Lafayette in the Age of the American Revolution—Selected Letters and Papers, 1776-1790 Le Marquis de Lafayette, 2019-05-15 The second volume in this distinguished series provides a comprehensive picture of the Franco-American alliance and of the day to day problems of conducting the War of Independence as reported by Lafayette and his correspondents on both sides of the Atlantic Volume II begins with Lafayette's reunion with the main army at Valley Forge in the spring of 1778 after an assignment to Albany It follows him on his return to France in January 1779 on leave from the American army and ends in the spring of 1780 when he was sent back to America to announce the coming of the French expeditionary force and to help formulate American plans for cooperation with the French forces Complementing Lafayette's personal memoirs which open the two parts of the book are exchanges of letters with such prominent figures as George Washington<sup>1</sup> Henry Laurens Benjamin Franklin the Comte d'Estaing John Paul Jones and the Comte de Vergennes The documents and letters written in English are published as they appear in the manuscripts those written in French appear both in the original and in translation Much of the basic material for this series which will comprise six volumes is drawn from Lafayette's own collection of manuscripts A brilliant portrait of Lafayette in his own words the books reveal much more complex elements in his character and outlook than have been apparent before **A Phraseological Dictionary of**
