

The Outsiders

by S. E. Hinton

Please answer the following questions on a separate sheet of paper.

Chapter 1

1. Who are the Socs? Who are the Greasers?

Socs - rich, madras, mustangs, East side

Greasers - poor, t-shirts and jeans, West side

2. How is Pony's relationship with Darry different from his relationship with Soda?

Darry is more like a father-figure to Pony. He loves him, but they argue a lot and he is hard on him. Soda and Pony are friends. He really understands Pony and they have a lot in common.

3. Why is the "gang" so important to Johnny?

He relies on them like family, because his father abuses him and his mother ignores him.

4. Do you think Darry loves Pony? Why does he treat Pony the way he does?

Yes, he does love Pony. He is hard on Pony because he doesn't want him to get in trouble because then the boys would be split up. He wants Pony to have a good life.

5. Explain what Pony means when he says, "I lie to myself all the time". Why do you think people lie to themselves?

He tries to convince himself something is truth. For example, he tries to convince himself that he doesn't care that Darry doesn't love him, but he does care whether or not Darry loves him.

Chapter 2

1. Who are Cherry and Marcia?

Two Socy girls Pony and Johnny picked up at the drive-in.

2. Why is it strange that Cherry and Pony get along so well?

Socs and Greasers shouldn't get along, but Cherry and Pony have a lot in common - sunsets, dreamers, school.

3. According to Two-Bit, what is a "fair fight"? Why don't Socs fight fair?

The Sociology of Structural Disaster Miwao Matsumoto,2021-03-29 How and why did credible scientists engineers government officials journalists and others collectively give rise to a drastic failure to control the threat to the population of the Fukushima disaster Why was there no effort on the part of inter organizational networks well coordinated in the nuclear village to prevent the risks from turning into a disaster This book answers these questions by formulating the concept of structural disaster afresh First the book presents the path dependent development of structural disaster through a sociological reformulation of path dependent mechanisms not only in the context of nuclear energy but also in the context of renewable energy Secondly it traces the origins of structural disaster to a secret accident involving standardized military technology immediately before World War II and opportunistic utilization of the Great Kanto Earthquake of 1923 thus reconstructing the development of structural disaster within a long term historical perspective Maintaining distance from conflicts of interest and cultural essentialisms this book highlights configurations and mechanisms of structural disasters that are far more persistent more universal but less visible and that have turned risk into suffering The book seeks to cast light on an important new horizon of the science technology society interface in the sociology of science and technology science and technology studies the sociology of disaster the social history of the military industrial university complex and beyond

Shamanism and Psychology in Ancient Greece and India Richard Valentine,2025-05-05 This book offers a historical introduction to psychology It investigates the evolutionary origins of our capacity to practice psychology including the necessary social conditions and the specialised language involved It then turns to two cultural containers in which it first

emerged those of ancient Greece and ancient India This is the second book in a new series which presents the emergence of Western psychology in a global context The author begins by building a bridge between evolutionary psychology and the history of psychology From one side this bridge is an evolutionary account of human culture From the other it is a narrative of human evolution using the latest fossil and genetic evidence Finally linguistics and anthropology link the appearance of our species with the emergence of ancient psychologies Central to this is the role of the shaman figure in all ancient cultures which is connected to the origins of psychological language The key words psyche mind conscious and unconscious and logos talk discourse reason will find their permanent meanings in Greece before they are combined to form psychology in Plato Parallel terms in India such as atman the universal self and manas mind also find their range of meanings Ancient Europe and ancient India two wings of the Indo European world are introduced as distinct cultures related by language each developing distinct psychological traditions Descriptions and explanations of mental phenomena are traced from Homer to Plato and in India from the Vedas to the Upanishads In each case these are related to the competing psychologies of religious cults as manifestations of shamanism leading to the birth of world psychologies Presented in an accessible manner this is an excellent resource for students and teachers of psychology philosophy history linguistics archaeology and anthropology as well as general readers who want to learn more about the origins of psychology on a global stage This title follows on from The Global Origins of Psychology Neurology Language and Culture in the Ancient World It applies the same framework to the Indo European world

Search for the Unknown Matthew Hayes, 2022-04-15 Beginning in the 1950s alleged sightings of unidentified flying objects in Canadian skies bred tension between the state and its citizens While the public demanded to know more about the phenomenon government officials appeared unconcerned and unresponsive Suspicion of government deepened among certain sectors of Canadian society in the decades that followed leading to demands for greater public transparency and a new kind of citizen activism In Search for the Unknown Matthew Hayes uncovers the history of the Canadian government's investigations into reports of UFOs revealing how these reports were handled deflected and defended from 1950 to the 1990s During this period Canadians filed more than 5 000 reports of UFO sightings many with striking descriptions and illustrations with branches of government and law enforcement Although the government conducted some exploratory studies officials were unable to solve the mystery of UFOs or provide satisfactory answers about their alleged existence and they soon declared the matter closed Dissatisfied citizens responded by taking matters into their own hands starting UFO clubs and civilian investigation groups and accusing the government of a cover up A mutual mistrust developed between citizens who were suspicious of their government and officials who dismissed their fears and anxieties This provided fertile ground for anti authoritarian attitudes and the cultivation of conspiracy theories In an era of political division and amid heightened awareness of states responsibilities for their citizens Search for the Unknown reveals the challenges that governments face in responding to public anxieties and preserving trust in public institutions The Banana

Tree at the Gate Michael Dove, 2011-01-01 The Hikayat Banjar a seventeenth century native court chronicle from Southeast Borneo characterizes the irresistibility of natural resource wealth to outsiders as the banana tree at the gate Michael R Dove employs this phrase as a root metaphor to frame the history of resource relations between the indigenous peoples of Borneo and the world system standing on its head the prevailing view of resource poor and economically marginal tropical forest dwellers In analyzing production and trade in forest products pepper and especially natural rubber Dove shows that the involvement of Borneo's native peoples in commodity production for global markets is ancient and highly successful This success is based on the development of a dual household economy with distinct subsistence and market oriented sectors which has historically made these smallholders extremely competitive with the large scale heavily capitalized state supported plantation sector Dove sheds new light on the nature of smallholders and in particular their relationship with the global economic system He demonstrates that processes of globalization began millennia ago and that they have been more diverse and less teleological than often thought His analysis replaces the image of the isolated tropical forest community that needs to be helped into the global system with the reality of communities that have been so successful and competitive that they have had to fight political elites to keep from being forced out The ubiquitous but historically inaccurate emphasis on isolation and resource poverty disguises that the overweening characteristic of these communities is their political marginality and that their greatest want is not to be uplifted economically but to be empowered politically

Living Water Robert P. Vande Kappelle, 2022-10-27 Everyone loves a good story one with interesting characters an intriguing plot lots of twists and turns and a surprise ending Jesus was a master storyteller teaching primarily through a technique we call parables In fact over one third of the gospel material in the New Testament is parabolic in nature Examining the parables of Jesus Living Water views parables as a wisdom genre belonging to mashal the Jewish tradition of sacred poetry stories proverbs riddles and dialogues through which wisdom is conveyed In the Hebrew Bible the Old Testament mashal is often associated with perplexing sayings for its meaning is deliberately obscured in order to force the reader or listener to deeper thought and higher consciousness While examining the parables of Jesus Living Water focuses not so much on traditional explanations and interpretations but on their paradoxical and perplexing nature In addition this book encourages us to take a parabolic approach to all Scripture viewing it as an aid to help us move from egoic existence to unitive existence This Spirit led way of living thinking and being requires a transformation from our False Self to our True Self from dualist self obsession to nondualist consciousness characterized by risk taking compassion generosity availability and joy a path charted by the parables of Jesus Benefitting from recent scholarly research Living Water is unique in content and conception and is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection

The Secret Diary of World's Worst Genius Paro Anand, 2013-08-15 I Arjun Bhasin am a genius I've just been diagnosed with it Once upon a time I was an average Joe neither at the top nor at the bottom Heck I was even the middle sibling But all it took was one test

just one to change my life Suddenly I was important I was a GENIUS Everyone was waiting anxiously to hear the pearls of wisdom that would drop from my mouth Only one problem I didn't know what I was a genius at If you think geniuses have it all I bet you haven't met someone like me I'd give anything to be a normal thirteen year old again At least I wouldn't be dragged everywhere from museums to theatre classes to horse races to find out my genius At least my best friend wouldn't act like I've got a contagious disease At least I wouldn't be a freak Still want to know more Take a peek into this secret diary to find out what happens when an ordinary boy suddenly becomes the World's Worst Genius Handmaiden of Trade Keith

Trace, 1988 This volume is the result of a three year research project carried out as part of the ASEAN Australia Joint Research Project Its focus on the problems of shipping between the ASEAN countries excluding Brunei Darussalam and Australia is intended to help in the formulation of policies for the promotion of closer economic relations between the two regions **Explaining Human Actions and Environmental Changes** Andrew P. Vayda, 2009-05-15 In this selection of essays from the past two decades Vayda focuses on research and explanation concerned with causes of concrete events especially human actions and the environmental changes brought about by them European Integration and Supranational Governance Wayne Sandholtz, Alec Stone Sweet, 1998-09-24 The European Union began in 1957 as a treaty among six nations but today constitutes a supranational polity one that creates rules that are binding on its 15 member countries and their citizens This majestic study confronts some of the most enduring questions posed by the remarkable evolution of the EU Why does policy making sometimes migrate from the member states to the European Union And why has integration proceeded more rapidly in some policy domains than in others A distinguished team of scholars lead by Wayne Sandholtz and Alec Stone Sweet offers a fresh theory and clear propositions on the development of the EU Combining broad data and probing case studies the volume finds solid support for these propositions in a variety of policy domains The coherent theoretical approach and extensive empirical analyses together constitute a significant challenge to approaches that see the EU as a straightforward product of member state interests power and bargaining This volume clearly demonstrates that a nascent transnational society and supranational institutions have played decisive roles in constructing the European Union

Paul's Faith and the Power of the Gospel Daniel Patte, 2016-09-02 Daniel Patte here offers a fresh literary critical introduction to the dominant literature of the New Testament the major letters of the apostle Paul Romans 1 and 2 Corinthians Galatians Philippians 1 Thessalonians and Philemon Patte invites the reader to explore these letters through several readings an historical reading in which he reviews and critiques the results of traditional interpretations and structural readings in which he elucidates the main characteristics of Paul's faith and discerns a system of convictions that supports Paul's theology and gives it coherence Through this novel literary approach Professor Patte leads the reader of these letters to a better understanding of the power of the Gospel the relation of the Gospel to Judaism and Paul's interpersonal view of faith Here is an invitation to rediscover Paul's faith in all its richness *The Language of Patient*

Feedback Paul Baker, Gavin Brookes, Craig Evans, 2019-04-05 The Language of Patient Feedback provides a unique insight into a diverse range of issues related to healthcare Through the comprehensive and detailed interrogation of 29 million words of online patient feedback on the NHS in England as well as 11 million words of responses to the feedback from NHS providers this book Uses a combination of computer assisted and human analysis Corpus Assisted Discourse Analysis to examine the extent to which characteristics like age and gender result in different types of evaluation Investigates why nurses doctors dentists and receptionists are associated with very distinct types of feedback Demonstrates the ways that NHS staff respond to comments and what this reveals about underlying institutional ideologies and practices Concludes with suggestions for key recommendations that the NHS could act upon to improve the overall level of care it provides as well as reflecting on what patient evaluation can actually tell us The Language of Patient Feedback is key reading for anyone undertaking research within corpus linguistics discourse analysis and health communication

Political Culture and Institutional Development in Costa Rica and Nicaragua Consuelo Cruz, 2005-08-22 Democracy s checkered past and uncertain future in the developing world still puzzles and fascinates In Latin America attempts to construct resilient democracies have been as pervasive as reversals have been cruel This book is based on a wealth of original historical documents and contemporary interviews with prominent political actors and analyses five centuries of political history in these paradigmatic cases of outstanding democratic success and abysmal failure It shows that while factors highlighted by standard explanations matter it is political culture that configures economic development institutional

choices and political pacts in ways that directly affect both democracy's chances and its quality But it also claims that political culture is a dynamic combination of rational and normative imperatives that define actors' views of the permissible shape their sense of realism structure political struggles and legitimate the resulting distribution of power
