reached number five on the Billboard US Top Dance Electronic Albums chart The DJ's biggest success so far was an unusual one He recorded a 30 minute concert within the online video game Fortnite With their weapons turned off players could dance fly and dodge flying balls while Marshmello played There was even a special dance that gamers could have their characters perform the Marsh Walk Marshmello said he was happy that some people got to experience their first concert in the game You might imagine that all this attention would go to Marshmello's head However you'll be happy to hear that the producer is keeping it real Marshmello tweeted that he would never take off his helmet because he does not want or need fame His only goal to create something positive that people can connect with Friends Joytime DJ
