The Jewish State How The Zionists Created The Jewish Ethnostate:

The Jewish State Theodor Herzl, 2014-04-14 Zionism is Jewish ethno nationalism in its purest form The creation of the state of Israel is the most successfully executed plan to create an ethnically homogenous territory in modern history As such it is worth of study by any group seeking its own ethnically based homeland This book written in 1896 by the founder of the Zionist movement and thereby the de facto founder of Israel lays out the plan and route by which Jewish statehood was achieved Herzl describes in detail how the state was justified how the Jews would go about managing the physical occupation of the territory and the logistical steps which had to be taken in order to achieve a Jews only state In these times of demographic change in the West those seeking a solution to the impending crisis facing European man will do well to study this plan No matter what the current problems of Israel may be the reality is that it is a Jewish homeland majority occupied by Jews and a basis from which that people will be able to survive whatever racial demographic invasion might swamp the West European survival will depend upon the creation of geographic territorial enclaves and this book tells how it can be done Significantly Herzl points out that anti Semitism would be one of the biggest push factors which would drive Jews to the Zionist state This is of bearing to Europeans given what will be the increasingly anti white nature of many of the multi racial Western states This book is more than a historical document It is a manual a guidebook for those seeking to create an ethno state It should be read by all those serious about creating such a haven for the increasingly beleaguered European people

Contents INTRODUCTION Theodor Herzl A BIOGRAPHY Preface Chapter I Introduction Chapter II The Jewish Question Chapter III The Jewish Company Chapter IV Local Groups Chapter V Society of Jews and Jewish State Chapter VI Conclusion The Ethnostate Wilmot Robertson, 2015 This seminal work on ethnonationalism lays out the practical and moral necessity for the creation of a European ethnostate either in America or Europe as the only way in which the European people and civilization can be saved from the imminent swamping of the First World by the Third This book does not deal with the OhowO of such a state is to be achieved but is rather focused on why it is necessary and what its structure should be After first properly enunciating the need for a smaller homogenous state Nas opposed to minority status in a large polyglot country Nhe delves into what should the preferred political structures economic systems educational standards moral and social norms the requirements of art and culture Nand almost every other facet of an organized society Genocide Bad Sim Kern, 2025-04-22 Part activist memoir part crash course in Jewish and Palestinian history Genocide Bad dismantles Zionist propaganda and maps a course towards collective liberation in ten unapologetic essays Part activist memoir part crash course in Jewish and Palestinian history Genocide Bad dismantles Zionist propaganda in ten unapologetic essays Drawing connections between Biblical promises and exploding pagers medieval dress codes and modern day apartheid Kern sketches a sweeping history of imperialism with their characteristic blend of far ranging research pop culture insights and scathing humor Kern a former teacher journalist novelist and book influencer gained international recognition as an anti Zionist Jewish activist in the days

after October 7th 2023 At a time when social media was flooded with I Stand with Israel posts Kern started sharing content encouraging their followers to read Palestinian books learn Palestinian history and question Western reporting on Palestine videos which went viral into tens of millions of views Despite facing hate messages death threats and exile from the Zionist Jewish community Kern has remained steadfast in their advocacy over the past year They've posted daily videos on Palestinian Jewish and colonial history and they've raised over 500 000 in direct aid for families in Gaza all while navigating the challenges of pregnancy childbirth and parenting a newborn In Genocide Bad Kern reflects on the life experiences that led them to anti Zionist activism while capturing and expanding upon their online educational content Kern doesn't flinch when confronting the horrors of genocides past and present but there is also tremendous hope contained in these pages hope that springs from examples of courage and resilience in the face of extreme violence and from the kinds of resistance that might just lead to our collective liberation

[An Anti-Zionist Path to Embodied Jewish Healing](#) Wendy Elisheva Somerson, PhD, 2025-05-13 Unapologetically anti Zionist and firmly rooted in Jewish spiritual values a liberatory model for Jewish healing Body based tools and faith based practices for processing trauma reclaiming our agency and building a world where never again means never again for anyone an accessible pathway for healing from historical trauma releasing it from our bodies and preventing it from being passed on to future generations This may well be the missing piece for breaking the pattern of violence undergirding Israeli apartheid and occupation Naomi Klein author of Doppelganger A Trip Into the Mirror World Dr Wendy Elisheva Somerson PhD shows how Jewish history lives in Jewish bodies and how antisemitism and oppression disrupt our access to safety dignity and belonging This unmetabolized trauma can lock us into a survival state that brings historical grief into the present moment and keep us from exploring critical questions that help us tend our legacies and live into a better world How does ancestral grief live on in our bodies and keep us from feeling safe and how is that fear enacted on other peoples How do we reconcile a history of persecution with the state power of Israel today Each chapter invites us back into the body exploring healing as a spiritual and political reclamation With skills based wisdom for trauma safety spiritually grounded intentions and resourcing ourselves for difficult conversations this book also helps readers understand Trauma and healing through our bodies Jewish longing belonging legacies of assimilation Healing shame of not being Jewish enough of being too much and of being complicit Embodied experiences of Jewish resilience ritual and grief Rooted in justice care and spiritual depth this book asks us to live into a Judaism beyond Zionism It invites us to heal toward liberation to reclaim Jewish faith and release Jewish identity from the colonial project of Israel in power skill and community

Ten Years Hard Labour Chris Williamson, 2022-08-03 For 42 years Chris Williamson was a Labour Party member In 2010 he was elected to Parliament to represent his home town However in 2019 he was unceremoniously suspended from the party after being subjected to a smear campaign and he later resigned in protest at the betrayal In this forensic memoir free of his Labourist clutches Williamson provides a unique ringside view As well as lifting the lid on the amateurish politics by

focus groups under Ed Miliband Williamson exposes some of the major events that created and deepened Labour's antisemitism crisis under Jeremy Corbyn In his mission to set the record straight on numerous misreported events Williamson names and shames the individuals on the left and the right whom he holds responsible for delivering his former party back into the hands of New Labourism under Sir Keir Starmer To understand the existential crisis facing socialists in Britain today Williamson's account of recent Labour history is indispensable **Bohemian Bolsheviks** Alan M.

Wald,2025-04-03 The rubric **Bohemian Bolsheviks** captures Alan Wald's sustained fascination with persistent contradictions between the image of Left political commitment and the actuality of experience especially in relation to cultural work and cultural workers Marxist political alignment engages a welter of intimate and biographical factors enriching the record of a varied history of fiction poetry literary criticism and other intellectual practices Exploring a field of study marked by enduring paradoxes of modernity this volume is a sharp reminder that historical narrative not only shapes our sense of the terrain under our feet but also the horizon in front of us **The Jewish State** Theodor Herzl,2017-08-09

Liberal civilisation is in crisis now is a time of monsters While the spotlight often shines on the actions of charismatic right wing leaders such as Donald Trump and Jair Bolsonaro defeating these people will not stem the tide behind them They are the embodiment of profound forces that are rarely understood With meticulous analysis and compelling storytelling Richard Seymour delves into the ideologies fueling the contemporary right and distorting modern politics into something abhorrent and nihilistic The battle against disaster nationalism is not just political it is a struggle for our collective soul and the future of civilization

No Neutrals There Jeff Schuhrke,2025-10-28 The definitive history of the US labor movement s complicity in Zionist settler colonialism and a call for today s labor militants to organize in solidarity with Palestinians US trade unionists are often told to keep quiet and remain neutral on Palestine because Palestine has nothing to do with unions and weighing in only distracts from struggles for better working conditions No Neutrals There makes a timely and critical intervention against that pervasive sentiment by recounting the history of the US labor movement s century long involvement in the struggle for Palestine Scholar Jeff Schuhrke convincingly demonstrates that unions in the United States have never been silent or neutral on the question of Palestine In fact they have played a key role in the initial Zionist colonization of Palestine the foundation of the Israeli state in 1948 supporting US foreign policy commitments to Israel and the ongoing suppression of the Palestinian liberation movement In his compelling telling of this history Schuhrke conclusively shows that US unions helped build and maintain the state of Israel and also shines a light on important exceptions to this rule instances of US labor solidarity with the Palestinian freedom struggle that point the way forward for today s labor movement *The Last Superhero The Fight for Palestine* Mark Urizar,2024-10-17 In this parallel world everything is the same except there are real superheroes Z is the last of this kind the last superhero who must decide how he can use his abilities to fight for truth and justice and uphold freedoms and rights This tale starts with Z searching for the truth of Gaza and Palestine Z soon realises there is wholesale deception lies and an underlying manipulated narrative that has made it unclear as to who is the real victim or terrorist As this tale unfolds it takes Z through the trial and tribulation of being complicit and part of the problem something we all must also face How can a superhero unleash justice when reality and truth have been manipulated How can justice prevail with so many lies that protect the livelihood of many and the interests of a false democracy The role of the superhero is to fight for rights overcome injustices and protect freedoms But coming from a Western society that itself is complicit with unfolding genocide what then becomes the role of the superhero Who then protects the innocent of a country that is persecuted by its people How can a superhero stop a forever conflict with its latest war These are some of the dilemmas faced by Z the last superhero who must decide what his role is in today s world This takes Z on a fascinating yet horrific human story that has integrated religion politics predictions and misgivings and exposes him to age old truths and a never ending drama **The Kenya Socialist Volume 7** Shiraz Durrani,2021-01-12 The year 2023 saw one of the latest genocides in modern times that of the people of Palestine by Israel People born in the last or this century find it difficult to understand how such genocides in the past were allowed to take place at all so barbarous an action this is Yet the current genocide continues unabated despite the millions of people around the world demanding an end to it This exposes the real nature of capitalism and imperialism It is in this situation that issue no 7 of The Kenya Socialist focuses on the Palestine Question Articles include The Palestine Question Claim to be Pan Africanist Until Everyone is Free Zionism and the Myth of Democracy The title of the Editorial is We are all Palestinians Another article examines why the struggle for Palestine is the struggle of working people worldwide

showing the class and imperialist background to the genocide The issue ends with solidarity statements from Kenyan organisations and a book review It carries a number of illustrations on the struggle

The Nation, 2003

Israelis in Conflict Adriana Kemp, Uri Ram, David Newman, Oren Yifta, 2014-06-01 Globalisation and increased cultural heterogeneity have had a major impact on states whose identity has been defined in terms of a single often socially constructed allegiance to the state and a single hegemonic ideology Nowhere are changing notions of identity more prevalent than in Israel a country whose dominant Western Jewish society has been subject to understanding their past and present in terms of a single ideology of state formation Zionism This book challenges some of the traditional analytical paradigms prevalent in Israeli social science for the past fifty years

Days of Awe Atalia Omer, 2019-05-21 For many Jewish people in the mid twentieth century Zionism was an unquestionable tenet of what it meant to be Jewish Seventy years later a growing number of American Jews are instead expressing solidarity with Palestinians questioning old allegiances to Israel How did that transformation come about What does it mean for the future of Judaism In Days of Awe Atalia Omer examines this shift through interviews with a new generation of Jewish activists rigorous data analysis and fieldwork within a progressive synagogue community She highlights people politically inspired by social justice campaigns including the Black Lives Matter movement and protests against anti immigration policies These activists she shows discover that their ethical outrage at US policies extends to Israel's treatment of Palestinians For these American Jews the Jewish history of dispossession and diaspora compels a search for solidarity with liberation movements This shift produces innovations within Jewish tradition including multi racial and intersectional conceptions of Jewishness and movements to reclaim prophetic Judaism Charting the rise of such religious innovation Omer points toward the possible futures of post Zionist Judaism

Visual Syntax of Race Noa Hazan, 2022-09-27 Analyzing the visual syntax and display rhetoric applied in newspaper photos national historical albums and museum exhibitions Noa Hazan shows that although racial thought was and still is verbally suppressed in Israel it is vividly present in its nonverbal official and public visual sphere The racist perspective of newspaper editors book publishers photographers and museum curators were morally justified in its time by such patronizing ideals as realistic news coverage or the salvation of Jewish heritage assets Although their perspectives played a dominant role in establishing a visual syntax of race in Israel they were not seen as racially discriminating at the time The racist motifs and actions are revealed here by colligating multiple cases into a coherent

narrative in retrospect This book points to a direct influence of the anti Semitic discourse in Europe toward Mizrahim in Israel highlighting the shared visual stereotypes used in both Europe and the fledgling state of Israel Engraved in their body these cultural traits were depicted and understood as racial biological qualities and were visually manipulated to silo Ashkenazim and Mizrahim in Israel as distinct racial types

Decolonizing Development and Religion Joerg Rieger, Sanjana Das, 2025-05-30 Discourses of development have been part of the modern world for good or for ill In the past various colonialisms have been justified by the notion of development but so have efforts to provide alternatives to colonization In this volume present day development and decolonial discourses are engaged together from a plurality of perspectives from various continents around the globe In the chapters that follow the work of junior and senior scholars enters into conversation around specific communities that exist in the tensions of traditional and capitalist economies and religions providing models of flourishing that produce alternatives to the prevalent neoliberal models of development that are wedded to neocolonial economic political and religious structures Part of a new series of volumes co published with the Council for World Mission s DARE Discernment And Radical Engagement programme

Friends of Israel Hilary Frances Ake, 2023-04-18 Is there such a thing as the Israel lobby and how powerful is it really Friends of Israel provides a forensically researched account of the activities of Israel s advocates in Britain showing how they contribute to maintaining Israeli apartheid The book traces the history and changing fortunes of key actors within the British Zionist movement in the context of the Israeli government s contemporary efforts to repress a rising tide of solidarity with Palestinians expressed through the Boycott Divestment and Sanctions BDS movement Offering a nuanced and politically relevant account of pro Israel actors strategies tactics and varying levels of success in key arenas of society it draws parallels with the similar anti boycott campaign waged by supporters of the erstwhile apartheid regime in South Africa By demystifying the actors involved in the Zionist movement the book provides an anti racist analysis of the pro Israel lobby which robustly rebuffs anti Semitic conspiracies Sensitively and accessibly written it emphasises the complicity of British actors both those in government and in civil society Drawing on a range of sources including interviews with leading pro Israel activists and Palestinian rights activists documents obtained through Freedom of Information requests and archival material Friends of Israel is a much needed contribution to Israel Palestine related scholarship and a useful resource for the Palestine solidarity movement

Boycott Theory and the Struggle for Palestine Nick Riemer, 2022-12-13 The academic boycott of Israel a branch of the pro Palestinian Boycott Divestment and Sanctions BDS campaign is one of the richest and most divisive topics in the politics of knowledge today In Boycott Theory and the Struggle for Palestine Nick Riemer addresses the most fundamental questions raised by the call to sever ties with Israeli universities and offers fresh arguments for doing so More than a narrow study of the boycott campaign the book details how academic BDS relates to a range of live controversies in progressive politics on questions such as disruptive protest silencing and free speech the real world consequences of intellectual work

the rise of the far right and the nature of grassroots campaigning Written for open minded readers the book presents the fullest justification for the academic boycott yet given considering BDS efforts on campuses around the world The opening chapters explore the fundamentals of the academic boycott campaign detailing the conditions on the ground in Palestinian and Israeli higher education and analyzing debates over the boycott and its adoption or resistance in the west The later chapters contextualize the boycott with respect to broader questions about the links between theory and practice in political change Directly rebutting the arguments of BDS s opponents Boycott Theory and the Struggle for Palestine demonstrates the political and intellectual soundness of a controversial and often misrepresented campaign In defending an original view of the differences between reflecting on politics and doing it in the specific context of the liberation of Palestine the book s arguments will have a resonance for many wider debates beyond the context of either universities or the Middle East

Safety through Solidarity Shane Burley, Ben Lorber, 2024-06-04 Two activist journalists present a progressive intersectional approach to the vital question What can we do about antisemitism Antisemitism is on the rise today From synagogue shootings by white nationalists to right wing politicians and media figures pushing George Soros conspiracy theories it s clear that exclusionary nationalist movements are growing By spreading division and fear they put Jews along with other marginalized groups and multiracial democracy itself at risk And since the outbreak of war in Gaza debates around antisemitism have become more polarized and high stakes than ever How can we stand in solidarity with Palestinians seeking justice while also avoiding antisemitism and resisting those who seek to conflate the two How do we forge the coalitions across communities that we need in order to overcome the politics of division and fear Using personal stories historical deep dives front line reporting and interviews with leading change makers Burley and Lorber help us break the current impasse to understand how antisemitism works what s missing in contemporary debates and how to build true safety through solidarity for Jews and all people
