The Lady In The Looking Glass:

The Lady in the Looking-Glass Virginia Woolf, 2024-06-27 The Lady in the Looking Glass is a short story by Virginia Woolf first published in 1929 VIRGINIA WOOLF 1882 1941 was an English author With novels like Jacob s Room 1922 Mrs Dalloway 1925 To the Lighthouse 1927 and Orlando 1928 she became a leading figure of modernism and is considered one of the most important English language authors of the 20th century As a thinker with essays like A Room of One s Own 1929 Woolf has influenced the women s movement in many countries **The Lady in the Looking-glass** Virginia Woolf, 1929

The Cambridge Introduction to Virginia Woolf Jane Goldman, 2006-09-14 For students of modern literature the works of Virginia Woolf are essential reading In her novels short stories essays polemical pamphlets and in her private letters she explored questioned and refashioned everything about modern life cinema sexuality shopping education feminism politics and war Her elegant and startlingly original sentences became a model of modernist prose This is a clear and informative introduction to Woolf s life works and cultural and critical contexts explaining the importance of the Bloomsbury group in the development of her work It covers the major works in detail including To the Lighthouse Mrs Dalloway The Waves and the key short stories As well as providing students with the essential information needed to study Woolf Jane Goldman suggests further reading to allow students to find their way through the most important critical works All students of Woolf will find this a useful and illuminating overview of the field The Complete Shorter Fiction of Virginia Woolf Virginia Woolf, 1989

Contains forty five selections of her short stories and sketches presented chronologically **Virginia Woolf** Ralph Freedman, 1980-01-01 *Hieroglyphic Modernisms* Jesse Schotter, 2018-01-15 Explores the transformative reign of the Catholic King James VII and the revolution that brought about his fall **Virginia Woolf and the Aesthetics of Vision**

Claudia Olk, 2014-08-19 The category of vision is significant for Modernist texts as well as for the unfolding discourse of Modernism itself Within the general Modernist fascination with the artistic and experimental possibilities of vision and perception this study looks at Virginia Woolf s novels and her critical writings and examines the relation between visuality and aesthetics An aesthetics of vision as this study argues becomes a productive principle of narrative The visual is not only pertinent to Woolf s processes of composition but her works create a kind of vision that is proper to the text itself a vision that reflects on the experience of seeing and renegotiates the relation between the reader and the text The study investigates key dimensions of aesthetic vision It addresses vision in the context of theories of aesthetic experience and identifies a semantics of seeing It analyses functions of symbolic materiality in the presentation of boundaries of perception modes of temporality and poetic potentialities In exploring the connections between vision and language it seeks to provide new perspectives for a reassessment of what occurs in Modernism s relation to vision *The Lady of Shalott in the Victorian Novel* Jennifer Gribble, 1983-12-01 **Trespassing Boundaries** K. Benzel, R. Hoberman, 2004-10-28 In Trespassing Boundaries ten contemporary Woolf scholars discuss a broad range of Woolf s short stories Despite being now easily

available these stories have not yet received the attention they deserve Complex yet involving they deserve to be read not only for the light they shed on the novels but in their own right as major contributions to the short fiction as a genre This volume places Woolf s short stories in the context of modernist experimentalism then explores them as ambitious attempts to challenge generic boundaries undercutting traditional distinctions between short fiction and the novel between experimental and popular fiction between fiction and nonfiction Collectively the essays suggest that Woolf s contribution to the short story is as important as her contribution to the novel *Reading Virginia Woolf* Julia Briggs,2006-06-14 The pleasure and excitement of exploring Virginia Woolf s writings is at the heart of this book by a highly respected Woolf critic and biographer Julia Briggs reconsiders Woolf s work from some of her earliest fictional experiments to her late short story *The Symbol* and from the most to the least familiar of her novels from a series of highly imaginative and unexpected angles Individual essays analyse Woolf s neglected second novel *Night and Day* and investigate her links with other writers Byron Shakespeare her ambivalent attitudes to Englishness and to censorship her fascination with transitional places and moments with the flow of time and its relative nature her concern with visions and revision and with printing and the writing process as a whole We watch Woolf as she typesets an extraordinarily complex high modernist poem *Hope Mirrlees s Paris* and as she revises her novels so that their structures become formally and even numerologically significant A final essay examines the differences between Woolf s texts as they were first published in England and America and the further changes she occasionally made after publication changes that her editors have been slow to acknowledge Julia Briggs brings to these discussions an extensive knowledge of Woolf both as a scholar and as an editor She records her findings and observations in a lively graceful and approachable style that will entice readers to delve further and more meaningfully into Woolf s work

Kew Gardens and Other Short Fiction Virginia Woolf,2022 Essential to Virginia Woolf s development as a novelist these short stories are among the most interesting and accomplished fictions she wrote **Temporalities of Modernism** Carmen Borbély,Erika Mihálycsa,Petronia Petrar,2023-03-22 *Temporalities of Modernism* gathers fourteen scholars whose contributions readdress the very tenets of modernism by approaching its multifaceted relationship with time in a series of fresh and original essays The contemporary energies behind the collection are rooted in the turbulence of the modernist age relativity irreversibility duration fragmentation contingency and the looming threat of the apocalyptic future The collection includes geographical areas often neglected by the habitual reduction of modernist studies to English speaking literary high modernism or to the concentration of famous figures in the traditional capital of modernism Paris Thus it offers detailed presentations of Italian pre WWI modernism Czech Dadaism or of Polish Romanian and Hungarian writers and artists The borders also open in terms of genres and mediums as the contributions are not limited to fiction but examine the multifaceted productions of modernist artists poetry theatre painting music cinema photography etc In addition the limits are temporally stretched out as some contributions focus on more recent writers such as Sylvia Plath and their reactivation of

modernist discoveries *Modernism, Postmodernism, and the Short Story in English* ,2012-01-01 How can the short story help to redefine modernism postmodernism and their interrelationship What is the status of the short story in modern literary history These are the central questions that the essays collected in this volume try to answer from different perspectives through readings of short fiction in English and accounts of the genre s theorisations The essays by a group of international scholars tackle theoretical issues that are central in approaches to both movements such as periodisation autonomy high vs popular literature totality vs fragmentation surface vs depth otherness representation and above all the subject and its vicissitudes Because it blends theory based arguments into the approaches to the short fiction of mainly canonical authors Joyce Woolf Lewis Ballard Carter Rushdie or Wallace Modernism Postmodernism and the Short Story in English is of interest not only to readers and scholars of the short story but also to those coming from the fields of literary theory and literary history *Biofiction and Writers' Afterlives* Bethany Layne,2020-06-25

The twelve essays collected in this work explore the afterlives of nineteenth and twentieth century writers in biographical fiction or biofiction and its sister genre the biopic The essays situate these genres in relation to their generic cultural and ideological contexts and are organised into four groups The first locates the origins of biofiction in the historical novel and in Modernist experiments in life writing while the second consists of case studies of biofiction about writers from the long nineteenth century Charlotte Bront Henry James Constance Fenimore Woolson and Rupert Brooke A guest essay by novelist Maggie Gee opens the third group which analyses the fertile sub genre of biographical novels about Woolf while the fourth and final part of the book concerns the related genre of the biopic The volume is comprised entirely of original commissions whose authors include postgraduate students practitioners and specialists in biographical writing It will appeal to undergraduates and postgraduates on life writing and contemporary literature modules as well as fans of the featured biographical novelists and their subjects *The Lady and the Poet* Michael Campbell,2007-04 Save me oh save me I m all out of dreams Walking through Heaven s zone on 25th Street Cars are the fashion parading under neon lights Faces through tinted glass tell their stories of life You stare you frown and swear and I smile back at you Billions of stars will fall before the night is through South of Main and Hollywood is 25th Street Liquid gold in glasses is always in our reach You can soar for days and days because the magic is good Feel the fire in our veins we re the joke of the neighborhood I search to find a place to bury my head Deep within my thoughts on the night edge Lovers sending messages through crystal eyes Passing the sights unknown we want to ask Give me another shot of that whiskey man Fill up my dreamer s glass with my only friend South of Main and Hollywood is 25th Street Liquid gold in glasses is always in our reach You can soar for days because the magic is good Feel the fire in our veins we re the joke of the neighborhood

Liminality and the Short Story Jochen Achilles,Ina Bergmann,2014-12-05 This book is a study of the short story one of the widest taught genres in English literature from an innovative methodological perspective Both liminality and the short story are well researched phenomena but the combination of both is not frequent This book discusses the relevance of the concept

of liminality for the short story genre and for short story cycles emphasizing theoretical perspectives methodological relevance and applicability Liminality as a concept of demarcation and mediation between different processual stages spatial complexes and inner states is of obvious importance in an age of global mobility digital networking and interethnic transnationality Over the last decade many symposia exhibitions art and publications have been produced which thematize liminality covering a wide range of disciplines including literary geographical psychological and ethnicity studies Liminal structuring is an essential aspect of the aesthetic composition of short stories and the cultural messages they convey On account of its very brevity and episodic structure the generic liminality of the short story privileges the depiction of transitional situations and fleeting moments of crisis or decision It also addresses the moral transgressions heterotopic orders and forms of ambivalent self reflection negotiated within the short story s confines This innovative collection focuses on both the liminality of the short story and on liminality in the short story **The Mulberry Bush** Sylvia Lynd,1925

Virginia Woolf: The Frames of Art and Life C. Ruth Miller,1988-11-24 An attempt to illuminate Virginia Woolf s aesthetic by providing an original thoery regarding her use of the random frames provided by life Her novels are shown to use windows thresholds mirrors and less directly rooms to frame scenes which chart the border between life and art The Golden Book Magazine ,1928 *Virginia Woolf and the World of Books* Nicola Wilson,Claire Battershill,2018-09-27 A celebration of the centenary of the founding of Leonard and Virginia Woolf s Hogarth Press
