

The Korean War

William Stueck

The Korean War:

The Korean War Bruce Cumings, 2011-07-12 A BRACING ACCOUNT OF A WAR THAT IS EITHER MISUNDERSTOOD FORGOTTEN OR WILLFULLY IGNORED For Americans it was a discrete conflict lasting from 1950 to 1953 But for the Asian world the Korean War was a generations long struggle that still haunts contemporary events With access to new evidence and secret materials from both here and abroad including an archive of captured North Korean documents Bruce Cumings reveals the war as it was actually fought He describes its origin as a civil war preordained long before the first shots were fired in June 1950 by lingering fury over Japan s occupation of Korea from 1910 to 1945 Cumings then shares the neglected history of America s post World War II occupation of Korea reveals untold stories of bloody insurgencies and rebellions and tells of the United States officially entering the action on the side of the South exposing as never before the appalling massacres and atrocities committed on all sides Elegantly written and blisteringly honest The Korean War is like the war it illuminates brief devastating and essential

The Korean War Carter Malkasian, 2014-06-06 The Korean War was a significant turning point in the Cold War This book explains how the conflict in a small peninsula in East Asia had a tremendous impact on the entire international system and the balance of power between the two superpowers America and Russia Through the conflict the West demonstrated its resolve to thwart Communist aggression and the armed forces of China the Soviet Union and the United States came into direct combat for the only time during the Cold War

The Korean War Steven Hugh Lee, 2013-12-02 Tens of thousands of US soldiers and untold millions of Koreans died in this war the first major arena of the East West conflict This concise international history of the war offers a new approach to its understanding tracing its origins and dynamics to the interplay between modern Korean history and twentieth century world history The narrative also uniquely examines the social history of the conflict and includes material on the newly racially integrated US fighting forces war and disease women and war and life in the Prisoner of War camps While most surveys stop at 1953 with the signing of the armistice Steven Hugh Lee carries the story through to the Geneva Conference in the spring of 1954 the last major international effort before recent years to negotiate a permanent peace for the Korean peninsula

The Korean War , 2006-01-01 Examines the political climate and military situation that led to the Korean War and discusses the key people and events of the three year conflict

The Korean War Michael V. Uschan, 2001 Discusses the history of a war without a winner the beginning of the Cold War the Cold War turning hot in Korea North Korea surprising the world victory at Inchon China entering the war the Korean War dividing America waging peace to win a war and the aftermath

Rethinking the Korean War William Stueck, 2013-04-25 Fought on what to Westerners was a remote peninsula in northeast Asia the Korean War was a defining moment of the Cold War It militarized a conflict that previously had been largely political and economic And it solidified a series of divisions of Korea into North and South of Germany and Europe into East and West and of China into the mainland and Taiwan which were to persist for at least two generations Two

of these divisions continue to the present marking two of the most dangerous political hotspots in the post Cold War world The Korean War grew out of the Cold War it exacerbated the Cold War and its impact transcended the Cold War William Stueck presents a fresh analysis of the Korean War s major diplomatic and strategic issues Drawing on a cache of newly available information from archives in the United States China and the former Soviet Union he provides an interpretive synthesis for scholars and general readers alike Beginning with the decision to divide Korea in 1945 he analyzes first the origins and then the course of the conflict He takes into account the balance between the international and internal factors that led to the war and examines the difficulty in containing and eventually ending the fighting This discussion covers the progression toward Chinese intervention as well as factors that both prolonged the war and prevented it from expanding beyond Korea Stueck goes on to address the impact of the war on Korean American relations and evaluates the performance and durability of an American political culture confronting a challenge from authoritarianism abroad Stueck s crisp yet in depth analysis combines insightful treatment of past events with a suggestive appraisal of their significance for present and future

The Korean War William Stueck,1997-07-27 Presents a history and analysis of the Korean War focusing on the contributions of the United Nations diplomacy of the conflict and its role in the Cold War

The Korean War ,2001-04-01 The Korean War 1950-53 began as a conflict between North Korea and South Korea and eventually involved the United States and nineteen other nations An estimated three million people lost their lives during the war For Americans who think that only GIs and their United Nations contingent comrades fought effectively The Korean War will be a surprising introduction to the valor and sacrifice of the South Korean army This comprehensive view of the war from the South Korean perspective has not been previously available in English translation The Korean War comprises three volumes Volume two continues the account of the progress of the war paying particular attention to the diplomatic and strategic background of the decision by the Chinese to intervene in late 1950 The volume describes the painstaking preparation by the communist forces who came close to overwhelming the South Korean and United Nations troops and follows the course of the conflict through the allied counteroffensive in the spring of 1951 to the stalemate and armistice of June 1951

The A to Z of the Korean War Paul M. Edwards,2005 The Korean War is often regarded as the forgotten war however considering its historical significance it should be anything but It was the first pitched battle between the communist forces and a coalition of the United Nations While it was not the last such war in Asia it did stem the tide in East Asia and permitted South Korea to prosper while North Korea decayed This guide is prepared with the student and interested lay reader in mind Its purpose is to provide an overview of the Korean War through a timeline of events an introduction that explains the place its history and the phases costs and consequences of the war dictionary entries that summarize the significance of the persons places organizations military operations battles weaponry and other elements of the war a bibliography of accessible resources for further research

Within Limits Wayne Thompson,Bernard C. Nalty,1997-07 Despite American success in preventing the

conquest of South Korea by communist North Korea the Korean War of 1950-1953 did not satisfy Americans who expected the kind of total victory they had experienced in WW II. In Korea the U.S. limited itself to conventional weapons. Even after communist China entered the war, Americans put China off limits to conventional bombing as well as nuclear bombing. Operating within these limits, the U.S. Air Force helped to repel 2 invasions of South Korea while securing control of the skies so decisively that other U.N. forces could fight without fear of air attack. *The Korean War* Stanley Sandler, 2014-01-14

First major clash with a communist army. The Korean War was America's first ideological conflict and the first large scale clash between U.S./UN forces and a Communist army. More than any other event, it signaled the beginning of Cold War mobilization for the U.S. and NATO, and even though the specter of international communism had since faded away, the animosities of The Forgotten War threaten to flare up even today. Focuses on military topics. The Korean War contains articles of varying lengths on key topics that range from the origins of the conflict, ground, naval, and air operations, and tactical planning to the Truman-MacArthur face-off, the POW issue, and armistice negotiations. The bulk of the Encyclopedia focuses on such military topics as the use of artillery, the pioneering concept of helicopter evacuation of wounded, new infantry tactics dictated by Communist POW riots, civil affairs, larger military units, and communications. There are also articles on civilian and military leaders including President Eisenhower, General Ridgeway, Kim Il Sung, Chou En-lai, Syngman Rhee, and others. Special features: Articles written by experts in the field. Useful to librarians, scholars, researchers, and students alike. Includes 48 maps and photographs. Covers an extraordinary range of key topics. A chronology, extensive bibliography, and a subject index are included. [The Ashgate Research Companion to the Korean War](#) Donald W. Boose, 2016-03-23

This essential companion provides a comprehensive study of the literature on the causes, course, and consequences of the Korean War, 1950-1953. Aimed primarily at readers with a special interest in military history and contemporary conflict studies, the authors summarize and analyze the key research issues in what for years was known as the Forgotten War. The book comprises three main thematic parts, each with chapters ranging across a variety of crucial topics covering the background, conduct, clashes, and outcome of the Korean War. The first part sets the historical stage with chapters focusing on the main participants. The second part provides details on the tactics, equipment, and logistics of the belligerents. Part III covers the course of the war, with each chapter addressing a key stage of the fighting in chronological order. The enormous increase in writings on the Korean War during the last thirty years, following the release of key primary source documents, has revived and energized the interest of scholars. This essential reference work not only provides an overview of recent research but also assesses what impact this has had on understanding the war. *To Acknowledge a War* Paul M. Edwards, 2000-06-30

Historians often refer to the Korean War as the forgotten war, but Edwards argues that in many respects it is a conflict that has been deliberately ignored for the past fifty years. This broad look at the war examines how Americans have attempted to remember and commemorate the confrontation which played such a major role in America's Cold War experience. As a United Nations effort

or Police Action the hazy identification of the war has in part contributed to a lack of public understanding of what happened in Korea This book considers the American response to the loss in Korea and how this response played out as a failure to remember After discussing the phenomenon of historical absence the essays turn to the still considerable disagreement about who started the war and why They provide the latest information concerning the relationship between Chairman Mao Premier Kim Il Sung and Chairman Joseph Stalin at the outbreak of the conflict Edwards identifies lesser known figures and comments on operations that are not generally known or discussed He discusses the impact that revisionist historians have had on our views of the war and why it produced a cease fire rather than a peace treaty The study also places this still unresolved conflict in the context of multi national forces and peacekeeping actions as we understand them today

Unusual Footnotes to the Korean War Paul Edwards, 2013-02-20 A forgotten war in modern history the Korean War is rarely given much recognition or studied in detail In fact it was one of the bloodiest conflicts of the 20th century a deadly clash of world views as the UN allied itself with South Korea against the massed ranks of North Korean armies backed by Communist China In this new book Paul Edwards presents a fresh look at the Korean War focusing on a number of unusual events that happened during the conflict Beginning with a look at the war itself Edwards goes on to tell the stories of the Salvation Army band that disappeared UFO sightings the Pulitzer Prize winning journalist Maggie Higgins and her battle to report in Korea as an equal with her male counterparts and an operation to rescue orphan children It also provides a fascinating look at the propaganda materials dropped over Korea by both sides This miscellany of the war allows readers to dip in and out of this e book only title a perfect e book for the daily commute *The Korean War* Wada Haruki, 2013-11-21 This classic history of the Korean War from its origins through the armistice is now available in English for the first time Wada Haruki one of the world's leading scholars of the war has thoroughly revised his definitive study to incorporate new sources and debates Drawing on archival and other primary sources in Russia China the United States South Korea Taiwan and Japan the author moves beyond national histories to provide the first comprehensive understanding of the Korean War as an international conflict from the perspective of all of the major actors Tracing the North Korean invasion of South Korea in riveting detail Wada provides new insights into the behavior of Joseph Stalin Mao Zedong Harry Truman Kim Il Sung and Syngman Rhee He also provides new insights into the behavior of leaders and diplomats in Korea China Russia and Eastern Europe and their rivals in other nations He traces the course of the war from its origins in the failed attempts of both North and South Korean leaders to unify their country by force ultimately escalating into a Sino American war on the Korean Peninsula Although sixty years have passed since the armistice the Korean conflict has never really ended Tensions remain high on the peninsula as Washington Beijing and Pyongyang as well as Seoul and Pyongyang face off With rising international conflicts in East Asia it is even more timely now to address the origins of the Korean War the nature of the confrontation and the ways in which it continues to shape the geopolitical landscape of Northeast Asia and the Western

Pacific With his unmatched ability to draw on sources from every country involved Wada paints a rich and full portrait of a conflict that continues to generate controversy

The Korean War William Whitney Stueck,1995 This first truly international history of the Korean War argues that by its timing its course and its outcome it functioned as a substitute for World War III Stueck draws on recently available materials from seven countries plus the archives of the United Nations presenting a detailed narrative of the diplomacy of the conflict and a broad assessment of its critical role in the Cold War He emphasizes the contribution of the United Nations which at several key points in the conflict provided an important institutional framework within which less powerful nations were able to restrain the aggressive tendencies of the United States In Stueck s view contributors to the U N cause in Korea provided support not out of any abstract commitment to a universal system of collective security but because they saw an opportunity to influence U S policy Chinese intervention in Korea in the fall of 1950 brought with it the threat of world war but at that time and in other instances prior to the armistice in July 1953 America s NATO allies and Third World neutrals succeeded in curbing American adventurism While conceding the tragic and brutal nature of the war Stueck suggests that it helped to prevent the occurrence of an even more destructive conflict in Europe

The Korean War in History James Cotton,Ian Neary,1989

The Korean War Lester H. Brune,1996-04-22 This comprehensive assessment by experts of the significant literature and research about the Korean War has been designed for students teachers and researchers at various levels and for broad interdisciplinary use Edited by Brune this one volume research tool evaluates traditional interpretations and recent findings and trends and points to studies that are still needed on various topics Twenty three topical chapters cover the historical background and general references international aspects of the war and the role and perspectives of major combatants military policies and the strategies and tactics of the various armed forces the Korean unification struggle after the war and the relationship of the U S homefront to the Korean War The book is fully indexed and is easily accessible Twenty three topical chapters cover the historical background and general references international aspects of the war and the role and perspectives of major combatants from the United Nations and Korea to European and Asian and Pacific nations including information on the most recent sources from the Soviet Union and Communist China the military policies and the strategies and tactics of the U S Army Navy and Marines and Air Force the Korean unification struggle after the war and the relationship of the U S homefront to the Korean War from the Administration and Congress to public opinion and the war as seen by women and minorities and through the eyes of the cinema and TV The book is fully indexed and is easily accessible for varied use by students teachers and researchers in different fields and at all levels

The Korean War Stanley Sandler,2021-09-15 The Korean War has been termed The Forgotten War or the Unknown War It is a conflict which never assumed the mythic character of the American Civil War or World War II However this book asserts it would be impossible to understand the Cold War and indeed post 1945 global history without knowledge of the Korean War Providing a history of the Korean peninsula before the war and

including a detailed analysis of the fighting itself The Korean War goes beyond the battlefield to deal with the war in the air ground attack and air evacuation The study also evaluates the contributions of the UN naval forces the impact of the war on various homefronts and issues such as defectors opposition to the war racial segregation and integration POWs and the media Recently released Soviet documents are used to assess the role of China the Soviet Union North and South Korea and the allied forces in the conflict This fascinating work offers a unique analysis of the Korean War and will be invaluable to students of twentieth century history particularly those concerned with American and Pacific history

The Korean War

Stanley Sandler, 2002-11-01 An interpretative history of the Korean War The text examines the war within the broader context of Korea s history offering an analysis of the course of the war and assessing the role of both North and South Korea and the allied forces in the conflict The study goes beyond the battlefield to evaluate the contribution of the UN naval forces and the impact of the war on the homefront Issues such as defectors opposition to the war POWs and the media are explored and original research concerning the war s origins and development is incorporated from Soviet archives This work should prove to be of value to students and scholars of 20th century history particularly those concerned with American and Pacific history

The Enthralling Realm of E-book Books: A Thorough Guide Unveiling the Benefits of E-book Books: A World of Convenience and Flexibility E-book books, with their inherent portability and simplicity of availability, have freed readers from the limitations of hardcopy books. Gone are the days of carrying cumbersome novels or carefully searching for particular titles in shops. E-book devices, stylish and lightweight, effortlessly store an wide library of books, allowing readers to immerse in their preferred reads anytime, everywhere. Whether traveling on a busy train, lounging on a sunny beach, or just cozying up in bed, E-book books provide an unparalleled level of convenience. A Literary Universe Unfolded: Exploring the Vast Array of E-book The Korean War The Korean War The Kindle Shop, a digital treasure trove of literary gems, boasts an wide collection of books spanning varied genres, catering to every readers taste and preference. From captivating fiction and thought-provoking non-fiction to classic classics and contemporary bestsellers, the Kindle Store offers an unparalleled abundance of titles to explore. Whether looking for escape through immersive tales of fantasy and exploration, delving into the depths of historical narratives, or expanding ones understanding with insightful works of scientific and philosophical, the E-book Shop provides a gateway to a literary world brimming with limitless possibilities. A Game-changing Factor in the Bookish Scene: The Lasting Impact of Kindle Books The Korean War The advent of E-book books has unquestionably reshaped the bookish landscape, introducing a model shift in the way books are published, distributed, and read. Traditional publishing houses have embraced the digital revolution, adapting their approaches to accommodate the growing demand for e-books. This has led to a surge in the accessibility of E-book titles, ensuring that readers have entry to a vast array of bookish works at their fingers. Moreover, Kindle books have democratized entry to books, breaking down geographical barriers and providing readers worldwide with similar opportunities to engage with the written word. Irrespective of their place or socioeconomic background, individuals can now immerse themselves in the captivating world of books, fostering a global community of readers. Conclusion: Embracing the E-book Experience The Korean War E-book books The Korean War, with their inherent ease, flexibility, and vast array of titles, have unquestionably transformed the way we experience literature. They offer readers the freedom to explore the boundless realm of written expression, whenever, anywhere. As we continue to navigate the ever-evolving digital landscape, Kindle books stand as testament to the lasting power of storytelling, ensuring that the joy of reading remains reachable to all.
