The Madwoman In The Volvo My Year Of Raging Hormones:

The Madwoman in the Volvo: My Year of Raging Hormones Sandra Tsing Loh, 2014-05-05 A writer performer and contributing editor to The Atlantic humorously chronicles her experiences going through menopause while dealing with the end of her marriage her preteen daughters and the hijinks of her eighty nine year old father [The Madwoman in the Volvo](#)

Sandra Tsing Loh, 2016-08-11 I don't remember exactly when my formerly charming humorous omnipotent mother who would swim a mile out into the ocean to get your beach ball in choppy seas did the great recede But she was a tide gradually but irrevocably washing out she retreated she receded she drifted away and there was nothing anybody could do about it In ancient times tribal women went alone to caves during menopause Today the 50 million menopausal women in America turn to cheery self help books As for Loh and her female friends they are determined not to go quietly into their sixth decade but instead opt for a desert festival of debauchery and half nude stoners Based on her acclaimed memoir of the same title that Booklist calls hilarious comforting and enlightening Loh's play is a hilarious provocative often moving consideration of what it is to be a woman in a society that values and reveres youth The Mad Woman in the Volvo received its world premiere on 3 January 2016 at South Coast Repertory California *The Madwoman in the Volvo* Sandra Tsing Loh, 2014-04-29 From an imaginatively twisted and fearless writer Los Angeles Times a hilarious memoir of middle age In a voice that is wry disarming and totally candid Sandra Tsing Loh tells the moving and laugh out loud tale of her roller coaster through the change This is not your grandmother's menopause story Loh chronicles utterly relatable everyday perils raising preteen daughters weathering hormonal changes and the ups and downs of a career and a relationship She writes also about an affair and the explosion of her marriage while managing the legal and marital hijinks of her eighty nine year old dad The upbeat conclusion it does get better [Harley and Me](#)

Bernadette Murphy, 2017-05-30 Bernadette Murphy's luminous book shows us how to take risks that make us fierce and vulnerable knowing that true strength is about being generous as much as it is about not giving in Emily Rapp Black author of *The Still Point of the Turning World* and *Poster Child* What happens when women in midlife step out of what's predictable For Bernadette Murphy learning to ride a motorcycle at forty eight becomes the catalyst that transforms her from a settled wife and professor with three teenage children into a woman on her own The confidence she gained from mastering a new skill and conquering her fears gave her the courage to face deeper issues in her own life and start taking risks It is a fact that men and women alike become more risk averse in our later years which according to psychologists and neuroscience is exactly what we should not do And Murphy stresses that while hers is a story of transformation using a physical risk emotional and educational risks can serve the same beneficial purpose for other women Murphy uses her own story to explore the larger idea of how risk changes our brain chemistry how certain personality types embrace dangerous behavior and why it energizes them and why women's expectations change once estrogen levels drop after the childbearing years She also explores the idea of women and risk in pop culture why there are

so few stories of the conquering heroine instead of hero Surely Thelma and Louise driving off the cliff should not be our only pop culture reference for women finding true freedom With scientific research and journalistic interviews weaving through a page turning road trip narrative Harley and Me is a compelling look at how one woman changed her life and found deeper meaning out on the open road

How Pop Culture Shapes the Stages of a Woman's Life Melissa Ames, Sarah Burcon, 2016-03-15 Contemporary popular culture has created a slew of stereotypical roles for girls and women to willingly or not play throughout their lives The Princess the Nymphette the Diva the Single Girl the Bridezilla the Tiger Mother the M I L F the Cougar and more In this book Ames and Burcon investigate the role of cultural texts in gender socialization at specific pre scripted stages of a woman s life from girls to the golden girls and how that instruction compounds over time By studying various texts toys magazines blogs tweets television shows Hollywood films novels and self help books they argue that popular culture exists as a type of funhouse mirror constantly distorting the real world conditions that exist for women magnifying the gendered expectations they face Despite the many problematic conflicting messages women receive throughout their lives this book also showcases the ways such messages are resisted allowing women to move past the blurry reality they broadcast and toward hopefully gender equality

Estrogen Matters Carol Tavris, Avrum Bluming, 2018-09-04 REVISED and UPDATED Edition 2024 A compelling fascinating Robert Cialdini defense of hormone replacement therapy exposing the faulty science behind its fall from prominence and giving women the evidence they need to make informed decisions about their health Estrogen Matters was my antidote to the misinformation surrounding menopause This book should be the bible for every single person going through menopause Naomi Watts For years hormone replacement therapy HRT was the medically approved way to alleviate menopausal symptoms ranging from hot flushes to brain fog and reduce the risk of heart disease Alzheimer s and osteoporosis But when a large study by the Women s Health Initiative WHI announced with national fanfare that women taking HRT had an increased risk of breast cancer women were scared off and the treatment was abandoned Now Dr Bluming a medical oncologist and Dr Tavris a social psychologist reveal the true story of the WHI s efforts to distort their data to exaggerate unsupported claims of estrogen s harms Important updates in this edition include Evidence that demolishes the WHI s claim that HRT causes breast cancer A list of the WHI s retractions of their original scare stories Updated findings on estrogen s benefits on heart brain bones and longevity A critical review of the alternative products and medications being marketed to treat symptoms of menopause A sobering and revelatory read Estrogen Matters sets the record straight on estrogen s benefits providing a light to guide women through this inevitable phase of life

Age, Gender and Sexuality through the Life Course Susan Pickard, 2018-04-19 Age Gender and Sexuality through the Life Course argues that the gendered structure of temporality defined in the dual sense of everyday time as well as age and stage of life is a key factor underpinning the stalling of the gender revolution Taking as its central focus the idealised young woman who serves as the mascot of contemporary success this book demonstrates how the celebration of the
