Dear Mr. Reynolds,

Please accept my enclosed application for the position of administrative assistant at ABC Consulting. Having read through your job description, I am thrilled to be applying for this position as my 6 years of experience and skill set match the requirements you're looking for.

At my current company, Redford & Sons, I am valued by the CEO and his staff as a critical support pillar for the team—keeping meetings, papers, travel arrangements, and office items organized at all times. I have spearheaded the effort to “go digital” for almost all planning and paperwork, increasing office efficiency to the point of saving \$3,000 per year in contracted labor expenses. Allow me to highlight three bullet points from my resume that I believe demonstrate why I am the perfect candidate for this position:

- Trained two administrative assistants during a period of company expansion, ensuring that they pay explicit attention to company policies and minute details;
- Maintained utmost discretion when dealing with sensitive topics;

College Mentoring Handbook James L. Gray, EdD, 2016-02-27 The Mentoring Handbook invites students to experience the power of learning by adopting the self directed learning approach to college Eleven mentoring lessons are presented that reveal winning strategies and conceptual insights on how a student can liberate him or her from the role of passive learner and take personal responsibility for active learning instead of being fed by faculty The author demystifies the degree and the GPA as the end game of college illustrating to students how not to let college get in the way of a good education which ultimately is to enhance employability potential and build work readiness skill sets Most important the mentoring lessons will help students reframe the purpose of college and use the learning experience to transform themselves as competitive job seekers in a murky job market and an uncertain economic landscape As they rethink the outdated traditional instructor driven education college model that they have fallen victim to they become empowered to take control of their professional growth and career aspirations
