Addenda and corrigenda** William Shakespeare, 1868 Letters of Forbidden Love and Selected Poems Abdullah Mokaddam, 2019-01-17 We take modern amenities for granted and many of us rarely give a thought of the days when such things were only a dream Our two protagonists in this story faced against all the odds of their repressive age innovated and nurtured their forbidden love with verve and passion Their feelings expressed in a language that is beguiling defying and passionate Ruth Sanderson trapped in a loveless marriage relentlessly pursued all the ways possible to liberate her from marital tyranny Then she met Phillip Hardy a poet and together they planned to surmount the impossible Their secret love grew exponentially but the obstacles did not go of their own volition This is their story and they relate it in memorable epistles There are selected poems that convince us the power poetry is unconquerable and a strong anodyne when melancholia takes over the soul The reliquary, 1879

**Love** Barbara H. Rosenwein, 2021-09-21 We make sense of love with fantasies stories that shape feelings that are otherwise too overwhelming incoherent and wayward to be tamed For love is a complex bewildering and ecstatic emotion covering a welter of different feelings and moral judgments Drawing on poetry fiction letters memoirs and art and with the aid of a rich array of illustrations historian Barbara H Rosenwein explores five of our most enduring fantasies of love like minded union transcendent rapture selfless giving obsessive longing and insatiable desire Each has had a long and tangled history with lasting effects on how we in the West think about love today Yet each leads to a different conclusion about what we should strive for in our relationships If only we could peel back the layers of love and discover its true essence But love doesn't work like that it is constructed on the shards of experience story and feeling shared over time intertwined with other fantasies By understanding the history of how we have loved Rosenwein argues we may better navigate our own tumultuous experiences and perhaps write our own scripts
