Saint Francis of Assisi Wyatt North,2014-07-02 St Francis s call is a call to return to the basics of Christianity It is a call to Christians to reach back to their roots so that their spiritual lives can draw strength from the pure waters of the Gospel instead of being choked by manmade traditions and worldly concerns In the words of G K Chesterton the coming of Francis marked the moment when men could be reconciled not only to God but to nature and most difficult of all to themselves his whole function was to tell men to start afresh and in that sense to tell them to forget 124 While St Francis of Assisi is one of the most beloved saints in history the relevancy of St Francis for our times in light of the election of Pope Francis has yet to be explored This book is written with the intention of filling that gap While it is biographical in nature it also freely explores themes that relate to St Francis but are not a part of his life This book is about more than the life of St

The Life and Legends of Saint Francis of Assisi Candide Chalippe,2018-09-20 Reproduction of the original The Life and Legends of Saint Francis of Assisi by Candide Chalippe [The Life and Legends of Saint Francis of Assisi](#) St Francis of Assisi,Father Candide Chalippe,2015-11-19 Alongside St Ignatius who founded the Jesuits St Francis of Assisi is widely regarded as one of the most venerated saints in the Catholic Church due to his work establishing religious Orders that have done an incalculable amount of good and service for societies Like St Ignatius St Francis also got his start as a soldier who experienced a vision that put him on a more divine path St Francis eventually became a pillar of the Church both living in poverty to assist those in greatest need and in establishing the Franciscan Order the Order of Poor Clares an enclosed order for women and the Third Order of Brothers and Sisters of Penance Near the end of his life he became the first person recorded in history to bear the stigmata the Passion wounds that Christ suffered in crucifixion which only added to his ultimate aura and legacy To say that the writings of St Francis reflect his personality and his spirit is but another way of saying that they are at once formidably mystic and exquisitely human that they combine great elevation of thought with much picturesqueness of expression This twofold element which found its development later on in the prose of mystics like St Bonaventure and in the verse of poets like Jacopone da Todi and which has ever been a marked characteristic of Franciscan ascetic literature leads back to the writings of the Founder as to the humble upper waters of a mighty stream St Francis had the soul of an ascetic and the heart of a poet His unbounded faith had an almost lyric sweetness about it his deep sense of the spiritual is often clothed with the character of romance This intimate union of the supernatural and the natural is nowhere more strikingly manifested than in the writings of St Francis
