The Future of English in Asia Michael O'Sullivan, David Huddart, Carmen Lee, 2015-10-05 This collection is unique in bringing together key thinkers on language and literature to discuss the future of English in Asia Many of the contributors are themselves responsible for important sub genres in English linguistics and literary studies and this collection gives them the opportunity to respond to each other directly The different chapters also respond to different contemporary debates and emerging trends and discourses that are hugely important for the future of English language teaching in schools across Asia This volume is also ground breaking in bringing English literary studies and Applied English Linguistics together in the contemporary Asian context The Future of English in Asia includes studies on the following subject areas Cultural Translation in World Englishes Multilingual Education English Futures and the function of Literature English Literary Studies in Japan and English and Social Media in Asia Well into this century it appears that it is still very difficult to know what to expect when it comes to the future of English The future of English will continue to be determined by complex local contexts As it has in other parts of the world the future of English in Asia will continue to rely on the proliferation of its transformations as much as its hegemonic status This volume reflects the widespread acknowledgement that whatever future English has will inevitably be shaped by its fate in Asia The collection will be a welcome resource for scholars and students of English linguistics English literary studies and topics related to the teaching of English in Asia

Reading with Writing in Mind Nancy Charron, Marilyn Fenton, Margaret Harris, 2017-11-17

Good writing begins with good reading This book is written on the premise that students must embrace reading as a part of the full process of good writing It may be used by classroom teachers Grades 6-12 individually or collectively as members of a professional learning community by pre-service teachers in a literacy course or by other educators working to support literacy in the classroom Interdisciplinary discussions relate to all types or genres of reading and writing This book offers practical lessons and ideas for teaching and motivating all learners using Universal Design for Learning principles

Formatting provides additional ideas for challenged students including students with special needs accelerated learners and English Language Learners and is aligned with Common Core State Standards for content subjects as well as for language arts It takes ideas that were formerly reserved for the upper echelon of students in English language arts and reformulates

teaching approaches to reach students across the learning spectrum and in all disciplines All teachers need to be involved in raising the literacy bar and this book provides activities and strategies for use in the classroom that can promote success for all learners
