impresses even now more than 150 years later His practical philosophical and occasionally Twain like hilarious observations cover politics and the secession movement the long and increasingly destructive Civil War family pets a wide variety of hobbies and interests and what life was like at the center of a socially prominent wealthy family in the important Confederate manufacturing center of Macon The young scribe often voiced concern about the family s pair of plantations outside town and recorded his interactions and relationships with servants as he pondered the fate of human bondage and his family s declining fortunes Unbeknownst to LeRoy he was chronicling his own slow and painful descent toward death in tandem with the demise of the Southern Confederacy He recorded often in horrific detail an increasingly painful and debilitating disease that robbed him of his childhood The teenager s declining health is a consistent thread coursing through his fascinating journals I feel more discouraged and less hopeful about getting well than I ever did before he wrote on March 17 1863 I am weaker and more helpless than I ever was Morphine and a score of other remedies did little to ease his suffering Abscesses developed nagging coughs and pain consumed him Alternating between bouts of euphoria and despondency he often wrote Saw off my leg The War Outside My Window edited and annotated by Janet Croon with helpful footnotes and a detailed family biographical chart captures the spirit and the character of a young privileged white teenager witnessing the demise of his world even as his own body slowly failed him Just as Anne Frank has come down to us as the adolescent voice of World War II LeRoy Gresham will now be remembered as the young voice of the Civil War South Winner 2018 The Douglas Southall Freeman Award
