How to Write a BA Thesis, Second Edition Charles Lipson, 2018-12-05

How to Write a BA Thesis is the only book that directly addresses the needs of undergraduate students writing a major paper. This book offers step by step advice on how to move from early ideas to finished paper. It covers choosing a topic, selecting an advisor, writing a proposal, conducting research, developing an argument, writing and editing the thesis, and making through a defense. Lipson also acknowledges the challenges that arise when tackling such a project and he offers advice for breaking through writer's block and juggling school life demands. This is a must read for anyone writing a BA thesis or for anyone who advises these students.

The Academic Writer's Toolkit Arthur Asa Berger, 2016-07 Berger's slim user friendly volume on academic writing is a gift to linguistically stressed academics. Author of 60 published books, the author speaks to junior scholars and graduate students about the process and products of academic writing. He differentiates between business writing skills for memos, proposals, and reports and the scholarly writing that occurs in journals and books. He has suggestions for getting the turgid out of turgid academic prose and offers suggestions on how to best structure various forms of documents for effective communication. Written in Berger's friendly personal style, he shows by example that academics can write good readable prose in a variety of genres.

My Gospel Duty William Chen, Gospel Duty were the first two words that jumped into my mind when I needed a file name in order to save my work. My intention is to share my experience with the person who is waiting for any proof of the existence of God before he or she is willing to accept the Lord or as I like to put it, to fall to the right side of the fence. In addition, my purpose is to outreach to the unaffiliated individual in hopes that he or she will return to God. This book is based on the accumulation of over 60 years of my very personal experience. There are many events in my life that could not have occurred without the help from the Holy Spirit. An incident that finally persuaded me to believe in the existence of the Holy Spirit was when I walked into a Catholic church in Dali, Yunnan, China, a remote town at the eastern edge of the Himalayan mountain range and purchased a notebook the next day with a clear instruction from my Holy Spirit. This event gave me the reason and the impetus to write my lifelong experiences. This writing is about the existence of the Holy Spirit and my faith journal as an immigrant. Having faith is the best thing that can happen to any individual because God gives us peace within our heart. I invite you on my journey towards an enlightened faith.

Klaus,2013-11-01 Confident or fretful solemn or sassy tough or tender casual or formal the self you project in writing your persona is the byproduct of numerous decisions you make about what to say and how to say it Though any single word or phrase or sentence might make little difference within the scope of an entire essay or book collectively they create an impression of who you are or seem to be an impression that s sure to influence how readers respond to your work Thus it s essential to take charge of how you come across on the page to craft an appropriate persona for whatever you re writing whether it s a personal essay a blog a technical report a letter to the editor or a memoir In this wise and ingenious little guide noted essayist Carl Klaus shows you how to adapt your self to the needs of such varied nonfiction by varying his own persona to illustrate the distinctive effect produced by each aspect and element of writing Klaus divides his book into two parts first an introduction to the nature and function of a persona then a survey of the most important elements of writing that contribute to the character of a persona from point of view and organization to diction and sentence structure Both parts contain exercises that will give you practice in developing a persona of your choice Challenging and stimulating each of his exercises focuses on a distinctly different aspect of composition and style so as to help you develop the skills of a versatile and personable writer By focusing on the most important ways of projecting your self in nonfiction prose you can learn to craft a distinctive self in your writing
