**Fostering Children's Faith**

Jeanne Hall,2012-03-29 Fostering faith in children is a shared privilege and responsibility of parents godparents and the church community We promise our children at baptism that we will support them in their faith formation in the formation of their relationship with God We need to take this promise seriously This book is intended to be an accessible and helpful resource for parents and other adults who seek to foster children s faith This book succinctly explores many ways we can support children s faith formation including our day to day interactions with children the images of God we share with them how we pray together the rituals we create service opportunities we provide music we share together the stories we tell and listen to our celebration of the sacraments and more While this book has a distinctly Roman Catholic orientation much of the content will be relevant for a wider Christian audience Lastly but perhaps most importantly this book is rooted in the conviction that the God we seek relationship with and that we hope to foster our children s relationship with is one who is infinitely loving welcoming and always yearning for deeper connection with us

**Early Childhood Pedagogies** Jane Murray,2018-12-07 Diverse international perspectives on the ways in which young children s learning and care may be supported converge in this book Traversing the field of early childhood education and care from its established philosophical underpinnings to 21st century research policies and practices the contributions to this volume draw together past and present discourses as a basis for shaping future trajectories In spite of a growing international consensus on the strong influence of early childhood experiences on lifetime outcomes the nineteen chapters reveal contemporary early childhood pedagogy as a collection of spaces characterised by plurality complexity and dissonance These characteristics signal the importance of recognising early childhood pedagogies multiple models of practice for the many diverse learning and care contexts that have the capacity to value young children as individuals and enable each to flourish now and throughout their lives Moreover such characteristics disrupt notions that a single optimal early childhood pedagogy is either possible or desirable

**The Moral Psychology of Forgiveness** Kathryn J. Norlock,2017-05-24 The feeling that one can t get over a moral wrong is challenging even in the best of circumstances This volume considers challenges to forgiveness in the most difficult circumstances It explores forgiveness in criminal justice contexts under oppression after genocide when the victim is dead or when bystanders disagree when many different negative reactions abound and when anger and resentment seem preferable and important The book gathers together a diverse assembly of authors with publication and expertise in forgiveness while centering the work of new voices in the field and pursuing new lines of inquiry grounded in empirical literature Some scholars consider how forgiveness influences and is influenced by our other mental states and emotions while other authors explore the moral value of the emotions attendant upon forgiveness in particularly challenging contexts Some authors critically assess and advance applications of the standard view of forgiveness predominant in Anglophone philosophy of forgiveness as the overcoming of resentment while others offer rejections of basic aspects of the standard view such as what sorts of feelings are compatible with forgiving The book offers new directions for inquiry into forgiveness and shows that the moral psychology of forgiveness continues to enjoy challenges to its theoretical structure and its practical possibilities
