their behavior to do an entire sequence instead of just focusing on trying to implement numerous new habits one at a time. This method takes less motivation and builds momentum quickly for comprehensive behavior change. The Miracle Morning's recommended daily routine is a clear example of a classic habit stack. It consists of 6 habits: Silence, Affirmations, Visualization, Exercise, Reading, and Scribing. S A V E R S. To help readers memorize this sequence, Elrod creates a simple acronym: Life S A V E R S. This acronym is also a metaphor for the projected impact of the routine on the reader. Elrod contends that if the reader contentiously follows the steps, he or she will be able to discern their innermost desires and achieve the high quality of life they deserve. The routine is intended to save readers from a life of mediocrity and underachievement. This book is one of the most highly rated books on Amazon; it has over two thousand five hundred five star reviews and it was endorsed by world renowned influencers and luminaries including Robert Kiyosaki, James Altucher, Pat Flynn, Brian Johnson, Gail Lynne Goodwin, and others. The significance of this book is rooted in the author's capacity to select universally accepted practices for personal development and combine them into a seamless routine that challenges the reader to explore his or her inner values and create a plan to achieve his or her dreams. The book spurred on an international movement and has been translated into 27 languages. The writer claims that the book can help people create the life they have always wanted by building on the simple premise that the way a person starts their day influences the quality of their overall life.
