The Lazy Intellectual Maximum Knowledge Minimal Effort:

The Lazy Intellectual Richard J Wallace, 2010-09-18 It's a small attention span world out there and not everyone's interested in paging through lengthy tomes to deepen their intellect. They want their information. And they want it now. This book fills that void next to the recliner as they go to reference whenever work conversations or bar trivia have you feeling stupid. The top ten academic subjects are broken into digestible pieces such as Fast Facts, One liners that deliver important information, Repeatable Quotables, Smart words by smart people to make readers look smart by repeating, Visual Aids, Graphs, charts and tables for when even a few words are way too much, Cheat Sheets, Chapter ending recaps that reinforce the major points to take away. Whether they want an answer to a biology question or to brush up on their Spanish during a commercial break, this book is perfect for people who couldn't bother paying attention the first time. Emotions, Everyday Life and Sociology Michael Hviid Jacobsen, 2018-07-11 This volume explores the emotions that are intricately woven into the texture of everyday life and experience. A contribution to the literature on the sociology of emotions, it focuses on the role of emotions as being integral to daily life, broadening our understanding by examining both core emotions and those that are often overlooked or omitted from more conventional studies. Bringing together theoretical and empirical studies from scholars across a range of subjects including sociology, psychology, cultural studies, history, politics, and cognitive science, this international collection centres on the everydayness of emotional experience. *Land and Freedom* Joseph Dana Miller, 1918 **The Single Tax Review**, 1918 *Single Tax Review*, 1918 **The Mathematics Teacher**, 1923 *The Sex of Knowing* Michèle Le Doeuff, 2013-10-18 First published in 2003, Routledge is an imprint of Taylor & Francis, an information company.
