

Essay on Current Affairs

One of the most pressing current affairs is the ongoing COVID-19 pandemic. The virus has had a significant impact on global health, economies, and daily life. Governments around the world have implemented various measures to control the spread of the virus, including lockdowns, social distancing guidelines, and vaccination campaigns. However, new variants of the virus continue to pose challenges, and there are concerns about vaccine distribution and access in developing countries.

Another important current affair is the issue of climate change. The recent United Nations Climate Change Conference (COP26) highlighted the urgent need for countries to take action to reduce greenhouse gas emissions and limit global warming. The conference resulted in commitments to cut emissions and increase funding for climate adaptation and mitigation efforts. However, there is still much work to be done to meet the goals set out in the Paris Agreement and prevent catastrophic climate change.

Overall, these current affairs demonstrate the interconnected nature of global challenges and the need for international cooperation and action to address them.

Delhi started to engage public in various states of planning and plan implementation in various forms and degrees. The engagement of public in planning has stated long back in 1962 when the first Master Plan for Delhi was prepared. Even after 50 years of planning for people, the planners and policy makers thought for evolving planning with people approach in planning and this culminated in Delhi in the form of concept of Local Area Plan. In 2005 pilot project for the preparation of Local Area Plan got initiated and got completed and the result was not satisfactory and again in 2010 pilot project for the preparation of Local Area Plan started and by 2012 it got completed.
