A Day at the Zoo

On a sunny Saturday, Mike and Leo went to the zoo. The animals were as lively as a parade, each one adding to the excitement of the day. The elephants were like giants with skin as tough as armor. They were ancient kings that strolled through their enclosure with grace. Hearing the graffiti reached up like tall, leafy trees, their necks stretching to nibble on the highest branches. Mike and Leo also watched the monkeys swinging from the trees. Their movements were like dancers on a stage, jumping and twirling with endless energy. The lions roared in the shade, their manes being a golden crown in the sunlight. The zookeeper, Mrs. Brown, was a warm beacon, guiding the visitors through the wonders of the zoo. As they walked past the penguin exhibit, Mike noticed the penguins sliding into the water like sleek, black arrows. The zoo was a treasure chest of amazing sights and sounds, and Mike and Leo couldn't wait to return.

A Study in Greene Bernard Bergonzi, 2006-09-07 Bernard Bergonzi has been reading Graham Greene for many years; he still possesses the original edition of *The End of the Affair* that he bought when it was published in 1951. After so much recent attention to Greene's life, he believes it is time to return to his writings in this critical study. Bergonzi makes a close examination of the language and structure of Greene's novels and traces the obsessive motifs that recur throughout his long career. Most earlier criticism was written while Greene was still alive and working and was to some extent provisional as the final shape of his work was not yet apparent. In this book, Bergonzi is able to take a view of Greene's whole career as a novelist which extended from 1929 to 1988. He believes that Greene's earlier work was his best, combining melodrama, realism, and poetry with *Brighton Rock* published in 1938, a moral fable that draws on crime fiction and Jacobean tragedy as the masterpiece. The novels that Greene published after the 1950s were very professional examples of skilful story telling but represented a decline from this high level of achievement. Bergonzi challenges assumptions about the nature of Greene's debt to cinema and attempts to clarify the complexities and contradictions of his religious ideas. Although this book engages with questions that arise in academic discussions of Greene, it is written with general readers in mind.
