Staff,2010 **Ethics for the Young Mind** Jerome S. Allender,Donna Sclarow

Allender, 2015-11-17 *Ethics for the Young Mind* is both a curriculum and a story. This book is designed to assist teachers and parents in their endeavors to educate young people about behaving ethically. Messy ethics, practical applications, and teaching ethics are the main topics. The book begins with a focus on right versus wrong and moves on to an exploration of combining rules with compassion. The authors explore what happens when right confronts a conflicting right and the hard work of a meaningful ethical classroom discussion. The practical applications provided in the book demonstrate how to stop bullying before the social fabric of a community breaks down. Offering vivid classroom and real life examples, the book works through the challenges and rewards of creating ethical classrooms and other communities even at home. The authors address global concerns and the overall need for adolescents to develop a work ethic to have success in creating an ethical community.

Beyond Early Writing David Waugh, Adam Bushnell, Sally Neaum, 2025-02-28. This essential text for primary trainees and teachers examines the key skill of writing beyond the earliest school years. Teaching writing involves much more than simply teaching the mechanics of spelling, grammar, and punctuation, important though these are. There are particular issues around writing in school, including the fact that children's writing consistently lags behind their reading in external tests such as SATs, boys' relative lack of success, and teachers' lack of confidence in modelling writing. This book addresses these topics as well as focusing on other pertinent practice issues such as working with proficient writers, engaging disengaged writers, and working with children who have EAL and SEN. *The Church School and the Sunday-school Normal Guide* John Heyl Vincent, 1889. Mapping Comprehensive Units to the ELA Common Core Standards, K-5 Kathy Tuchman Glass, 2012-04-26. Consultant and former teacher Glass helps K-5 teachers make sense of the new Common Core State Standards in English language arts/ELA and presents numerous classroom activities, differentiation ideas, and rubrics. She introduces a process for developing a unit of study using the ELA Common Core Standards and includes a template with each key component explained in detail. There is also a lesson design template and sample lessons using the template. The website provides reproducibles for classroom use. Annotation 2012 Book News Inc, Portland, OR, booknews.com.
