance by civic and religious authorities and singing texts in sacred spaces

Textual Masculinity and the Exchange of Women in Renaissance Venice Courtney Quaintance, 2015-05-07 Textual Masculinity and the Exchange of Women in Renaissance Venice is a provocative analysis of the pornographic poetry written in patrician poet Domenico Venier's social circle While Venier and his salon were renowned for elegant love sonnets featuring unattainable female beloveds among themselves they wrote and circulated poems in Venetian dialect in which women were prostitutes whose defiled bodies were available to all Courtney Quaintance analyses poetry letters plays and verse dialogues to show how male writers established sustained and publicized their relationships to one another through the exchange of fictional women She also shows how Gaspara Stampa and Veronica Franco two women writers with ties to the salon appropriated and transformed tropes of female sexuality and male literary collaboration to position themselves within this homosocial literary economy Based on archival work and Quaintance's exceptional knowledge of Venetian dialect poetry Textual Masculinity and the Exchange of Women in Renaissance Venice is an unprecedented window into the understudied world of Venetian literature

The Works of Aretino Pietro Aretino, 1926

European Women's Letter-writing from the 11th to the 20th Centuries Clare Monagle, Carolyn James, David Garrioch, Barbara Caine, 2025-10-01 This book reveals the importance of personal letters in the history of European women between the year 1000 and the advent of the telephone It explores the changing ways that women used correspondence for self expression and political mobilization over this period enabling them to navigate the myriad gendered restrictions that limited women's engagement in the world Whether written from the medieval cloister or the renaissance court or the artisan's workshop or the drawing room letters crossed geographical and social distance and were mobile in ways that women themselves could not always be Women wrote to govern to argue to plead and to demand They also wrote to express love and intimacy and in so doing to explain and to understand themselves This book argues that the personal letter was a crucial place for European women's self fashioning and that exploring the history of their letters offers a profound insight into their subjectivity and agency over time

Before Pornography Ian Frederick Moulton, 2000 Before Pornography explores the relationship between erotic writing masculinity and national identity in Renaissance England Drawing on both manuscripts and printed texts and incorporating insights from modern feminist theory and queer studies the book argues that pornography is a historical phenomenon while the representation of sexual activity exists in nearly all cultures pornography does not The book includes analyses of the social significance of eroticism in such canonical texts as Sidney's Defense of Poesy and Spenser's Faerie
