Llewellyn Vaughan-Lee, Irina Tweedie

The Mystics Of Islam Arkana:

The Essence of Sufism John Baldock, 2005-03-01 Insight into Life is the real religion which alone can help man to understand Life Hazrat Inayat Khan The Sufis have been using carefully constructed stories for teaching purposes for thousands of years Though on the surface these often appear to be little more than fairy or folk tales the Sufis hold that they enshrine in their characters plots and imagery patterns and relationships that nurture a part of the mind not reachable in more conventional ways thus increasing our understanding flexibility and breadth of vision Familiarization with this body of material can eventually provide answers to questions about our origins and our destiny In this book John Baldock explores the rich body of literature the Sufis have produced to guide spiritual travellers While explaining the significant teachings and emphasizing their significance for us he sheds a timely light on the Sufis fascinating perception of life revealing it to be a process of the heart and not of the head and offers intriguing pathways to further study and reflection The Pursuit of Certainty Wendy James, 2003-12-16 Although the world population faces movement mixing and displacement on a larger scale than ever before the result has not been a collapse of boundaries but an increase in the rise of new forms of ethnic cultural and religious identity Those based in the highly developed countries can extend global influence through wealth and sophisticated technology The Pursuit of Certainty presents original case studies which explore the effect anthropology s inherited tradition of tolerance and cross cultural understanding has on the new pursuits of truth Several chapters focus on the rise of new certainties while others examine notions of diversity providing a critical perspective on the new religious movements and current popular orthodoxies relating to society and culture Buddhism in Iran M. Vaziri, 2012-07-26 Exploring the interactions of the Buddhist world with the dominant cultures of Iran in pre and post Islamic times Vaziri demonstrates that the traces and cross influences of Buddhism have brought the material and spiritual culture of Iran to its present state even after the term was eradicated from the literary and popular language of the region **Laylī and Majnūn** Ali Asghar Seyed-Gohrab, 2021-07-19 This book is the first comprehensive analysis of Nezāmī's romance Layl and Majnūn 1188 It examines key themes such as chastity constancy and suffering through an analysis of the main characters Majnūn s asceticism kingship love madness poetic genius ill fate and love death are treated in separate chapters The patriarchal society in which Layl lives her anxieties and dilemmas incarceration secret love imposed marriage and finally her death are discussed in detail One chapter is devoted entirely to the different ways parents raise their children and the consequences Finally the book gives an analysis of Nezāmī's style the narrative structure of the romance and the symbolism of time and setting **Disguise, Deception, Trompe-l'oeil** Leslie Anne Boldt-Irons, Corrado Federici, Ernesto Virgulti, 2009 The series is designed to advance the publication of research pertaining to themes and motifs in literature The studies cover cross cultural patterns as well as the entire range of national literatures They trace the development and use of themes and motifs over extended periods elucidate the significance of specific themes or motifs for the formation of period styles and analyze

the unique structural function of themes and motifs *Sufism* Llewellyn Vaughan-Lee,1995-06-01 This is a clear and accessible approach to the spiritual tradition of Sufism a mystical path which uses the energy of love for inner transformation Vaughan Lee gives an outline of Sufism its basic principles historical background and recent development in the West and offers practical guidelines to help the seeker The Modern Middle East Mehran Kamrava,2005-01-31 The first succinct and authoritative overview of the making of the modern Middle East this lucid book brings a valuable mix of historical perspectives and contemporary analysis to a wide audience of readers seeking expert knowledge about this troubled and fascinating region Giving a rich perspective on the region s historical and political evolution the book traces the influence of factors such as religion culture and economics and illuminates events and topics currently in the news With its broad thematic sweep and its balanced presentation of contentious issues it is essential reading for general readers and students who want to better understand the world today Mehran Kamrava sets the stage with a concise discussion of the evolution of Islam and the religion s profound role in the region He then looks at in turn the rise and fall of the Ottomans the trials of independence and state building the emergence and fiery spread of nationalism the two Arab Israeli wars of 1967 and 1973 the Iranian Revolution and the two Gulf Wars and beyond including discussion of the invasion of Iraq by the United States After tracing the consequences of these historical events for a host of political phenomena Kamrava gives detailed attention to three pivotal issues the challenges of economic development the Palestinian Israeli conflict and the question of democracy He also examines issues that will shape the future population growth environmental pollution and water scarcity *Hafiz and the Religion of Love in Classical Persian Poetry* Leonard Lewisohn,2010-06-02 The romantic lyricism of the great Persian poet Hafiz 1315 1390 continues to be admired around the world Recent exploration of that lyricism by Iranian scholars has revealed that in addition to his masterful use of poetic devices Hafiz s verse is deeply steeped in the philosophy and symbolism of Persian love mysticism This innovative volume discusses the aesthetic theories and mystical philosophy of the classical Persian love lyric ghazal as particularly exemplified by Hafiz who along with Rumi and Sa di is Persia s most celebrated poet For the first time in western literature Hafiz s rhetoric of romance is situated within the broader context of what scholars refer to as Love Theory in Arabic and Persian poetry in particular and Islamic literature more generally Contributors from both the West and Iran conduct a major investigation of the love lyrics of Hafiz and of what they signified to that high culture and civilization which was devoted to the School of Love in medieval Persia The volume will have strong appeal to scholars of the Middle East medieval Islamic literature and the history and culture of Iran **The Signs of God** Llewellyn Vaughan-Lee,2001-04-06 The Signs of God explores the importance of mystical consciousness at this time of global transition In the depths of the heart is hidden the secret purpose of creation which is the key to our present time of transformation The work of the mystic is to make this key accessible to humanity and so open the doors of revelation The possibilities of the future are present but veiled the joy of life is waiting to return The mystic can help us to awaken to the

oneness that is essential to life and to recognize the signs of God that will guide us and reveal our true purpose *Catching the Thread* Llewellyn Vaughan-Lee, Irina Tweedie, 1998-07-10 A pioneering work integrating the traditional wisdom of the Sufis with the insights of Jungian psychology **Landscape of a Mind** Tohon, 2015-05-28 A torrent's course does not depend on the water it is latent in the mountain's topography What controls a man's destiny There is no virtue without vice just as there is no gold without impurity Therefore when one acquires a virtue does one not also acquire a vice too Such are the musings and reflections in *The Landscape of a Mind* In this profoundly introspective collection of thoughts gathered in journal entries and correspondence with friends Tohon questions the essence of human nature the obscure workings of the human mind and the heart and mulls over the meaning of good and evil the implications of the self and ego and the concepts of free will and choice destiny and fate A considerable amount of ground to cover but Tohon's personalised and conversational tone as well as his use of an approach that is very much rooted in the Eastern philosophies makes this piece an enjoyable exchange of thoughts ideas and beliefs between humanists and philosophers on a very much global level

Prophet al-Khidr Irfan A. Omar, 2022-09-02 The Qur'anic verses 18:60-82 in Surat al Kahf present the story of Khidr and Moses as a lesson on the modalities of being and of knowing Traditionally the story is seen from a variety of vantage points that include historical textual literary and allegorical each of which is framed differently depending on the religious cultural context This book in addition to examining the theological sources traces the story's mythical mystical and popular interpretations engendered by the Qur'anic story The author argues that the story's major contribution is its ability to communicate the importance of cultivating humility a fundamental goal for any person of faith Despite his importance in the Qur'an Moses is not the main hero in this story instead he is used to point to an even higher truth pertaining to the spiritual dimensions of faith This book suggests that Khidr's Qur'anic story symbolizes these truths by providing a perspective on the tension between materiality and spirituality the *ahir* exoteric and the *ba'in* esoteric and human and divine forms of knowledge Additionally in this work the Khidr narrative is viewed as a source of nourishment for theories that speak to the intersectionality between Islam and other religious traditions **Rumi and Shams' Silent Rebellion** Mostafa

Vaziri, 2015-07-08 This book offers a paradigm shift and fresh interpretation of Rumi's message After being disentangled from the anachronistic connection with the Mevlevi order of Islamic Sufism Rumi is instead placed in the world of philosophy
