Short Leveled Folk Tales:

Folktales Retold Amie A. Doughty, 2015-03-14 Folktales and fairy tales are living stories as part of the oral tradition they change and evolve as they are retold from generation to generation In the last thirty years however revision has become an art form of its own with tales intentionally revised to achieve humorous effect send political messages add different cultural or regional elements try out new narrative voices and more These revisions take all forms from short stories to novel length narratives to poems plays musicals films and advertisements The resulting tales paint the tales from myriad perspectives using the broad palette of human creativity This study examines folktale revisions from many angles drawing on examples primarily from revisions of Western European traditional tales such as those of the Grimm Brothers and Charles Perrault Also discussed are new folktales that combine traditional storylines with commentary on modern life The conclusion considers how revisionists poke fun at and struggle to understand stories that sometimes made little sense to start with

and deepen your understanding through various types of exercises *Family Language Learning* Christine Jernigan, 2015
Family Language Learning is a practical guide designed to support and encourage any parents who are hoping to raise their children bilingually. It is unique in that it focuses on parents who are not native speakers of a foreign language. It gives parents the tools they need to cultivate and nurture their own language skills while giving their children an opportunity to learn another language. The book combines cutting edge research on language exposure with honest and often humorous stories from personal interviews with families speaking a foreign language at home. By dispelling long held myths about how language is learned, it provides hope to parents who want to give their children bilingual childhoods but feel they don't know where to start with learning a foreign language.

The Maze of Fantasy in Tamil Folktales Gabriella Eichinger Ferro-Luzzi, 2002
The book pursues an ethnographic and a theoretical purpose. The ethnographic first part examines how Tamil folktales mostly gathered and published by Tamil authors reflect Tamil culture. However, since the narrators want to amuse their listeners and arouse their interest, they tend to exaggerate or invert the normal situation. Therefore, their tales reflect more reliably Tamil values, beliefs, and interest than social behaviour. The second theoretical part stresses the importance of the actually occurring motifs and casts doubt on typology. Rather than artificially distinguishing tale types often thought to exist independent of the narrators, it points out a network of thematic connections among Tamil folktales.

Tagalog Stories for Language Learners Joi Barrios, 2021-10-05
The most enjoyable way to learn about a new culture is through its stories, especially when they're told in two languages. This book introduces 40 stories from the Philippines through bilingual Tagalog and English texts presented on facing pages. Paired with cultural notes, vocabulary lists, exercises, comprehension questions, and free online audio recordings, *Tagalog Stories for Language Learners* is an excellent resource for intermediate language learners or those who wish to pick up a bit of Philippine cultural knowledge. This compilation includes a mix of traditional folktales retold for a modern audience as well as several well-known works of contemporary Philippine literature. Along the way, you will meet fabulous mythological characters like the Bagobo goddess Mebuyan and the shape-shifting Aswang. Other characters cope with day-to-day issues such as the domestic worker who cannot find her keys and a beauty queen who leaves behind her comfortable city life in order to help peasants in the countryside. Four of the stories are by well-known Filipino writers and are presented in complete or partially condensed form. These include *Estrangheritis* by Inigo Ed Regalado (1907). The writer is critical of Filipinos who exalt all things foreign while in fact benefitting from their own land but are unappreciative of their national culture. *Desire* by Paz Latorena (1928). The story of a Filipino woman who has to deal with the narrow-mindedness of a foreigner who is far more interested in her body than in her personality. *Greta Garbo* by Deogracia Rosaro (1930). Monina, who looks like Greta Garbo, plans a weekend getaway with her beau only to be left at the station waiting and later discovers he has gone on a honeymoon. *Maria Elena Paterno's Sampaguita* (1991). Two popular legends about the Philippine jasmine flower which touch on the themes of courage and
