The Night Land Illustrated:

The Night Land Illustrated William Hope Hodgson,2020-09-19 And I caught Mirdath the Beautiful by her shoulders and shook her very soundly in my anger And afterward I sent the maid onward and she having no word from her Mistress to stay went forward a little and in this fashion we came at last to the hedge gap with the Lady Mirdath very hushed but yet walking anigh to me as that she had some secret pleasure of my nearness *Night Land Illustrated by William Hope Hodgson* William Hope Hodgson,2021-09-23 The Night Land is a horror fantasy novel by English writer William Hope Hodgson first published in 1912 As a work of fantasy it belongs to the Dying Earth subgenre Hodgson also published a much shorter version of the novel entitled The Dream of X *Night Land Illustrated* William Hope Hodgson,2021-10-13 The Night Land is a horror fantasy novel by English writer William Hope Hodgson first published in 1912 As a work of fantasy it belongs to the Dying Earth subgenre Hodgson also published a much shorter version of the novel entitled The Dream of X The Night Land is a horror fantasy novel by English writer William Hope Hodgson first published in 1912 As a work of fantasy it belongs to the Dying Earth subgenre Hodgson also published a much shorter version of the novel entitled The Dream of X Night Land (illustrated Edition) William Hope Hodgson,2021-05-05 The Night Land is a horror fantasy novel by English writer William Hope Hodgson first published in 1912 As a work of fantasy it belongs to the Dying Earth subgenre Hodgson also published a much shorter version of the novel entitled The Dream of X The Night Land Annotated Illustrated William Hope Hodgson,2020-04-26 The Night Land is a horror fantasy novel by English writer William Hope Hodgson first published in 1912 The Night Lands tells the tale of a time millions of years in the future when the Sun has gone dark The last few millions of the human race are gathered together in a gigantic metal pyramid the Last Redoubt under siege from unknown forces The Night Land Illustrated William Hope Hodgson,2021-04-07 The Night Land is a horror fantasy novel by English writer William Hope Hodgson first published in 1912 As a work of fantasy it belongs to the Dying Earth subgenre Hodgson also published a much shorter version of the novel entitled The Dream of X 1912 The Night Land was revived in paperback by Ballantine Books which republished the work in two parts as the 49th and 50th volumes of its Ballantine Adult Fantasy series in July 1972 H P Lovecraft s essay Supernatural Horror in Literature describes the novel as one of the most potent pieces of macabre imagination ever written Clark Ashton Smith wrote of it In all literature there are few works so sheerly remarkable so purely creative as The Night Land Whatever faults this book may possess however inordinate its length may seem it impresses the reader as being the ultimate saga of a perishing cosmos the last epic of a world beleaguered by eternal night and by the unvisageable spawn of darkness Only a great poet could have conceived and written this story and it is perhaps not illegitimate to wonder how much of actual prophecy may have been mingled with the poesy The Night Land William Hope Hodgson,2023-06-18 The Night Land is science fiction ahead of its time Published in 1912 the book introduces a 17th century gentleman who loses his wife He soon discovers himself somehow reanimated in Earth s far future millions of years

from now when the sun has died and the Earth has become a hellish waste What remains of humanity lives in titanic mile high pyramids surrounded by energy shields to protect them from the abhuman monsters lurking in the darkness The human survivors soon receive a distress signal sent by a long forgotten lesser pyramid and the narrator embarks on a bloody quest to rescue the maiden of the pyramid which he knows to be his lost love somehow transcending time and space On his journey the narrator is beset by countless horrifying monsters many of them mutated former humans These depictions are so singular that H P Lovecraft called *The Night Land* one of the most potent pieces of macabre imagination ever written The novel is unique in its farsighted depiction of technology The narrator has telepathic powers and is able to communicate with others over long distances These powers are enabled by his brain elements which are possibly surgically implanted Telepathic communications may be spied upon by the monsters of the waste but a master word sent by the caller may verify the integrity of the signal a description of a kind of early public key cryptography The narrator survives on food pellets and powdered water predicting a kind of astronaut food His weapon of choice is a Diskos a kind of whirling razor sharp blade that shoots fire and energy The machines and force fields of the human pyramid monument are powered by Earth current which the narrator worries is slowly becoming dimmer over the years The pyramid itself is a jewel of imagination described as miles wide and miles high each layer is its own city and it continues deep underground where artificial grow chambers provide food for millions of humans Though the novel maintains a sort of legendary status for its grim and imaginative depiction of a monstrous future world critics acknowledge the work as a flawed masterpiece The narrative is written in a highly affected style perhaps meant to emulate 17th century speech or perhaps meant to be a stylized form of speech used by far future humans In any case it resembles no real style of English past or present While some critics praise this style as uniquely atmospheric others point to it along with the lack of dialog or proper names as some of the book's more difficult aspects Critics also frequently cite the book's highly repetitious nature simplistic characterization and inordinate length nearly 200 000 words as major flaws But despite whatever flaws the novel may have the awesome vision of *The Night Land* remains a marvel to behold

The Night Land Annotated(illustrated Edition) William Hope Hodgson,2021-05-27 *The Night Land* is a horror fantasy novel by English writer William Hope Hodgson first published in 1912 *The Night Land* tells the tale of a time millions of years in the future when the Sun has gone dark The last few millions of the human race are gathered together in a gigantic metal pyramid the Last Redoubt under siege from unknown forces *The Night Land:Illustrated Edition* William Hope Hodgson,2021-08-02 *The Night Land* is a horror fantasy novel by English writer William Hope Hodgson first published in 1912 *The Night Land* tells the tale of a time millions of years in the future when the Sun has gone dark The last few millions of the human race are gathered together in a gigantic metal pyramid the Last Redoubt under siege from unknown forces ***Night Land(Illustrated Editon)*** William Hope,2021-03-13 *The Night Land* is a horror fantasy novel by English writer William Hope Hodgson first published in 1912 As a work of fantasy it belongs to the Dying Earth subgenre
