The Complete Kama Sutra, 1994-01-01 This definitive volume is the first modern translation of Vatsyayana's Kama Sutra to include two essential commentaries the Jayamangala of Yashodhara and the modern Hindi commentary by Devadatta Shastri Alain Danilou spent four years comparing versions of the Kama Sutra in Sanskrit Hindi Bengali and English drawing on his intimate experience of India to preserve the full explicitness of the original I wanted to demystify India he writes to show that a period of great civilization of high culture is forcibly a period of great liberty

Between Joseph R. Lallo, 2016-11-10. Between is a new sci-fi fantasy adventure from the mind behind The Book of Deacon, Free Wrench and Big Sigma. Philo Middleton wasn't having a very good day. It began with him waking up strapped to a chair inside a strange high-tech chamber. His mind was wiped clean, even his own name unfamiliar to him. And yet somehow things went sharply downhill from there. After being collected by Rill, a three-headed sea serpent with a curious set of dispositions, he learned he had somehow found his way to a

place known by its many displaced residents as The Between It wasn't so much a location as a lack of location Time did not exist there The concepts of direction distance and gravity were subjective at best Worst of all with laws of physics dictated largely by whim science and technology were nearly worthless Those with a mind for magic held all the power and those unfortunate science types They did what they were told Philo was quickly joined by a cast of characters unified only in their desires to survive and one day return to their homes Along with Rill he soon found himself either aligned or at odds with creatures like Trixie the mechanically inclined demon Mr Stubbs the scheming hobgoblin and the vampiric Duke They worked as the all purpose henchmen known as fetchers for the adorably nefarious Overseer If he wanted to survive Philo would have to find a way to make himself useful and if he wanted to escape he would have to find people he could trust Too bad the only thing rarer than a useful science type was a trustworthy fetcher Hopscotch with the Devil Lori
