

Procedure

- The teacher assigns students to pairs with at least one good reader in each pair.
- Student A describes what he or she is planning to write to Student B, who listens carefully, probes with a set of questions, and outlines Student A's ideas. Student B gives the written outline to Student A.
- This procedure is reversed, with Student B describing what he or she is going to write and Student A listening and completing an outline of Student B's ideas, which is then given to Student B.
