Fanfiction and the Author Judith Fathallah, 2025-10-01 The production reception and discussion of fanfiction is a major aspect of contemporary global media Thus far however the genre has been subject to relatively little rigorous qualitative or quantitative study a problem that Judith M Fathallah remedies here through close analysis of fanfiction related to Sherlock Supernatural and Game of Thrones Her large scale study of the sites reception and fan rejections of fanfic demonstrate how the genre works to legitimate itself through traditional notions of authorship even as it deconstructs the author figure and contests traditional discourses of authority Through a process she identifies as the legitimization paradox Fathallah demonstrates how fanfic hooks into and modifies the discourse of authority and so opens new spaces for writing that challenges the authority of media professionals

Fan Fiction Genres Julia Elena Goldmann, 2022-09-01 What if James T Kirk and Spock had a baby left the Enterprise and moved to New Vulcan to live happily ever after Fan fiction plots like this are a strong testament of fans' endless creativity Not only do the authors invent their own storylines but they have developed a generic definition of content across fandoms according to the relationship present in the text Classification is therefore profoundly related to gender and sexuality Julia Elena Goldmann examines these generic structures and formulaic patterns comparatively in Star Trek and Supernatural fan fiction She also focuses on the interplay of the concepts of gender sexuality relationships and depictions of family in these texts
