Writing Your Dissertation With Microsoft Word Vincent Kiernan:

Writing Your Dissertation with Microsoft Word Vincent Kiernan, 2005 A dissertation is the crowning achievement of years of graduate study But many graduate students struggle long hours with formatting their dissertations properly This book guides a graduate student step by step thorough the process of using Microsoft Word to produce a dissertation that meets the requirements of the student s graduate school the first time it s submitted Throughout the book uses real world examples of formatting requirements from actual graduate schools and is amply illustrated to provide a visual guide to working through Microsoft Word Tips and tricks about Word will help a graduate student devote time to the content of the dissertation not its formatting Quality Research Papers Nancy Jean Vyhmeister, 2009-06-26 Nancy Vyhmeister s Quality Research Papers is fast becoming a standard reference textbook for writing research papers in the field of religion and theology It takes the student from the beginning assignment of a paper through the research phase to the finished paper This second edition gives improvements and added material for such things as the expanding field of online research and doing church related research in a professional manner Resources for doing research are updated throughout the book *BTV # 12: Manual de investigación teológica* Nancy Jean Vyhmeister, 2013-06-25 Trabajos de investigaci n de Nancy Vyhmeister se est convirtiendo con rapidez en el libro de texto de referencia modelo para redactar documentos de investigaci n en el campo de la religi n y la teolog a El mismo conduce al estudiante desde el principio de la asignaci n de un trabajo a trav s de la fase de investigaci n hasta que el trabajo es terminado Esta segunda edici n ofrece mejoras y un material adicional para cosas tales como el creciente campo de investigaci n en l nea y c mo hacer la investigaci n relativa a la iglesia de una manera profesional Los recursos para hacer la investigaci n se actualizan en todo el libro **Doing Your Dissertation with Microsoft Word** Jacques Raubenheimer, 2012 This book contains over 500 pages of help crammed with close on 1000 illustrative images in 19 different chapters on everything you need to know to create thesis formatting in Microsoft Word you can be proud of Unfortunately the content remains your responsibility The book will also be of use to any person needing to create large documents in Microsoft Word and is thus not limited to the academic context Topics include Learning to work faster in the Word environment Correct use of fonts and special characters Automated text input Working with templates Using styles for automated and consistent formatting Proper page setup Heading numbering Table figure numbering Footnotes and endnotes Indexes Automated tables of content Search and replace Document navigation Managing large and or multiple documents Citations and References Using Word s reviewing tools Tables Charts Equations Drawings and picture editing in Word Printing your dissertation Learn how to Apply different page numbering styles for different parts of the document Break between pages at the right places Automatically apply consistent heading numbering Format your text consistently and professionally Create consistent formatting across multiple documents Create neat and consistently formatted tables and charts Number tables figures etc automatically Create cross references to tables and figures that keep

track of the numbering of tables or figures Handle your reference citations automatically including the creation of a reference list or Bibliography Create a table of contents automatically Automatically add often repeated text elements Automatically format text elements e g headings Manage your foot and endnotes properly Find your working place in the large document with the maximum speed and ease Create an index Combine multiple documents into one document And much much more Accompanying sample files and tools Microsoft Word AddIn can be downloaded from the author s website From the book cover Time is one of our most precious commodities especially to a student completing a Master s or PhD and having to type their own thesis or dissertation as most 21st century students now do What would you do with an extra month to work on your dissertation If you had to assign a financial value to a month what would that be That is the bold claim of this book that typical students with a standard knowledge of Microsoft Word completing a full PhD dissertation who know and use the information provided in this book might be able to submit their dissertation approximately a month earlier or have an extra month s worth of time to focus on their research work This claim is made on the basis of the author s extensive experience in assisting students with problems encountered in the typing of their dissertations and teaching these principles to postgraduate students in a focused Microsoft Word training course But it gets better The techniques presented in this book do not save time by taking shortcuts that impinge on the quality of the final product In fact the focus of these techniques is how to improve the quality of the submitted dissertation by avoiding the mistakes students commonly make as a result of their lack of knowledge about the features offered by Microsoft Word In other words better quality work is obtained by employing techniques that simultaneously allow students to work faster So what will you do with your month
