The Man Within:

The Man Within Graham Greene, 2018-05-15 The strikingly original debut novel by the masterful British author is a perfect adventure of love and smuggling on the English coast The Nation Francis Andrews is a reluctant smuggler living in the shadow of his brutish father's legacy To exorcise the ghosts of the man he loathes Andrews betrays his colleagues to authorities and takes flight across the downs It's here that he stumbles upon the isolated cottage of a beguiling stranger named Elizabeth an empathetic young woman who is just as lonely every bit the outsider as he and reconciling a troubling past of her own Andrews a man on the run from those he exposed believes he's found refuge and salvation But when Elizabeth encourages him to return to the courts of Lewes and give evidence against his accomplices the treacherous and deadly repercussions may be beyond their control The ultimate strengths of Graham Greene's books is that he shows us the hazards of compassion a theme that would find its earliest expression in *The Man Within* his first published novel Pico Iyer

Schweitzer George N. Marshall, David Poling, 2000 He was an accomplished organist and interpreter of Bach a crusader for world peace and a winner of the Nobel Peace Prize He made his philosophy of reverence for life an ethic for the world The hospital he founded in Lambaré is still in operation in present day Gabon is a model of what Europeans might have given to Africans throughout colonial history But above all Albert Schweitzer 1875 1965 was a talented and compassionate human being This biography probes beyond the timeworn image of Schweitzer as the old man in the pith helmet to reveal the philosopher scholar husband father humanitarian and liberal rebel in a conservative church

Graham Greene Robert O. Evans, 2021-05-11 This collection of fourteen essays by American and English scholars many of them hitherto unpublished and all of them selected with a view to avoiding the duplication of essays already familiar and available offers new testimony of the range and accomplishments of Graham Greene's talent The essays vary from considerations of general topics to critical analyses of single novels from a discussion of Greene as a writer of Christian tragedy to a witty irreverent assessment of The Power and the Glory The authors here are chiefly concerned with the novels though frequent allusions reveal something of the nature and importance of the entertainments and the travel books A number of the essayists focus upon Greene's commitment to the Roman Catholic faith and the definition it has given to his work As a writer he is shown to be preoccupied with a dual vision of human frailty and of God's saving grace a vision found by some to assert sin to the point of virtual heresy though it never loses sight of that mercy which may catch up a soul between the stirrup and the ground As one essay points out traces of this vision are to be found in Greene's earlier works as well as in his entertainments Greene's own particular bent as a Catholic writer is brought out by a comparison with François Maruic another essay is concerned with the tension that exists between the life of art and the life of sanctity Round out this presentation of Greene's accomplishments are discussions of his work in the drama the short story and as a motion picture critic Finally this collection is notable for its inclusion of the most comprehensive bibliography of Greene's work and the criticism of them yet published Graham Greene emerges from this composite judgment as a writer of consummate artistry who sees behind the façade the emptiness of a secular world
