A Shrinking Island Joshua Esty,2009-01-10 This book describes a major literary culture caught in the act of becoming minor In 1939 Virginia Woolf wrote in her diary Civilisation has shrunk Her words captured not only the onset of World War II but also a longer term reversal of national fortune The first comprehensive account of modernism and imperialism in England A Shrinking Island tracks the joint eclipse of modernist aesthetics and British power from the literary experiments of the 1930s through the rise of cultural studies in the 1950s Jed Esty explores the effects of declining empire on modernist form and on the very meaning of Englishness He ranges from canonical figures T S Eliot and Virginia Woolf to influential midcentury intellectuals J M Keynes and J R R Tolkien from cultural studies

pioneers Raymond Williams and E P Thompson to postwar migrant writers George Lamming and Doris Lessing Focusing on writing that converts the potential energy of the contracting British state into the language of insular integrity he argues that an anthropological ethos of cultural holism came home to roost in late imperial England Esty s interpretation challenges popular myths about the death of English literature It portrays the survivors of the modernist generation not as aesthetic dinosaurs but as participants in the transition from empire to welfare state from metropolitan art to national culture Mixing literary criticism with postcolonial theory his account of London modernism s end stages and after lives provides a fresh take on major works while redrawing the lines between modernism and postmodernism Book Review Digest ,1927
