

The background of the slide is a photograph of a dirt path that curves through a wooded area. The path is light brown and appears to be made of dirt and small stones. On either side of the path, there are trees with green leaves and some bare branches, suggesting a late autumn or early spring setting. The lighting is soft, and the overall atmosphere is quiet and natural.

**The Journey: Life Perspectives from the Eyes of Hunter Nixon** Hunter Nixon, 2014-11-08 Do you ever feel like you're out of steam Do you sometimes wonder if you have what it takes Have you been asking yourself what it might look like to partake in your own personal adventure adding color to your life and the lives of those around you If you've answered yes to any of these questions read and be inspired by the wise words of Hunter Nixon *Savage Journey* Peter Richardson, 2023-04-25 A superbly crafted study of Hunter S Thompson's literary formation achievement and continuing relevance *Savage Journey* is a supremely crafted study of Hunter S Thompson's literary formation and achievement Focusing on Thompson's influences development and unique model of authorship *Savage Journey* argues that his literary formation was largely a San Francisco story During the 1960s Thompson rode with the Hell's Angels explored the San Francisco counterculture and met talented editors who shared his dissatisfaction with mainstream journalism Peter Richardson traces Thompson's transition during this time from New Journalist to cofounder of Gonzo journalism He also endorses Thompson's later claim that he was one of the best writers using the English language as both a musical instrument and a political weapon Although Thompson's political commentary was often hyperbolic Richardson shows that much of it was also prophetic Fifty years after the publication of *Fear and Loathing in Las Vegas* and more than a decade after his death Thompson's celebrity continues to obscure his literary achievement This book refocuses our understanding of that achievement by mapping Thompson's influences probing the development of his signature style and tracing the reception of his major works It concludes that Thompson was not only a gifted journalist satirist and media critic but also the most distinctive American voice in the second half of the twentieth century *Victorian Ecocriticism* Dewey W. Hall, 2017-10-16 *Victorian Ecocriticism: The Politics of Place and Early Environmental Justice* aims to take up the challenge that Lawrence Buell lays out in *The Future of Environmental Criticism: Environmental Crisis and Literary Imagination* 2005 Buell decries For in order to bring environmental justice into ecocriticism a few more articles or conference sessions won't suffice There must be a fundamental rethinking and reworking of the field as a whole Buell 113 While discussions about nature conservation and preservation have been important within the context of ecocriticism Buell asserts that the holy grail for the field is actually how literary critics engage in discourse about questions of place as space humanized for the purpose of tracing disclosing and advancing the important issue of environmental justice as it applies to human beings animals and plants The fundamental reworking or shift in the field of Victorian Studies really has to do with the dearth of ecocritical publishing about seminal authors and literary texts *Victorian Ecocriticism* aims to participate in filling that vacuum lack or lacuna by featuring current research about the Victorian era from an ecocritical perspective *Victorian Ecocriticism* hopes to identify establish and organize its content based on six themes Ecocriticism Ecofeminism Ecogothicism Ecohistoricism Ecotheology and Ecological Interdependence The edited collection thus has two aims First selected places among others featured in the edition will

provide environmental contexts often with political implications American rural landscape e g Walden Pond Australian mines British hill country metropolis mill towns the sea and the woods Second the edition includes discussions about various instances of early environmental justice evident during the mid nineteenth century such as but not limited to anti railway campaigns biological egalitarianism labor disputes due to adverse working conditions patterns of displacement reactions to Victorian scientism resistance to enclosure and working class education Victorian Ecocriticism is an interdisciplinary edition It focuses on Victorian literature as the foundational discipline linked to various disciplines such as ecology evolutionary biology natural history and soil science The topics are wide ranging significant and contemporary discussing the politics of place as well as early environmental justice
