Pathfinder Questions Robert Colacurcio, 2014-04-04 What resources do thoughtful parents fall back on when the faith based religious practices of their youth no longer satisfy their own spiritual needs and yet they truly want to raise their children with a foundation in some faith based practice Thoughtful parents struggle with this basic question how do we raise our children to have a solid religious footing The suggestion for guidance made in this book is that really good questions can be the resource parents are looking for Pathfinder questions are the really good questions that not only illuminate the way to go they actually help create the way to go Pathfinder questions are one of the resources from the spiritual technology toolkit of the Buddha This aspect of the Buddhist methodology can be applied to the practice of any faith based religion without the least conflict or compromise whatsoever Pathfinder questions are like a lighthouse beacon They offer guidance without coercion The path is illuminated the obstacles are made clear but the choice is like the boat captain s whether to sail ahead full speed or not If the reader chooses to ask the pathfinder questions as a way to guide their children they will be choosing to sail full speed ahead Dharma Training Course Year Two Triratna Buddhist Community, 2016-11-27 The Triratna Dharma Training Course for Mitras offers a comprehensive four year course in Buddhism and meditation Year Two includes The Buddha s Noble Eightfold Path Pratitya Samutpada The Nature of Existence The Five Aspects of the Dharma Life Turning the Mind to the Dharma The Way of Mindfulness What is the Sangha Exploring Spiritual Community A Living Tradition Sangharakshita and the Story of Triratna Plus a comprehensive Index *Hermann Hesse* Joseph Mileck, 2023-09-01 A critical biography far surpassing the previous ones Times Higher Education Supplement There are to be sure many writers whose biographies are more interesting than their fiction but Hesse is not one of these He led a long and sometimes eventful life with marital tensions travel controversy crises even some thoughts of suicide and a period of time as a student in a home for retarded and unmanageable In addition there was his search which led him through the culture and arts of West and East his views of politics and society of psychology and philosophy The difference between Hesse and other writers is that virtually every shred and patch of his life was brought into his writing his fiction particularly He had to write about himself and there is little of what he wrote that is not confessional in form and therapeutic in function Autobiography is the very matter of his work Mileck s contribution is to extend and fill out the evidence of his life his psychoanalysis his drive toward self realization which was the very engine of his being to show the raw material and thus to invite readers to see how it was transmuted transfigured fantasized poeticized symbolized Los Angeles Times Hesse was a prolific author for some 60 years and his mind drew everything it contemplated into his private wars between flesh and spirit objectivity and subjectivity the longings for society and isolation No one is better qualified to disentangle this abundance than Mileck compiler of the huge two volume Hesse bibliography For completeness then no biography in English compares Kirkus Reviews Mileck provides his own translations of the German quotations from Hesse s works and the eight interpretive chapters are thoroughly indexed

making the work readily accessible to researchers and students concerned with specific Hesse questions and themes This very readable book also contains a number of exceptional photographs which together with Mileck s fervor and understanding of the author help create a living image of Hesse the man and the artist Choice Professor Mileck brings to his task an acquaintanceship with Hesse s published and unpublished writings which borders on omniscience This is a literary biography which concentrates on the works and looks at the life of its subject briefly and always in relation to its involvement with the works This is true scholarship which does not make the book less readable and accessible to the general public a solid and valuable book which should make it easier to bring Hesse back into the orbit of serious appreciation in the English speaking world Books and Bookmen A critical biography far surpassing the previous ones Times Higher Education Supplement There are to be sure many writers whose biographies are more interesting than their fiction but Hesse is not one of these He led a long and sometimes eventful
