Single Woman Science, Belief, Intuition Lawrence Dh Wood MD PH.D,2012-04-18 While building a strong program in Critical Care on foundations of excellence and compassion Dr Wood used two methods of inquiry and knowing Science looked outward with objective accurate reproducible measurements to falsify erroneous explanations Belief looked inward for purpose and meaning analyzing personal subjective issues like God which cannot be falsified for lack of a Godometer But when verified by the still small voice or intuition belief creates a spiritual source of knowing akin to the scientific method Recent books like War of the Worldviews assume science and spirituality are antagonistic debating which is better is like bringing a knife to a gunfight for both sides are vulnerable to critique Science Belief Intuition shows how the strengths of one fill the gaps of the other providing more comprehensive understanding together than either alone *The Woman at the Washington Zoo* Marjorie Williams,2007-03-31 Marjorie Williams knew Washington from top to bottom Beloved for her sharp analysis elegant prose and exceptional ability to intuit character Williams wrote political profiles for the Washington Post and Vanity Fair that came to be considered the final word on the capital s most powerful figures Her accounts of playing ping pong with Richard Darman of Barbara Bush s stepmother quaking with fear at the mere thought of angering the First Lady and of Bill Clinton angrily telling Al Gore why he failed to win the presidency to name just three treasures collected here open a window on a seldom glimpsed human reality behind Washington s determinedly blank face Williams also penned a weekly column for the Post s op ed page and epistolary book reviews for the online magazine Slate Her essays for these and other publications tackled subjects ranging from politics to parenthood During the last years of her life she wrote about her own mortality as she battled liver cancer using this harrowing experience to illuminate larger points about the nature of power and the randomness of life Marjorie Williams was a woman in a man s town an outsider reporting on the political elite She was like the narrator in Randall Jarrell s classic poem The Woman at the Washington Zoo an observer of a strange and exotic culture This splendid collection at once insightful funny and sad digs into the psyche of the nation s capital revealing not only the hidden selves of the people that run it but the messy lives that the rest of us lead *Hebrew-English Edition of the Babylonian Talmud: Niddah* Isidore Epstein,1989 *Stillness* Richard Mahler,2003-01-01 The author describes the time he lived deliberately alone as a caretaker of a ranch and the effect of this solitude has had on his life arguing that spending time alone reduces stress and leads to a simpler existence The Necklace Cheryl Jarvis,2009-08-25 One day in Ventura California Jonell McLain saw a beautiful diamond necklace in a jewelry store window and wondered Why are personal luxuries so plentiful yet accessible to so few What if we shared what we desired Several weeks dozens of phone calls and one great leap of faith later Jonell and twelve other women bought the necklace together to be passed along among them all The dazzling treasure weaves in and out of each woman s life reflecting her past defining her present making promises for her future Lending sparkle in surprising and unexpected ways the necklace comes to mean something dramatically different to each of the thirteen women With vastly dissimilar histories and lives they transcend their individual personalities and politics
