The Ninja And The Pastor:

The Ninja and the Pastor Noam Cohen, Deborah Cohen, 2014-11-14 This is the story of a Jewish man's journey to seek truth and to finally find it in his Messiah Yeshua Jesus with the help of an American pastor named Deborah And it is a story of romance after the shock grief and trauma of divorce The Ninja and The Pastor met and were healed together as they walked in His Way Blood of the Dragon Marcus Robinson, 2011-09-12 When Jubei discovers the truth about the true motives of his ninja clan he becomes the clan's next target Jubei's search for the truth puts him on the path of blood and violence as he discovers redemption through Jesus Christ An unlikely friendship with a local pastor and an unexpected and powerful love Jubei has only one choice protect the pastor and his family at any cost and bring an end to the treachery of his old clan How can a born again Christian that was once the world's most notorious ninja assassin and the ninja that all other ninjas fear put an end to his clan and not lose his soul in the process *The Worship Pastor* Zac M. Hicks, 2016-10-11 Modern worship leaders are restless They have inherited a model of leadership that equates leading worship with being a rock star But leading worship is more than a performance it's about shaping souls and making disciples Every worship leader is really a pastor The Worship Pastor is a practical and biblical introduction to this essential pastoral role Filled with engaging illustrative stories it is organized to address questions of theory and practice striving to balance conversational accessibility with informed instruction Part One presents a series of evocative vignettes intriguing and descriptive titles and metaphors of who a Worship Pastor is and what he or she does It shows the Worship Pastor as Church Lover Disciple Maker Corporate Mystic and Doxological Philosopher Part Two covers specific roles related to ministry within the worship service itself the Worship Pastor as Theological Dietician Caregiver Mortician Emotional Shepherd War General Prophetic Guardian Missional Historian and Liturgical Architect Part Three looks at ministry beyond the worship service the Worship Pastor as Visionary Teacher Evangelist Artist Chaplain and Team Leader While some worship leaders are eager to embrace their pastoral role many are lost and confused or lack the resources of time or money to figure out what this role looks like Pastor Zac Hicks gives us a clear guide to leading worship one that takes the pastoral call seriously *The Art of the Christian Ninja* Allan Descheneau, 2016-05-19 There are lots of great devotional books and discipleship guides out there but The Art of the Christian Ninja is different The name The Art of The Christian Ninja was birthed from an encounter with God that spawned an unshakable thought the critical importance of the secret side of the Christian faith This book was written to inspire believers to build their relationship with God in ways that no one else sees This is more than a simple Bible study or discipleship manual It's a partnership between art and writing black ink and white space a tying together of teaching and questions meditation and practice humour and study It's a journey a meditation a conversation a long walk and a training ground to help believers connect their faith and life and become the Christian Ninjas God wants to help them be An interesting account of the old Ninja mythology and how it can be turned to the Christian's advantage It should be a valuable

Kingdom Politics Kristopher Norris, Sam Speers, 2015-04-16 American Christians weary of decades of entrenched partisan feuding are increasingly distancing themselves from politics Some however continue to turn toward the state and public policy to find solutions to the world s problems The problem is that both responses allow a narrow vision of politics to determine the church s mission and ministries which often ends up separating its commitment to personal faith from the pursuit of social justice the King from the kingdom Christians too easily forget that the church is inherently political a community defined by its allegiance to a King its citizenship in a new world and its call to work alongside others in pursuit of a new way of life The church needs a political vision that is more than blind acceptance or mere rejection of past models It needs a positive vision that takes its cues about politics not from the nation state but from another political reality the kingdom of God This book tells the stories of the visits of two researchers to five diverse congregations across the United States From the megachurch energy of Rick Warren s Saddleback Church in California to a young Emergent community in Minneapolis to the politically active home of Martin Luther King in Atlanta these stories illuminate the vastly different ways congregations understand and approach politics and offer a glimpse of a new political imagination for today s church

former fighters have access to elites and to second tier individuals such as former mid level commanders who can act as intermediaries between the two By utilizing relationships based on selective incentives and social networks these two kinds of remobilizers are able to generate the needed enticements and feelings of affinity trust or fear to convince ex combatants to resort to arms These findings demonstrate that the outbreak of ex combatant violence can only be understood by more clearly incorporating an actor perspective focusing on three levels of analysis the elite midlevel and grass root This book will be of much interest to students of peacebuilding civil wars post conflict reconstruction war and conflict studies security studies and IR

African Conflicts and Informal Power Mats Utas, 2012-03-08 In the aftermath of an armed conflict in Africa the international community both produces and demands from local partners a variety of blueprints for reconstructing state and society The aim is to re formalize the state after what is viewed as a period of fragmentation In reality African economies and polities are very much informal in character with informal actors including so called Big Men often using their positions in the formal structure as a means to reach their own goals Through a variety of in depth case studies including the DRC Sierra Leone and Liberia this comprehensive volume shows how important informal political and economic networks are in many of the continent s conflict areas Moreover it demonstrates that without a proper understanding of the impact of these networks attempts to formalize African states particularly those emerging from wars will be in vain
