Fruits of Leisure: Or, Essays Written in the Intervals of Business Sir Arthur Helps, 1851

Written on the Water Samuel Baker, 2010-06-07 Water water is everywhere in Romantic literature but most treatments of the poetry of the period have not adequately registered this fact By situating Romanticism within the historical context of an emergent British maritime empire Baker provides a new way of thinking about literature *Written on the Water* is a wonderful book as expansive in its attempt to reinterpret Romantic poetry as the nautical horizons it examines Alan Bewell University of Toronto author of *Romanticism and Colonial Disease*

The Best American Essays 2011 Edwidge Danticat, Robert

Atwan,2020-12-15 The acclaimed author of *Breath Eyes Memory* presents an anthology of personal essays by Hilton Als Christopher Hitchens Zadie Smith and others In her selection process for this sterling volume Edwidge Danticat considers the inherent vulnerability of the essay form a vulnerability that seems all the more present in today's spotlighted public square As she says in her introduction when we insert our I our eye to search deeper into someone something or ourselves we are always risking a yawn or a slap indifference or disdain Here are intimate personal essays that examine a range of vital topics from cancer diagnosis to police brutality and from devastating natural disasters to the dilemmas of modern medicine All in all the brave voices behind these experiences keep the pages turning Kirkus Reviews *The Best American Essays 2011* includes entries by Hilton Als Katy Butler Toi Derricotte Christopher Hitchens Pico Iyer Charlie LeDuff Chang Rae Lee Lia Purpura Zadie Smith Reshma Memon Yaqub and others **The "I Hate to Write" Guide to College Level Essays** Beth Daniels,2017-12-29 THE I HATE TO WRITE GUIDE TO COLLEGE LEVEL ESSAYS 4 IN 1 does not replace the required text books in English Composition courses but it does explain how to write an essay at this level without using academic words like thesis I never understood what that meant when I was an undergraduate so I don't expected everyone to know what it means but I do explain what it is in regular language The four volumes grouped together here have appeared in e book form but never as a print copy It was probably past time to offer another option The reason I wrote BASIC ESSAY BOOK CRITIQUE and RESEARCH PAPER is that they were the first essays students were required to write not just in composition class but in other courses CHOOSING A TOPIC is something that has boggled many a mind These are my guidelines and enough students told me that the way I detailed essay requirements finally allowed the light bulb moment of understanding the process be lit for them Hopefully you'll find something helpful too *How Plato Writes* Malcolm Schofield,2023-08-17 Plato is a philosophical writer of unusual and ingenious versatility His works engage in argument but are also full of allegory imagery myth paradox and intertextuality He astutely characterises the participants whom he portrays in conversation Sometimes he composes fictive dialogues in dramatic form while at other times he does so as narratives In this book world renowned scholar Malcolm Schofield illustrates the variety of the literary resources that Plato deploys to achieve his philosophical purposes He draws key passages for discussion particularly but not only from Republic and the less well known Laws and also shows how reconstructing the original historical context of a dialogue and of its assumed readership is essential to understanding Plato's approach The book will open the eyes of readers of all levels of expertise to Plato's masterly ability as a writer and how an understanding of this is crucial if we are to appreciate his philosophy [The Best American Essays 2011](#) Robert Atwan,2011 The editors have compiled a collection of the year's best essays as published in periodicals **The Chinese Written Character as a Medium for Poetry** Ernest Fenollosa,Ezra Pound,Jonathan Stalling,Lucas Klein,2009-08-25 First published in 1919 by Ezra Pound Ernest Fenollosa's essay on the Chinese written language has become one of the most often quoted statements in the history of American poetics As edited by Pound it

presents a powerful conception of language that continues to shape our poetic and stylistic preferences the idea that poems consist primarily of images the idea that the sentence form with active verb mirrors relations of natural force But previous editions of the essay represent Pound's understanding it is fair to say his appropriation of the text Fenollosa's manuscripts in the Beinecke Library of Yale University allow us to see this essay in a different light as a document of early sustained cultural interchange between North America and East Asia Pound's editing of the essay obscured two important features here restored to view Fenollosa's encounter with Tendai Buddhism and Buddhist ontology and his concern with the dimension of sound in Chinese poetry This book is the definitive critical edition of Fenollosa's important work After a substantial Introduction the text as edited by Pound is presented together with his notes and plates At the heart of the edition is the first full publication of the essay as Fenollosa wrote it accompanied by the many diagrams characters and notes Fenollosa and Pound scrawled on the verso pages Pound's deletions insertions and alterations to Fenollosa's sometimes ornate prose are meticulously captured enabling readers to follow the quasi dialogue between Fenollosa and his posthumous editor Earlier drafts and related talks reveal the development of Fenollosa's ideas about culture poetry and translation Copious multilingual annotation is an important feature of the edition This masterfully edited book will be an essential resource for scholars and poets and a starting point for a renewed discussion of the multiple sources of American modernist poetry

Written Culture in a Colonial Context Adrien Delmas, Nigel Penn, 2012-01-27 Recent developments in the cultural history of written culture have omitted the specificity of practices relative to writing that were anchored in colonial contexts The circulation of manuscripts and books between different continents played a key role in the process of the first globalization from the 16th century onwards While the European colonial organization mobilised several forms of writing and tried to control the circulation and reception of this material the very function and meaning of written culture was recreated by the introduction and appropriation of written culture into societies without alphabetical forms of writing This book explores the extent to which the control over the materiality of writing has shaped the numerous and complex processes of cultural exchange during the early modern period

Dialogicity in Written Specialised Genres Luz Gil-Salom, Carmen Soler-Monreal, 2014-07-15 Dialogicity in Written Specialised Genres analyses how human beings intentionally establish a network of relations that contribute to the construction of discourse in different genres in academic promotional and professional domains in English Spanish and Italian The chapters in the present volume investigate individual voices both those assumed by the writer and those attributed to others and how they act interpersonally and become explicit in the discourse From a number of different research approaches contributing authors focus on various textual components self mention impersonation attribution markers engagement markers attitude markers boosters hedges reporting verbs politeness strategies and citations The collection is unusual in that it addresses these issues not only from the perspective of English but also from that of Spanish and Italian It thus represents a refreshing reassessment of the contrastive dimension in

the study of voice and dialogic relations taking into consideration language specialised fields and genre The volume will appeal to researchers interested in language as multidimensional dialogue particularly with regard to different written specialised texts from different linguistic backgrounds Novice writers may also find it of help in order to attain a greater understanding of the dialogic nature of writing *Dostoyevsky's Stalker and Other Essays on Psychopathology and the Arts* Michael Sperber, 2010-04-13 This book examines the arts over the course of modern history to illuminate psychiatry and psychoanalysis and how these disciplines may elucidate works of literature art and cinema These essays propose a paradigm shift in psychiatry based on the idea that some symptoms of **Encyclopedia of the Essay** Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies **Righteous Republic** Ananya Vajpeyi, 2012-10-31 What India's founders derived from Western political traditions is widely understood Less well known is how India's own rich knowledge traditions of 2 500 years influenced these men Vajpeyi furnishes this missing account showing how five founders turned to classical texts to fashion an original sense of Indian selfhood Written in Red Gina Herrmann, 2010 The first major study of the profound impact of international communist politics and culture on Spanish letters *New-York Observer*, 1902 **In Lincoln's Hand** Harold Holzer, Joshua Wolf Shenk, 2013-03-13 On the occasion of the 200th anniversary of Abraham Lincoln's birth and in conjunction with the Library of Congress 2009 Bicentennial Exhibition *In Lincoln's Hand* offers an unprecedented look at perhaps our greatest president through vivid images of his handwritten letters speeches and even childhood notebooks many never before made available to the public Edited by leading Lincoln scholars Joshua Wolf Shenk and Harold Holzer this companion volume to the Library of Congress exhibition offers a fresh and intimate perspective on a man whose thoughts and words continue to affect history To underscore the resonance of Lincoln's writings on contemporary culture each manuscript is accompanied by a reflection on Lincoln by a prominent American from the arts politics literature or entertainment including Toni Morrison Sam Waterston Robert Pinsky Gore Vidal and presidents Carter George H W and George W Bush While Lincoln's words are quite well known the original manuscripts boast a unique power and beauty and provide rare insight into the creative process In this collection we can see the ebb and flow of Lincoln's thoughts emotions hopes and doubts We can see where he paused to dip his pen in the ink or to capture an idea We can see where he added a word or phrase and where he crossed out others searching for the most precise and concise expression In these marks on the page Lincoln's character is available to us with a profound immediacy From such icons as the Gettysburg Address and the

inaugural speeches to seldom seen but superb rarities here is the world as Lincoln saw and shaped it in words and images that resound to this very day **Essays in the History of Heterodox Political Economy** Warren J. Samuels, 1992-06-18 A collection of articles on topics and individuals within the history of heterodox economic thought approached from a heterodox perspective The individuals whose work is singled out include Edward Bellamy Thorstein Veblen Edwin E Witte Robert Lee Hale and Joan Robinson **Written in Water** Rochelle Gurstein, 2024-05-28 A deeply personal yet broadly relevant exploration of the ephemeral life of the classic in art from the eighteenth century to our own day Is there such a thing as a timeless classic More than a decade ago Rochelle Gurstein set out to explore and establish a solid foundation for the classic in the history of taste To her surprise that history instead revealed repeated episodes of soaring and falling reputations rediscoveries of long forgotten artists and radical shifts in the canon all of which went so completely against common knowledge that it was hard to believe it was true Where does the idea of the timeless classic come from And how has it become so fiercely contested By recovering disputes about works of art from the eighteenth century to the close of the twentieth Gurstein takes us into unfamiliar aesthetic and moral terrain providing a richly imagined historical alternative to accounts offered by both cultural theorists advancing attacks on the politics of taste and those who continue to cling to the ideal of universal values embodied in the classic As Gurstein brings to life the competing responses of generations of artists art lovers and critics to specific works of art she makes us see the same object vividly and directly through their eyes and feel in all its enlarging intensity what they felt **Written Work** Steven Justice, Kathryn Kerby-Fulton, 2015-07-28 Critics of Piers Plowman have often behaved as if the great fourteenth century English poem were written by committee Written Work marks a major shift in orientation by focusing on William Langland instead of Piers Plowman The five original historicist studies collected here are less concerned with searching for Langland's identity in medieval records than with examining the marks even scars left on him by the history he touched Derek Pearsall studies what Langland knew about London its geography economics and social life and the way his focus on the city shifted in the course of revising the poem Kathryn Kerby-Fulton examines the conditions for authorship and publishing in late fourteenth century England and uncovers evidence of Langland's struggles to attract patronage and maintain control over the text and circulation of Piers Anne Middleton's stunning chapter explores how the long shadow of fourteenth century labor laws fell across Langland as he reworked his text Ralph Hanna III examines the conflicting demands of manual and intellectual labor on the poet while Lawrence M Clopper uncovers the deep impressions that contemporary controversies about Franciscan poverty made on Langland and his life work Each of the chapters unfolds from Langland's apologia the extraordinary autobiographical passage unique to the last of the three distinct versions of Piers Plowman that have come down to us
