

POSITION PAPER FORMAT

Rules: Every delegate participating in a committee should hand in an Official Position Paper in written form to the Chair during the first session. If not, he/she has the opportunity to hand it in during the second session (the first session of the second day), being this the last opportunity. In case a delegate does not follow these provisions, he/she will not be able to attend the second session and will receive a warning. Then, the delegate will have to write his/her Position Paper during the considered time for the second session he/she could not attend; at last, the delegate will be granted another warning if he/she does not presents the Position Paper during the third session of the committee. The delegate shall be responsible of writing his/her own Official Position Paper in the considered time. The evaluation of the Official Position Paper is a crucial element in the academic awards decision. This is why any type of plagiarism (Rule 10) is considered a grave misconduct and will invalidate the delegate's possibilities to win any award.

Position Paper

The position paper is an essay in which each delegate expresses his/her nation's position towards the topic discussed in the committee. Three parts compose the essay: a one-page introduction, a second page explaining the country's position on each topic on the Agenda and a third page with the solution proposals. The first page should have the following heading:

POSITION PAPER

Committee:

Country:

Topic:

Name of the Delegate:

School:

1. **Research:** the introductory page should include;
 - a) Basic information about the country: Population, social problems, economic system, etc.
 - b) Historical facts: Frontier conflicts, wars and the most relevant historical periods or facts.
 - c) Relationships with other countries: International organizations in which your country is a member, participation in the UN, member of which treaties, existing trade relationships and embargoes.
2. **Official Position with respect to the Topic Area:**
3. It will be made of the most relevant information of a nation about the topic to discuss. This part shall express the way the problem affects each nation and the official position of the nation represented.
4. It is very important that this text is written in third person referring always as the position of the nation or government. Delegates must express themselves as representatives of a country and do not use phrases as "I think" or "I support the idea".
