POETRY (20 MARKS)

Read the following poem and then answer the questions that follow.

In the city

All moving the Lord knows where,

Dressed in suits and tatters,
Bowties, tights, ochred sheets and earrings,
All thinking of things to come,
Africa is in a state of opportunity,
All look for easy chances.

Of self-upliftment or undeserved promotion
That often mirage further and further
Making frustrate
Minds that should be content

It is a time of opportunity-

When one line makes a poet
And a little acquaintance or chance
Rockets one to the highest office

But the peasant, the pillar of the nation,
Has only to cope with prices that shift
Like the waves that rock the ship
carrying yellow maize to the city.

The employed call out strikes
That only deplete the little funds
That may relieve the peasant-

The elder brother keeps the younger in hunger

Major Poems of the Hebrew Bible Jan

Fokkelman, 2018-07-17 Volume III *The Remaining 65 Psalms* Each of the 85 Psalms 83 poems discussed in the previous volume of *Major Poems of the Hebrew Bible* has the highly remarkable feature of scoring an exact integer as the average number of syllables per colon sometimes seven or nine more often eight which may be called the central normative figure of Biblical poetry This can only mean that the classical poets did count their syllables Moreover they succeeded in bringing about a creative merger between various forms of numerical perfection and the structure of their songs which is generally underpinned by the correct articulation in strophes and stanzas The breakthrough of this discovery became possible on the basis of a refined recipe for establishing the original i e pre Masoretic syllable structure of the ancient Hebrew and a definition of the colon In those poems in which the correct colometry is difficult to delimit it can be established only by a three pronged approach tackling syntax prosody and semantics and able to combine them In this third volume the 65 remaining Psalms are subject of structural analysis and once more are covered by full syllable counts Although these songs

do not seek to apply the exact integers they display the other forms of numerical perfection on more than one textual level so that they embody the same poetics This will be no different in volume IV which deals with Job 15 42 and will be published as the final volume in the Major Poems of the Hebrew Bible project
