The Lesson Of The Master And Other Stories English Edition:

Outlook Alfred Emanuel Smith, Francis Walton, 1881 **Philip Roth Considered** Steven Milowitz, 2015-12-22 This book comprehensively surveys Philip Roth's published and unpublished works focusing on the thematic unity which binds them together: the memory of the Holocaust and the altered universe born of that memory. The Holocaust is understood as the orienting event for Roth's fiction and non-fiction; the force that surrounds the characters and the narratives at all times. Roth's obsession with questions of the Holocaust—questions of responsibility, meaning, and powerlessness—explains his recurring discussion of entrapment, dehumanization, nihilism, guilt, and coercion. The concentrationary universe of the title is defined in this work as not only the universe of camps but also the universe that exists after the devastation. Moral and philosophical norms are revoked in this new world. Roth's early works are presented on a desolate landscape. The introduction explicates this landscape specifically by invoking an early play of Roth's, a play which is set in a Jewish ghetto during the Holocaust. This unpublished work introduces the historical period that shapes the visions of Roth's future protagonists. The next three chapters study Roth's relentless excavation of the dilemmas of fathers, mothers, authority figures, and the inner discord of need and purpose. These seemingly quotidian problems are exacerbated and intensified by the Holocaust's shadowy presence. No relationship, no effort at fulfillment, no action is untempered by history in Roth's varied fictions. Chapters four and five look directly at Roth's allusions to the Holocaust. They explore through each of Roth's works how the Holocaust thematic—the play of ideology and nihilism and the Holocaust pattern—the idea of the past encroaching upon the present—works through Roth's career, informing his readers not only of his fascination with the Holocaust but of his particularly human way of dealing with it. The last chapter briefly summarizes the findings of the previous chapter and connects Roth's specific concentrationary universe to the larger world. The linguistic clues of Roth's novels are revealed and investigated, pointing to Roth's celebration of ambiguity and individuality as parts of an imperfect formula for writing and living in the debased aftermath of the Holocaust.

The Figure in the Carpet and Other Stories Henry James, 2007-12-06 The stories in this collection were written mostly between 1888 and 1897 a time when Henry James's writing was concerned with the art of fiction and the position of the artist in society The motif and title story *The Figure in the Carpet* is an inspired joke a masterpiece of double entendre that demands the reader's undivided love and attention and continues to baffle its critics Also included are *The Author of Beltraffio* an absorbing story of family infighting authorship and tragedy and *The Private Life* a spirited tale that considers the contrast between the artist alone and at work While many of these stories appear to be elaborate Jamesian games all employ irony and humour to allegorize artistic creation
