A Look at Kenneth Patchen's The Journal of Albion Moonlight Anne Edwige Lourie, 1967 **Kenneth Patchen's The Journal of Albion Moonlight** Richard G. Morgan, 1976 **The Journal of Albion Moonlight. (Fifth Edition.)**. Kenneth Patchen, 1946 *Sample//Journal of Albion Moonlight* Kenneth Patchen, 2010-08-30 sample book [Journal of Albion Moonlight](#) Kenneth Patchen, 1961 **The Existential Labyrinth** Robert Francis Mark Schlada, 1973 **Twenty Years of French Literary Criticism** Freeman G. Henry, 1994 *A Literate Passion* Anaïs Nin, Henry Miller, 1987 The intimacy between Nin and Miller first disclosed in Henry and June is documented further in this impassioned exchange of letters between the two controversial writers **Something to Say** William Carlos Williams, 1985 *Something to Say* William Carlos Williams on Younger Poets collects all of Williams known writings reviews essays introductions and letters to the editor on the two generations of poets that followed him from Kenneth Rexroth and Louis Zukofsky to Robert Lowell and Allen Ginsberg What might have been a random collection of occasional pieces achieves remarkable coherence from the singleness of Williams poetic vision his belief that the secret spirit of ritual of poetry was trapped in restrictive molds and if these could be broken the spirit would be able to live again in a new contemporary form Only a revived clarity and accuracy in sight and expression would enable the modern world to reform social order which Williams saw in complete disarray To resuscitate American Poetry Williams concentrated his efforts on the purification of poetic speech his American idiom and on remaking the poetic line in a new measure his variable foot And while his battles with his contemporaries on these issues could be heated he was always a nurturing father to the young a useful presence a model and a liberator He told Ginsberg to pare down and economize Roethke to open up and encouraged Lowell and Levertov to shake off poetic conventions But in all his emphasis on the poem as a made object of concrete physicality or as a field of action he would return again and again to this basic advice to young writers The only thing necessary is to have something to say when at last the opportunity comes to say it **Through the Looking Glass** Richard H. Brown, 2019 *Through the Looking Glass* examines John Cage's interactions and collaborations with avant garde and experimental filmmakers and in turn seeks out the implications of the audiovisual experience for the overall aesthetic surrounding Cage's career As the commercially dominant media form in the twentieth century cinema transformed the way listeners were introduced to and consumed music Cage's quest to redefine music intentionality and expression reflect the similar transformation of music within the larger audiovisual experience of sound film This volume examines key moments in Cage's career where cinema either informed or transformed his position on the nature of sound music expression and the ontology of the musical artwork The examples point to moments of rupture within Cage's own consideration of the musical artwork pointing to newfound collision points that have a significant and heretofore unacknowledged role in Cage's notions of the audiovisual experience and the medium specific ontology of a work of art

Victory City John Strausbaugh, 2018-12-04 From John Strausbaugh author of *City of Sedition* and *The Village* comes the definitive history of Gotham during the World War II era New York City during World War II wasn't just a place of servicemen politicians heroes G I Joes and Rosie the Riveters but also of quislings and saboteurs of Nazi Fascist and Communist sympathizers of war protesters and conscientious objectors of gangsters and hookers and profiteers of latchkey kids and bobby soxers poets and painters atomic scientists and atomic spies While the war launched and leveled nations spurred economic growth and saw the rise and fall of global Fascism New York City would eventually emerge as the new capital of the world From the Gilded Age to VJ Day an array of fascinating New Yorkers rose to fame from Mayor Fiorello La Guardia to Franklin and Eleanor Roosevelt Langston Hughes to Joe Louis to Robert Moses and Joe DiMaggio In *Victory City* John Strausbaugh returns to tell the story of New York City's war years with the same richness depth and nuance he brought to his previous books *City of Sedition* and *The Village* providing readers with a groundbreaking new look into the greatest city on earth during the most transformative and costliest war in human history *The Woman on the Bridge Over the Chicago River* Allen R. Grossman, 1979 *The Woman on the Bridge over the Chicago River* is Allen Grossman's first collection with New Directions His voice is astonishingly contemporary his often dissociated imagery bordering on the surreal yet one hears in his verse classical and Biblical echoes and on occasion darker medieval undertones The brilliance of his imagination works against a measured eloquence setting up a fine edged tension not unlike the prophetic verse of William Blake the wild dithyrambs of David or the more controlled metrics of Catullus and Villon **Exile** Robert Nichols, 1979 With *Exile* Robert Nichols concludes his innovative utopian tetralogy *Daily lives in Nghsi Altai* Thus far we have peered at this imaginary central Asian land through the eyes of exploring Westerners and the inhabitants themselves learning the ways of both city dwellers and country folk **Josephine, the Mouse Singer** Michael McClure, 1980 *Josephine* a mouse takes a vow of celibacy in order to devote all her time to her art singing **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1978 *The Most Typical Avant-Garde* David James, 2005-05-30 Los Angeles has nourished a dazzling array of independent cinemas avant garde and art cinema ethnic and industrial films pornography documentaries and many other far flung corners of film culture This glorious panoramic history of film production outside the commercial studio system reconfigures Los Angeles rather than New York as the true center of avant garde cinema in the United States As he brilliantly delineates the cultural perimeter of the film business from the earliest days of cinema to the contemporary scene David James argues that avant garde and minority filmmaking in Los Angeles has in fact been the prototypical attempt to create emancipatory and progressive culture Drawing from urban history and geography local news reporting and a wide range of film criticism James gives astute analyses of scores of films many of which are to found only in archives He also looks at some of the most innovative moments in Hollywood revealing the full extent of the cross fertilization that occurred between the studio system and films created outside it Throughout he demonstrates that Los Angeles has been in the

aesthetic and social vanguard in all cinematic periods from the Socialist cinemas of the early teens and 1930s to the personal cinemas of psychic self investigation in the 1940s to attempts in the 1960s to revitalize the industry with the counterculture's utopian visions and to the 1970s when African Americans Asian Americans Latinos women gays and lesbians worked to create cinemas of their own James takes us up to the 1990s and beyond to explore new forms of art cinema that are now transforming the representation of Southern California's geography
