WTO Appellate Body repertory of reports and awards: 1995-200 Organizació Mundial de Comerç, 2005 **WTO Appellate Body Repertory of Reports and Awards, 1995-2013, 5th Edition**, 2014 Trade multilateralism in the twenty first century faces a serious test as weakness in the global economy and fast paced technological changes create a challenging environment for world trade This book examines how an updated and robust rules based multilateral framework anchored in the WTO remains indispensable to maximizing the benefits of global economic integration and to reviving world trade By examining recent accessions to the WTO it reveals how the growing membership of the WTO has helped to support domestic reforms and to strengthen the rules based framework of the WTO It argues that the new realities of the twenty first century require an upgrade to the architecture of the multilateral trading system By erecting its upper floors on the foundation of existing trade rules the WTO can continue to adapt to a fast changing environment and to maximize the benefits brought about by its ever expanding membership
