The Jungle Macmillan Classics:

Literature of the 1900s Jonathan Wild, 2017-01-17 Challenges conventional views of the Edwardian period as either a hangover of Victorianism or a bystander to literary modernism. In this ground breaking study Jonathan Wild investigates the literary history of the Edwardian decade. This period long overlooked by critics is revealed as a vibrant cultural era whose writers were determined to break away from the stifling influence of preceding Victorianism. In the hands of this generation which included writers such as Arnold Bennett, Joseph Conrad, E. M. Forster, Beatrix Potter and H. G. Wells, the new century presented a unique opportunity to fashion innovative books for fresh audiences. Wild traces this literary innovation by conceptualising the focal points of his study as branches of one of the new department stores that epitomized Edwardian modernity. These departments war and imperialism, the rise of the lower middle class, children's literature, technology and decadence, and the condition of England offer both discrete and interconnected ways in which to understand the distinctiveness and importance of the Edwardian literary scene. Overall, *The Great Edwardian Emporium* offers a long overdue investigation into a decade of literature that provided the cultural foundation for the coming century. **Kipling's**

Children's Literature Sue Walsh, 2016-04-22 Despite Kipling's popularity as an author and his standing as a politically controversial figure, much of his work has remained relatively unexamined due to its characterization as children's literature. Sue Walsh challenges the apparently clear division between children's and adult literature and poses important questions about how these strict categories have influenced critical work on Kipling and on literature in general. For example, why are some of Kipling's books viewed as children's literature and what critical assumptions does this label produce? Why is it that *Kim* is viewed by critics as transcending attempts at categorization? Using Kipling as a case study, Walsh discusses texts such as *Kim*, *The Jungle Books*, *The Just So Stories*, *Puck of Pook's Hill*, and *Rewards and Fairies*, re-evaluating earlier critical approaches and offering fresh readings of these relatively neglected works. In the process, she suggests new directions for postcolonial and childhood studies and interrogates the way biographical criticism on children's literature in particular has tended to supersede and obstruct other kinds of readings. *Documents* Boston (Mass.). School Committee, 1919

Rudyard Kipling Jan Montefiore, 2007 This thorough study initially discusses Kipling's ambivalent knowing attitude to unknowable otherness, his rhetorical imitations of Indian and demotic vernaculars, his work ethic and ideal of imperialist masculinity, thus contextualising the central discussion of his masterpiece *Kim*, which almost uniquely takes Indian otherness as a source of pleasure, not anxiety. **Kipling in India** Harish Trivedi, Janet Montefiore, 2020-12-23 This book explores and re-evaluates Kipling's connection with India, its people, culture, languages and locales through his experiences and his writings. Kipling's works attracted interest among a large section of the British public, stimulating curiosity in their far off Indian Empire and made many canonize him as an emblem of the Raj. This volume highlights the astonishing social and thematic range of his Indian writings as represented in *The Jungle Books*, *Kim*, his early verse, his Simla based tales of Anglo-Indian

intrigues and love affairs his stories of the common Indian people and his journalism It brings together different theoretical and contextual readings of Kipling to examine how his experience of India influenced his creative work and conversely how his imperial loyalties conditioned his creative engagement with India The 18 chapters here engage with the complexities and contradictions in his writings and analyse the historical and political contexts in which he wrote them and the contexts in which we read him now With well known contributors from different parts of the world including India the UK the USA Canada France Japan and New Zealand this book will be of great interest not only to those interested in Kipling s life and works but also to researchers and scholars of nineteenth century literature comparative studies postcolonial and subaltern studies colonial history and cultural studies

Victorian Quest Romance Robert Fraser,1998 This book views the Victorian quest romance genre in the light of debates within the then nascent sciences of Anthropology and Archaeology

In Time's eye Jan Montefiore,2016-05-16 Challenging received opinion and breaking new ground in Kipling scholarship these essays on Kipling s attitudes to the First World War to the culture of Edwardian England to homosexuality and to Jewishness bring historical literary critical and postcolonial approaches to this perennially controversial writer The Introduction situates the book in the context of Kipling s changing reputation and of recent Kipling scholarship After the perspectives of Chesterton 1905 Orwell 1942 and Jarrell 1960 newer contributions address Kipling s approach to the Boer war his involvement with World War One his Englishness and the politics of literary quotation Different aspects of Kipling s relation to India are explored including the Mutiny Eastern religions his Indian travel writings and his knowledge of the vernacular This collection whose contributors include Hugh Brogan Dan Jacobson Daniel Karlin and Bryan Cheyette is essential reading for academics and students of Kipling Victorian and Edwardian English literature and cultural history
