The Life And Times Of The Thunderbolt Kid:

The Life and Times of the Thunderbolt Kid Bill Bryson, 2010-04-30 From one of the most beloved and bestselling authors in the English language a vivid nostalgic and utterly hilarious memoir of growing up in the middle of the United States in the middle of the last century A book that delivers on the promise that it is laugh out loud funny Some say that the first hints that Bill Bryson was not of Planet Earth came from his discovery at the age of six of a woollen jersey of rare fineness Across the moth holed chest was a golden thunderbolt It may have looked like an old college football sweater but young Bryson knew better It was obviously the Sacred Jersey of Zap and proved that he had been placed with this innocuous family in the middle of America to fly become invisible shoot guns out of people s hands from a distance and wear his underpants over his jeans in the manner of Superman Bill Bryson s first travel book opened with the immortal line I come from Des Moines Somebody had to In this hilarious new memoir he travels back to explore the kid he once was and the weird and wonderful world of 1950s America He modestly claims that this is a book about not very much about being small and getting much larger slowly But for the rest of us it is a laugh out loud book that will speak volumes especially to anyone who has ever been young

The Life and Times of the Thunderbolt Kid Bill Bryson, 2015-11-05 Bill Bryson e tm s first travel book opened with the immortal line e I come from Des Moines Somebody had to e tm In this deeply funny and personal memoir he travels back in time to explore the ordinary kid he once was in the curious world of 1950s Middle America It was a happy time when almost everything was good for you including DDT cigarettes and nuclear fallout This is a book about one boy e tm s growing up But in Bryson e tm s hands it becomes everyone e tm s story one that will speak volumes e especially to anyone who has ever been young

The Life and Times of the Thunderbolt Kid Bill Bryson, 2007 Some say that the first hint that Bill Bryson was not of Planet Earth came when his mother sent him to school in lime green Capri pants Others think it all started with his discovery at the age of six of a woollen jersey of rare fineness In his funny memoir he travels back in time to explore the ordinary kid he once was

LIFE AND TIMES OF THE THUNDERBOLT KID. Bill Bryson, 2006 *The Life and Times of the Thunderbolt Kid* by Bill Bryson Llewellyn Johns, 2008 Quicklet on Bill Bryson's The Life and Times of the Thunderbolt Kid

- A Memoir (CliffNotes-like Summary) Becki Chiasson, 2012-02-24 ABOUT THE BOOK Growing up was easy It required no thought or effort on my part It was going to happen anyway So what follows isn t terribly eventful I m afraid And yet it was by a very large margin the most fearful thrilling interesting instructive eye popping lustful eager troubled untroubled confused serene and unnerving time of my life So begins *The Life and Times of the Thunderbolt Kid* which was published in 2006 It was a departure from Bill Bryson s earlier books His previous work *A Short History of Nearly Everything* a book about science written for the average Joe had taken a lot out of him and he wanted to work on something easier Bryson told the Guardian I promised my wife I would do a book I could stay at home to do and I promised my publisher that I would do something more amusing that would corral back the core of my readership some of whom doubtless were slightly appalled

and alienated by A Short History And also purely in a selfish way I wanted to do a book that I wouldn't have to do a lot of hard thinking and research about I did miss writing humorous things

MEET THE AUTHOR Becki Chiasson is a Baltimore based writer who received her BS in Mass Communications from Towson University Although she spent some time in New York as a crossword puzzle editor she returned to her hometown in Maryland in 2010 to focus on writing Her favorite topics include video games and women's issues When she's not busy writing up a storm she crochets plays video games and bakes

EXCERPT FROM THE BOOK The Life and Times of the Thunderbolt Kid centers on Bryson's life as a young child in Des Moines Iowa during the 1950s and follows Bryson through puberty The plot is less of a structured narrative and more of a series of loosely related humorous anecdotes about growing up during happier simpler times A central conceit to the book is the idea that Bryson was the Thunderbolt Kid a superhero who could make his enemies usually people Bryson deemed to be morons disappear in a flash of light by casting a withering stare at them This superpower is presented in all seriousness although it is rather doubtful that it ever happened The first time Bryson used his superpower he was six years old He was at a diner with his mother and discovered to his great chagrin that the ancient looking man next to him had been drinking out of Bryson's water glass Worse still the man had been eating poached eggs which Bryson positively despised Bryson freaked out gagging and the man only laughed having no remorse at all When he turned to leave as he reached out to open the door bolts of electricity flew from my wildly dilated eyes and played over his body He shimmered for an instant contorted in a brief silent rictus of agony and was gone It was the birth of ThunderVision The world had just become a dangerous place for morons Buy a copy to keep reading

Summary of Bill Bryson's The Life and Times of the Thunderbolt Kid Everest Media, 2022-07-24T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1

Isometrics is a form of exercise that involves using any unyielding object and pushing against it with all your might from different positions to tone and strengthen different groups of muscles It was popular in the 1950s but my father was a sportswriter for The Des Moines Register and so he would do isometrics on airplanes to travel to Major League cities

2 In the 1950s America was the richest country in the world The Czekalinski family of Cleveland Ohio was shown in a magazine two weeks before my birth surrounded by the two and a half tons of food that a typical blue collar family ate in a year

3 People were happy because they could have things they had never dreamed of having They looked forward to the future and many were excited about the small enrichments available right now

4 My father who was a sports columnist for the Des Moines Register would go to the World Series every year for nearly forty years from 1945 until his retirement It was the high point of his working year He would witness many memorable moments of baseball history and he always seemed to be there when something significant occurred

an explosion of worldwide rapture and instantly became the most famous person on the planet Meanwhile the titanically talented Babe Ruth was beginning his assault on the home run record which would culminate on September 30 with his sixtieth blast one of the most resonant and durable records in sports history In between those dates a Queens housewife named Ruth Snyder and her corset salesman lover garroted her husband leading to a murder trial that became a huge tabloid sensation Alvin Shipwreck Kelly sat atop a flagpole in Newark New Jersey for twelve days a new record The American South was clobbered by unprecedented rain and by flooding of the Mississippi basin a great human disaster the relief efforts for which were guided by the uncannily able and insufferably pompous Herbert Hoover Calvin Coolidge interrupted an already leisurely presidency for an even more relaxing three month vacation in the Black Hills of South Dakota The gangster Al Capone tightened his grip on the illegal booze business through a gaudy and murderous reign of terror and municipal corruption The first true talking picture Al Jolson s *The Jazz Singer* was filmed and forever changed the motion picture industry The four most powerful central bankers on earth met in secret session on a Long Island estate and made a fateful decision that virtually guaranteed a future crash and depression All this and much much more transpired in that epochal summer of 1927 and Bill Bryson captures its outsized personalities exciting events and occasional just plain weirdness with his trademark vividness eye for telling detail and delicious humor In that year America stepped out onto the world stage as the main event and *One Summer* transforms it all into narrative nonfiction of the highest order
