The Life And Writings Of Saint Patrick:

The Life and Writings of Saint Patrick Saint Patrick, Aeterna Press, Our chief purpose in writing this new Life of St Patrick when so many Lives already exist is to give a fuller and we venture to hope more exact account of the Saint s missionary labours in Ireland than any that has appeared since the Tripartite Life was first written For this purpose we have not only thoroughly studied Colgan s great work and made ourselves familiar with the really valuable publications of our own times but we have when practicable personally visited all the scenes of the Saint s labours both at home and abroad so as to be able to give a local colouring to the dry record and also to catch up as far as possible the echoes daily growing fainter of the once vivid traditions of the past Aeterna Press *The Life and Writings of St. Patrick* John Healy, 1905 **The Life and Writings of Saint Patrick, Etc. fifth century Early medieval tradition credits him with being the first bishop of Armagh Primate of Ireland Despite a lack of detail and many legendary accretions to his story early sources concur in regarding him as the founder of Christianity in Ireland making a start at converting a society practising a form of Celtic polytheism and he has been generally so regarded ever since despite evidence of some earlier Christian presence in Ireland

The Life of

Saint Patrick and his Place in History J. B. Bury M.A., Aeterna Press, PERHAPS the scope of this book will be best understood if I explain that the subject attracted my attention not as an important crisis in the history of Ireland but in the first place as an appendix to the history of the Roman Empire illustrating the emanations of its influence beyond its own frontiers and in the second place as a notable episode in the series of conversions which spread over northern Europe the religion which prevails to day Studying the work of the Slavonic apostles Cyril and Methodius I was led to compare them with other European missionaries Wulfilas for instance and Augustine Boniface and Otto of Bamberg When I came to Patrick I found it impossible to gain any clear conception of the man and his work The subject was wrapt in obscurity and this obscurity was encircled by an atmosphere of controversy and conjecture Doubts of the very existence of St Patrick had been entertained and other views almost amounted to the thesis that if he did exist he was not himself but a namesake It was at once evident that the material had never been critically sifted and that it would be necessary to begin at the beginning almost as if nothing had been done in a field where much had been written Aeterna Press *The Life and Writings of St. Patrick* John Healy, 2013-10 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book
