

THE OXFORD ANTHOLOGY OF ROMAN LITERATURE

EDITED BY PETER E. KNOX AND J. C. McKEOWN

The Oxford Anthology Of Roman Literature

Jessica Helfand

The Oxford Anthology Of Roman Literature:

The Oxford Anthology of Roman Literature Peter E. Knox, J. C. McKeown, 2013-11 Each selection begins with a short biographical and historical essay *The Oxford Anthology of Roman Literature* Peter E. Knox, J. C. McKeown, 2013-10-31 The Oxford Anthology of Roman Literature gathers together critical examples of Roman literature from the earliest poets and playwrights to the last writers of Roman antiquity Vibrant witty and informative this volume provides a welcome introduction to the literature of our ancient past All Things Ancient Rome Anne Leen, 2023-06-15 Through roughly 160 alphabetically arranged reference entries this book surveys the material culture and social institutions of Ancient Rome Ancient Rome was one of the great civilizations of antiquity Honoring the contributions of their cultural forebearers who included Etruscans Asians and Egyptians as well as Greeks Roman artists writers and thinkers freely borrowed where tradition dictated and innovated where personal talent and imagination directed forging a unique creative experience that formed the basis of Western European artistic literary and philosophical production for 2 000 years While other reference works typically examine battles and politicians this book focuses on Roman social history and daily life painting a detailed picture of the material culture and social institutions of Ancient Rome A timeline highlights key events while an overview essay surveys the achievements of the Romans Reference entries provide objective information about art architecture literature commerce transportation government religion and other topics related to Roman life Each entry provides cross references and suggestions for further reading and some provide sidebars of interesting facts along with excerpts from primary source documents The book closes with a selected general bibliography of resources suitable for student research **Repeat Performances** Laurel Fulkerson, Tim Stover, 2016-07-31 The uses and effects of repetition imitation and appropriation in Latin epic poetry **The School Librarian's Compass** Rebecca J. Morris, 2023-06-30 By working through these cases and the accompanying learning exercises both pre service and practicing school librarians will strengthen their readiness expand their perspectives and build confidence for solving problems and making informed thoughtful decisions in their school libraries In their preparation for school librarianship library students learn foundational ideals and observe best practices that center and guide their work However discussions of aspirational versions of school librarianship often leave out sufficient practice in managing the many challenges and decisions school librarians face on the job In this book veteran educator Rebecca J Morris uses stories of day to day librarianship to empower school librarians as they navigate and manage the complex interactions decisions and opportunities of their work The book's alignment with the AASL CAEP standards makes it helpful to school library educators planning curriculum syllabi and course activities Perfect for reading or study groups graduate classes and professional development these stories invite reflection and lively conversation **Adriatic** Robert D. Kaplan, 2022-04-12 An elegantly layered exploration of Europe's past and future a multifaceted masterpiece The Wall Street Journal A lovely personal journey around the Adriatic in which Robert Kaplan revisits places and peoples he first

encountered decades ago Peter Frankopan author of *The Silk Roads* ONE OF THE BEST BOOKS OF THE YEAR *The New Yorker* In this insightful travelogue Robert D Kaplan geopolitical expert and bestselling author of *Balkan Ghosts* and *The Revenge of Geography* turns his perceptive eye to a region that for centuries has been a meeting point of cultures trade and ideas He undertakes a journey around the Adriatic Sea through Italy Slovenia Croatia Montenegro Albania and Greece to reveal that far more is happening in the region than most news stories let on Often overlooked the Adriatic is in fact at the center of the most significant challenges of our time including the rise of populist politics the refugee crisis and battles over the control of energy resources And it is once again becoming a global trading hub that will determine Europe's relationship with the rest of the world as China and Russia compete for dominance in its ports Kaplan explores how the region has changed over his three decades of observing it as a journalist He finds that to understand both the historical and contemporary Adriatic is to gain a window on the future of Europe as a whole and he unearths a stark truth The era of populism is an epiphenomenon a symptom of the age of nationalism coming to an end Instead the continent is returning to alignments of the early modern era as distinctions between East and West meet and break down within the Adriatic countries and ultimately throughout Europe With a brilliant cross pollination of history literature art architecture and current events in Adriatic Kaplan demonstrates that this unique region that exists at the intersection of civilizations holds revelatory truths for the future of global affairs

Fiddled out of Reason John William Knapp, 2019-04-11 *Fiddled out of Reason* is a study of several poems spanning the life and career of Joseph Addison who along with John Dryden Alexander Pope Ambrose Philips Isaac Watts and many British poets of the turn of the eighteenth century helped to cultivate a broad new current of nonliturgical hymnic verse that became immensely popular across that century though it has eluded critical notice until now The texts the book examines Addison's *St Cecilia's Day* odes 1692 1699 his libretto for the opera *Rosamond* 1707 and a sequence of five hymnic works in *The Spectator* 1712 precede by twenty five years John Wesley's publication of the first hymnal for use in the Church of England The book argues that secular hymnic works such as Addison's emerged alongside religio political controversies and anxieties about British national identity morality and expressions of enthusiastic passions Church and Tory interests largely rejected hymnic verse claiming it would only fiddle unwitting readers out of their reason and reignite the dangerous fervor of Revolution era Nonconformity and Dissent As is evident from his poetry Addison a moderate Whig ardently opposed this view arguing that the hymnic could in fact be a portal to national and individual amelioration After an introductory chapter exploring period conceptions of hymnic poetry and the highly contested term hymn itself the argument proceeds through three sections to trace the hymnic's upward trajectory through Addison's early mid period and mature verse The book devotes the lion's share of its attention to the last of these three which includes the five poem *Spectator* sequence a poem from the sequence *The Spacious Firmament on High* will be familiar to many readers Indeed in addition to offering new readings of hymnic works by Dryden and Pope *Fiddled out of Reason* provides the first

extended critical treatment of these five important poems Publication of the book coincides with the 300th anniversary of Addison's death and with the appearance of a new Oxford edition of Addison's nonperiodical writings **Aphrodite and Venus in Myth and Mimesis** Nora Clark, 2015-04-01 Aphrodite and Venus in Myth and Mimesis is a broad flexible source book of comparative literature and cultural studies It promotes the wide ranging presence and impact of prominent idiosyncratic personalities in fabled goddess mythology and its emphatic notions of endearment and allure The book brings together seven hundred acknowledged sources drawn from successive historical global and literary eras including principal commentaries along with factual information and important renditions in art prose and verse within and beyond mainstream western culture A lengthy detailed introduction presents a copious documented preview of the viable adaptation and mimesis of divine characterization and its respective centrality from the long distant past to the present day Myth rarely latent demonstrates varied modes of expression and open ended flexibility throughout the six comprehensive chapters which illuminate and probe in turn aspects of the ideological presence sensibilities trials and triumphs and interventions of the goddess whether sacred or profane Particular literary extracts and episodes range across ancient cultures alongside quite recent expressions of hermeneutics blending myth with the contemporary in the multi layered reception or admonishment of the goddess whether by one designation or the other As such this book is wholly relevant to all stages of the evolution and expansion of a dynamic European literary culture and its leading authors and personalities **The Seleucid Army of Antiochus the Great** Jean Charl Du Plessis, 2022-04-06 An in depth study of the ancient Greek ruler's military might covering the organization of soldiers weaponry armor tactics and more The Seleucid Empire was a Hellenistic superpower the largest and most powerful of the Successor States and its army was central to the maintenance of that power Antiochus III engaged in military campaigns from the Mediterranean to India with a rate of success that earned him the sobriquet the Great In this authoritative work Jean C Du Plessis presents an enlightening analysis of the troop types weapons and armor of Antiochus' army He combines the latest historical research and archaeological evidence with reconstructive archaeology in which weapons and equipment are reconstructed for modern testing Du Plessis covers the core Hellenistic style army as well as mercenaries and auxiliaries Weapons and armor are discussed in detail including terror weapons such as elephants and scythed chariots He also examines the army's performance in its many battles sieges and campaigns **The Materiality of Architecture** Antoine Picon, 2021-01-26 A new paradigm combining architectural tradition with emerging technologies Digital tools have launched architecture into a dizzying new era one in which wood stone metal glass and other traditional materials are augmented by pixels and code In this ambitious exploration an eminent thinker examines what exactly the building blocks of architecture have meant over the centuries and how technology may or may not be changing how we think about them Antoine Picon argues that materiality is not only about matter and that the silence and inscrutability the otherness of raw materials work against humanity's need to live in a meaningful world He describes how people define who

they are in part through their specific physical experience of architectural materials and spaces Indeed Picon asserts the entire paradox of the architectural discipline consists in its desire to render matter expressive to human beings Through a retrospective review of canonical moments in Western European architecture Picon offers an original perspective on the ways materiality has varied throughout centuries demonstrating how experiences of the physical world have changed in relation to the evolution of human subjectivity Ultimately Picon concludes that computer based design methods are not an abrupt departure from previous architectural traditions but rather a new way for architects to control material resources The result reinforces the fundamentally humanistic nature of architectural endeavor with an increasing sense of design freedom and a release from material constraint in the digital era

Death and the Maiden Brigid Burke, 2019-05-01 America was certainly the big winner of World War II being the last major country intact Euphoria hubris and a naive self confidence became hallmarks of the people This hubris was dented a bit in the 1950s when scandals erupted around the TV quiz shows that made everyone feel so smart and the U 2 spy incident of 1960 that revealed Americans were being lied to by the government The book argues that these two events began the credibility gap that engulfed the nation later in the 1960s and continues to haunt us to this day When the War ended the United States still had its economy infrastructure and industry intact Taking up where the British Empire left off the powerful new America expanded its influence around the globe Suddenly light years ahead of any competitor Americans abandoned themselves to a haze of consumerism and entertainment trusting that they were safe and could not be harmed The contestants on the big money quiz shows turned out to be fakes and the respected TV executives were also revealed to be liars and cheats Far worse was yet to come The United States government was caught in a lie regarding the CIA's U 2 reconnaissance planes overflying the Soviet Union On the eve of a crucial summit meeting in 1960 the USSR knocked Gary Powers out of the sky along with plenty of incriminating hardware and data Moscow delayed revealing what it knew and Washington spent ten days denying it was a spy plane then denying that President Eisenhower was aware of it The world was turning into a very scary place and soon American schoolchildren were being taught to duck under their desks if a bomb should strike Fear began to percolate into the heart of the nation

Standard Books Charles Frederick Tweney, 1915 **A History of Roman Literature: The republican period** Wilhelm Sigmund Teuffel, Wilhelm Wagner, 1891 **Teuffel's History of Roman Literature** Wilhelm Sigmund Teuffel, George Charles Winter Warr, 1891 Teuffel's History of Roman Literature Wilhelm Sigmund Teuffel, 1891 Face Jessica Helfand, 2019-11-12 An elaborately illustrated A to Z of the face from historical mugshots to Instagram posts By turns alarming and awe inspiring Face offers up an elaborately illustrated A to Z from the didactic anthropometry of the late nineteenth century to the selfie obsessed zeitgeist of the twenty first Jessica Helfand looks at the cultural significance of the face through a critical lens both as social currency and as palimpsest of history Investigating everything from historical mugshots to Instagram posts she examines how the face has been perceived and represented over time how it has been

instrumentalized by others and how we have reclaimed it for our own purposes From vintage advertisements for a nose
adjuster to contemporary artists who reconsider the visual construction of race Face delivers an intimate yet kaleidoscopic
adventure while posing universal questions about identity The United States Catalog ,1928 **Public Library Catalog**
Juliette Yaakov,2004 More than 8 000 books in the main volume More than 2 400 new titles in annual paperbound
supplements More than 2 000 analytic entries for items in collections and anthologies **Subject-index to the**
author-catalogue. 1908-10. 2 v Imperial Library, Calcutta,1929 **Subject-index to the author-catalogue. 1908-10. 2**
v National Library (India),1929
