been a certain King Kenny Yet Liverpool were still owned by Tom Hicks and George Gillett who were certainly not a safe pair of hands as under their stewardship Liverpool FC came dangerously close to the brink of administration Oliver Smith cuts through the broken promises the bluster and the red tape to provide a scintillating account of the events that could have wrecked Liverpool FC forever With the stunning purchase of Liverpool FC by John W Henry s New England Sports Ventures NESV Oliver was finally able to detect a little bit of that golden sky so promised by the Kop s famous anthem However with Liverpool FC having the worst start to the season since the 50s with an accompanying drop into the Premier League relegation zone more drama was to come culminating in the crowning of a legendary Anfield hero as King Eyes of Eagles William W.
