Tunisia Under Ben Ali Daniel Zisenwine,2025-02-20 Here Daniel Zisenwine looks at Tunisia under the rule of Ben Ali from 1987 when he rose to power until the 2011 protests that led to his downfall Sparked by the self immolation of Mohamed Bouazizi in Sidi Bouzid in Tunisia a wave of protests and uprisings spread across North Africa and the Middle East in late 2010 and 2011 The case of Tunisia has since been held up as an example of a successful revolution ousting its erstwhile ruler Zayn al Abidin Ben Ali leading to relatively free elections in October 2011 Zisenwine offers an analysis of this authoritarian regime from its early days to the attempts in the 2000s to reform economically but not crucially politically and the societal discontent that eventually led to the 2011 protests This book is vital for those researching the Middle East and North Africa as well as for those interested in the anatomy of authoritarian regimes and their downfall **The Adventures of the**

Constituent Power Andrew Arato,2017-11-30 This book explores the democratic methods by which political communities make their basic law and the dangers associated with constitution making **The Crisis of Citizenship in the Arab World**,2017-04-24 The Crisis of Citizenship in the Arab World argues that the present crisis of the Arab world has its origins in the historical legal and political development of state citizen relations since the beginning of modern history in the Middle East and North Africa The anthology covers three main topics Part I focuses on the crisis of the social pact in different Arab countries as it became manifest during the Arab Uprisings Part II concentrates on concepts of citizenship in Islamic doctrine Islamic movements Muslim Brotherhood and Salafism secular political movements and Arab thinkers Part III looks into the practices that support the claims to equal rights as well as the factors that have obstructed full citizen rights such as patronage and clientelism Contributors are Ida Almestad Claire Beaugrand Assia Boutaleb Michaelle Browsers Nils Butensch n Anthony Gorman Raymond Hinnebusch Engin F Isin Rania Maktabi Roel Meijer Emin Poljarevic Ola Rifai James Sater Rachel Scott Jakob Skovgaard Petersen Robert Springborg Stig Stenslie Morten Valbj rn Knut S Vik r and Sami Zemni

Historical Dictionary of Tunisia Kenneth J. Perkins,2016-10-12 The demographically modest but strategically significant country of Tunisia has experienced profound and revolutionary change in the almost two decades since the publication of the previous edition of this volume 1997 Most dramatically a populist uprising in 2011 ousted the entrenched dictatorship whose two heads had successively presided over the country since independence from France in 1956 As Tunisians celebrated this achievement they inspired similar movements elsewhere in the Middle East and North Africa giving rise to an Arab Spring that held out hope for the introduction of transformational innovations in democratic concepts and institutions across the region Sadly however powerful forces of the status quo thwarted these efforts in country after country But in Tunisia itself a more hopeful scenario unfolded In the fall of 2011 elections to a constituent assembly that international observers characterized as free and fair gave the major Islamic party a plurality of the votes and set Tunisia on a course of participatory democracy This third edition of Historical Dictionary of Tunisia contains a chronology an introduction an appendix and an

extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Tunisia **Routledge Handbook of the Arab Spring** Larbi Sadiki,2014-12-17 The self immolation of Mohammed Bouazizi in Tunisia in December 2010 heralded the arrival of the Arab Spring a startling yet not unprecedented era of profound social and political upheaval The meme of the Arab Spring is characterised by bottom up change or the lack thereof and its effects are still unfurling today The Routledge Handbook of the Arab Spring seeks to provide a departure point for ongoing discussion of a fluid phenomenon on a plethora of topics including Contexts and contests of democratisation The sweep of the Arab Spring Egypt Women and the Arab Spring Agents of change and the technology of protest Impact of the Arab Spring in the wider Middle East and further afield Collating a wide array of viewpoints specialisms biases and degrees of proximity and distance from events that shook the Arab world to its core the Handbook is written with the reader in mind to provide students practitioners diplomats policy makers and lay readers with contextualization and knowledge and to set the stage for further discussion of the Arab Spring Non-Western Encounters with Democratization Christopher K. Lamont,Jan van der Harst,2016-03-09 Non Western Encounters with Democratization offers diverse perspectives on democracy and transition spanning the Middle East and North Africa to East Asia This unique collection of essays drawn from contextually rich case studies presents readers with a variety of non western encounters with democracy and provides important insights into the dramatic political and social transformations in these regions over the past decades The book offers a deeper understanding of democratization and challenges the image of western democracy as a universal model to which non western societies aspire Taking the events of the Arab Spring as the starting point international contributors look at why the uprisings that rapidly spread across North Africa and the Middle East had a strong resonance in East Asia but failed to inspire similar revolts Through direct engagement with non western experiences of political transition the book demonstrates a unique coherence across two regions relatively under explored in democratization literature **Political Parties in the Arab World** Francesco Cavatorta,2018-06-30 Examines and critiques Derrida s work in relation to gender sexuality and film Futurism and the African Imagination Dike Okoro,2021-12-30 This book investigates how African authors and artists have explored themes of the future and technology within their works Afrofuturism was coined in the 1990s as a means of exploring the intersection of African diaspora culture with technology science and science fiction However this book argues that literature and other arts within Africa have always reflected on themes of futurism across diverse forms of speculative writing including science fiction images spirituality myth magical realism the supernatural performance and other forms of oral resources This book reflects on themes of African futurism across a range of literary and artistic works also investigating how problems such as racism sexism social injustice and postcolonialism are reflected in these narratives Chapters cover authors artists movements and performers such as Wole

Soyinka Ben Okri Ngugi wa Thiong'o Elechi Amadi Mazisi Kunene Nnedi Okorafor Lauren Beukes Leslie Nneka Arimah and the New African Movement The book also includes a range of original interviews with prominent authors and artists including Tanure Ojaide Lauren Beukes Patricia Jabbeh Wesley Benjamin Kwakye Ntongela Masilela and Bruce Onobrakpeya Interdisciplinary in its approach this book will be an important resource for researchers across the fields of African literature philosophy culture and politics

The Role of the Military in the Arab Uprisings Ali Sarihan, 2023-05-11 Focused on the 2010 2011 Arab Uprisings this book examines the role of the military in Tunisia and Libya arguing that both armies contributed decisively to the outcome and form of the respective uprisings The book begins by contextualizing the uprisings with both countries plagued by anti democratic politics and unequal social and economic structures in the 2000s Alongside this the book explores the key actors and factors leading up to during and after the uprisings Employing a comparative case study methodology and drawing from approaches in rational choice theory and institutionalism the author argues that the tripartite configuration of energy capacity military structure and strength of protest led to dichotomous outcomes in the countries Tunisia where the military defected was marked by a lack of energy wealth apolitical military structure and high level of protest enabling a nonviolent transfer of power In contrast in Libya where parts of the military remained loyal to Gaddafi's regime protests evolved into violent civil conflict Making use of expert and elite interviews obtained from fieldwork in Tunisia as well as data from the research field the book will appeal to specialists and students interested in international politics military and security studies and the MENA region

Routledge Handbook on Human Rights and the Middle East and North Africa Anthony Chase, 2016-11-10 Recent events such as Iran's Green Revolution and the Arab Uprisings have exploded notions that human rights are irrelevant to Middle Eastern and North African politics Increasingly seen as a global concern human rights are at the fulcrum of the region's on the ground politics transnational intellectual debates and global political intersections The Routledge Handbook on Human Rights and the Middle East and North Africa emphasises the need to consider human rights in all their dimensions rather than solely focusing on the political dimension in order to understand the structural reasons behind the persistence of human rights violations explores the various frameworks in which to consider human rights conceptual political and transnational international discusses issue areas subject to particularly intense debate gender religion sexuality transitions and accountability contains contributions from perspectives that span from global theory to grassroots reflections emphasising the need for academic work on human rights to seriously engage with the thoughts and practices of those working on the ground A multidisciplinary approach from scholars with a wide range of expertise allows the book to capture the complex dynamics by which human rights have had or could have an impact on Middle Eastern and North African politics This book will therefore be a key resource for students and scholars of Middle Eastern and North African politics and society as well as anyone with a concern for Human Rights across the globe

Political Change in the Middle East and North Africa Szmolka Inmaculada Szmolka, 2017-06-29 Taking a

comparative approach this book considers the ways in which political regimes have changed since the Arab Spring It addresses a series of questions about political change in the context of the revolutions upheavals and protests that have taken place in North Africa and the Arab Middle East since December 2010 and looks at the various processes have been underway in the region democratisation Tunisia failed democratic transitions Egypt Libya and Yemen political liberalisation Morocco and increased authoritarianism Bahrain Kuwait Syria In other countries in contrast to these changes the authoritarian regimes remain intact Saudi Arabia Qatar Arab United Emirates **Arab Spring-Arab Fall** Ayfer Erdogan,2021-04-21 The popular protests in early 2011 were once seen as a turning point in the history of the Arab world raising hopes for democracy freedom and justice in the Middle East A decade after the uprisings these hopes are largely dashed in each country swept by popular protests with the exception of Tunisia Tunisia became the only democracy in the entire region while Egypt saw its first freely elected president and government thrown out by the army in a bloody coup which resulted in a regime that is no less authoritarian than Mubarak s This book provides a detailed analysis of the political economic and constitutional developments in Tunisia and Egypt In the light of the existing literature on comparative democratization the author explores why Egypt s path to democratization was eroded by several transitional actors while Tunisian political elite managed to move the country towards democracy The book centers its focus on the role of the political agents in designing the transition and explores the transitional period with respect to the interactions among the political elite and their cost benefit assumptions ideological interests as well as their commitment to democratic processes

Empires of the Mind Robert Gildea,2019-02-28 Prize winning historian Robert Gildea dissects the legacy of empire for the former colonial powers and their subjects **Understanding The Political Economy Of The Arab Uprisings** Ishac Diwan,2014-05-26 For the millions of citizens in the Arab World who came together in 2010 2011 to discover their common yearning for dignity and liberty the real revolutions only began after the wave of protests Understanding the Political Economy of the Arab Uprisings reassess the interests potential and constraints of various socio political players and their importance in the building of a constructive environment for democratic progress in the Middle East Initiated by the Cairo based Economic Research Forum and edited by Ishac Diwan this invaluable volume features contributions by Middle East academics across the world They examine the reasons behind the uprisings how democratic transitions transpire the role of Arab capitalism in the crises and how the experiences of other countries such as Indonesia Turkey and Iran can forecast where these uprisings may lead the Middle East in the years to come **The Multilingual Screen** Tijana Mamula,Lisa Patti,2016-06-30 The Multilingual Screen is the first edited volume to offer a wide ranging exploration of the place of multilingualism in cinema investigating the ways in which linguistic difference and exchange have shaped and continue to shape the medium s history Moving across a vast array of geographical historical and theoretical contexts from Japanese colonial filmmaking to the French New Wave to contemporary artists moving image the essays collected here address the

aesthetic political and industrial significance of multilingualism in film production and reception In grouping these works together The Multilingual Screen discerns and emphasizes the areas of study most crucial to forging a renewed understanding of the relationship between cinema and language diversity In particular it reassesses the methodologies and frameworks that have influenced the study of filmic multilingualism to propose that its force is also and perhaps counterintuitively a silent one While most studies of the subject have explored linguistic difference as a largely audible phenomenon manifested through polyglot dialogues or through the translation of monolingual dialogues for international audiences The Multilingual Screen traces some of its unheard histories contributing to a new field of inquiry based on an attentiveness to multilingualism s work beyond the soundtrack
