Occupational and Activity Analysis Heather Thomas, 2024-06-01. Newly updated to reflect the Occupational Therapy Practice Framework Domain and Process Fourth Edition (OTPF 4). Occupational and Activity Analysis Third Edition outlines the process of conducting occupational and activity analyses for occupational therapy students and clinicians. Occupational therapy practitioners use occupations and activities not only as a goal but also as a treatment medium, so understanding both the uniqueness of a client's occupations and how an activity can be used therapeutically is essential.
