publishing student work lists of professional resources and most importantly inspiring examples of what children who are empowered to write can and will write Of Primary Importance is not a how to manual as much as it is a celebration of the idiosyncratic journey of teaching young children to write If you are a grade one through grade three teacher struggling to get your students writing well if you want to push your writing workshop to new dimensions or if you are just plain skeptical that primary kids can write something beyond I love my mom I love my dog The end this book is for you You will come away inspired challenged supported and wiser in your classroom writing instruction *A Universal Template for Research Position and Life Experience Papers* Dale Benjamin Drakeford, 2005 The self descriptive title *A Universal Template For Research Position and Life Experience Papers* implies that there is a position that writers take in even the simplest of essays As such Template provides an opportunity to accomplish two tasks at once consider the definitive differences between Research Position and Experience papers and explore the issues that impound and empower contemporary urban education Dale Benjamin Drakeford provides an interactive workshop to guide student writing on any social science subject Agreeing with many scholars that public and free pedagogy is indispensable the author also argues that there is no wrong or right in scholastic debate only correct presentation of objective thoughts or non objective attitudes This the author says is what is sometimes forgotten in the heat of getting ideas on paper Hence Template provides structure for planning papers and in process cues for staying on task to complete them with proper formality *Crafting Comparison Papers* Marcia S.
