The Longest Cocktail Party:

The Longest Cocktail Party Richard DiLello, 2005 This volume is not only fast paced and funny but also manages to be immensely poignant about the demise of the Fab Four and the death of the sixties dream The Longest Cocktail Party Richard DiLello, 1976 The Longest Cocktail Party Richard DiLello, 2014-11-05 Apple Records was a noble experiment created in the spirit of the 1960s by four musicians who came to represent everything that was best about those tumultuous experimental and liberating times The Beatles started out with the greatest of intentions but reality soon got in the way Much has been written about this period in the history of The Beatles evolution and dissolution some of it true some of it wildly exaggerated but not much of it first hand The Longest Cocktail Party is a rare exception Written by Richard DiLello who served as Apple Records House Hippie from 1968 to 1970 this unusual first hand glimpse into The Beatles empire humorously chronicles the stranger than life stories that were to become legendary including visits by the Hell's Angels and endless tales of celebrity antics Alfred Music is proud to offer this latest edition which features a new and insightful foreword by the author Originally published by Playboy Press in 1972 The Longest Cocktail Party has proven itself a timeless chronicle of this most colorful period in pop history The Longest Cocktail Party Richard DiLello, 2001 The Longest Cocktail Party Richard DiLello, 1997-06-01 **The Longest Cocktail Party: an Insider's Diary of The Beatles** Richard DiLello, 1972 Longest Cocktail Party Random House, 2001-04-01 *The end-of-the-century party* Steve Redhead, 2019-07-04 Madchester may have been born at the Hacienda in the summer of 1988 but the city had been in creative ferment for almost a decade prior to the rise of acid house The end of the century party is the definitive account of a generational shift in popular music and youth culture what it meant and what it led to First published right after the Second Summer of Love it tells the story of the transition from new pop to the political pop of the mid 1980s and its deviant offspring post political pop Resisting contemporary proclamations about the end of youth culture and the rise of a new right leaning conformism the book draws on interviews with DJs record company bosses musicians producers and fans to outline a clear transition in pop thinking a move from an obsession with style packaging and synthetic sounds to content socially conscious lyrics and a new authenticity This edition is framed by a prologue by Tara Brabazon asking how we can reclaim the spirit energy and authenticity of Madchester for a post youth post pop generation It is illustrated with iconic photographs by Kevin Cummins The Beatles: Having Read the Book Greg Sterlace, 2015-07-26 The cottage industry of Beatles publications is more prolific now than it ever was As the band recedes into the mystic fog of 20th century history we get more and more documentation about their music their love lives their personalities and their finances I wanted to try to make sense of it by reviewing the best and the worst of the Beatles tomes as they stand side by side in bookstores everywhere I spent 40 years reading about them knowing that one day I would share my accumulated knowledge with the fans in Pepperland Having read the book I'd love to turn you on **The Zapple Diaries** Barry Miles, 2016-09-27 A revealing history of the Beatles

be a good one **The Popular Music Teaching Handbook** B. Lee Cooper, Rebecca A. Condon, 2004-04-30 The function of print resources as instructional guides and descriptors of popular music pedagogy are addressed in this concise volume. Increasingly public school teachers and college level faculty members are introducing and utilizing music related educational approaches in their classrooms. This book lists reports dealing with popular music resources as classroom teaching materials and will stimulate further thought among students and teachers. It focuses on the growing spectrum of published scholarship available to instructors in specific teaching fields: art, geography, social studies, urban studies, and so on, as well as on the multitude of general resources including biographical directories and encyclopedias of artist profiles. Building on two recent publications: *Teaching with Popular Music Resources: A Bibliography of Interdisciplinary Instructional Approaches* (Popular Music and Society XXII no. 2 Summer 1998) and *American Culture Interpreted through Popular Music: Interdisciplinary Teaching Approaches* (Bowling Green State University Popular Press 2000), this volume focuses on the growing spectrum of published scholarship that is available to instructors in specific teaching fields: art, geography, social studies, urban studies, and so on, as well as on the multitude of general resources including biographical directories and encyclopedias of artist profiles.

American Popular Music and Its Business the late Russell Sanjek, 1988-07-28 This volume focuses on developments in the music business in the twentieth century including vaudeville, music boxes, the relationship of Hollywood to the music business, the fall and rise of the record business in the 1930s, new technology (TV, FM, and the LP record) after World War II, the dominance of rock and roll, and the huge increase in the music business during the 1950s and 1960s, and finally the changing music business scene from 1967 to the present, especially regarding government regulations, music licensing, and the record business.

Tell Me Why Tim Riley, 2002-05-30 Riley compiles this fully updated and revised edition of the classic album by album, song by song study of the Beatles with new material from McCartney's biography and the Anthology CDs. **Labelled with Love** Andy Bollen, 2024-05-16 an instant classic and a required part of the library of anyone fascinated with the record business. Danny Goldberg, bestselling author of *Serving the Servant*, Remembering Kurt Cobain, Chess Records tested their acquisitions out on people waiting at a nearby bus stop: if the crowd were bopping, they had a hit. Sub Pop rejection letters start with the harsh yet funny "Dear Loser." Atlantic Records signed Led Zeppelin on Dusty Springfield's recommendation. *Labelled with Love* is an odyssey through your record collection and the world beyond it, from the Jazz Age to punk, the civil rights movement to Thatcherism, the Beatles to Britpop, and Ella Fitzgerald to The Ramones. Long time music obsessive Andy Bollen tracks popular music through the influential labels that have shaped the last eighty years, chronicling each company with the passion of a fan but the eye of a satirist. This is an informative and revealing look at the leading labels, bands, and music that rocked our worlds and shaped our lives.

From Here On Bob Brackin, 2009-11-17 *From Here On* is a collection of stories, essays, and poems. It is the author's thirteenth published book. [The Beatles as Musicians](#) Walter Everett, 1999

Given the phenomenal fame and commercial success that the Beatles knew for the entire course of their familiar career, their

music per se has received surprisingly little detailed attention Not all of their cultural influence can be traced to long hair and flashy clothing the Beatles had numerous fresh ideas about melody harmony counterpoint rhythm form colors and textures Or consider how much new ground was broken by their lyrics alone both the themes and imagery of the Beatles poetry are key parts of what made and still makes this group so important so popular and so imitated This book is a comprehensive chronological study of every aspect of the Fab Four s musical life including full examinations of composition performance practice recording and historical context during their transcendent late period 1966 1970 Rich authoritative interpretations are interwoven through a documentary study of many thousands of audio print and other sources For No One Alan Bradley, 2013-12-20 The Beatles were one of the most important musical phenomena of the twentieth century and together with their manager Brian Epstein it can truly be stated that they changed the world But there were dark aspects to the Beatles story to go along with the million sellers and the record breaking tours Lost opportunities millions of pounds lost or squandered or stolen and the involvement of some very unpleasant characters For No One is the story of the Beatles rise to super stardom and their descent into a petty squabbling break up and a decline highlighted by tragic death and squalid murder and a host of unanswered questions
