The Nursery Alice:

The Nursery Alice Lewis Carroll, 2018-12-04 I have reason to believe that Alice's Adventures in Wonderland has been read by some hundreds of English Children aged from Five to Fifteen also by Children aged from Fifteen to Twenty five yet again by Children aged from Twenty five to Thirty five and even by Children for there are such Children in whom no waning of health and strength no weariness of the solemn mockery and the gaudy glitter and the hopeless misery of Life has availed to parch the pure fountain of joy that wells up in all child like hearts Children of a certain age whose tale of years must be left untold and buried in respectful silence And my ambition now is is it a vain one to be read by Children aged from Nought to Five To be read Nay not so Say rather to be thumbed to be cooed over to be dogs eared to be rumped to be kissed by the illiterate ungrammatical dimpled Darlings that fill your Nursery with merry uproar and your inmost heart of hearts with a restful gladness Such for instance as a child I once knew who having been carefully instructed that one of any earthly thing was enough for any little girl and that to ask for two buns two oranges two of anything would certainly bring upon her the awful charge of being greedy was found one morning sitting up in bed solemnly regarding her two little naked feet and murmuring to herself softly and penitently deedy

The Nursery "Alice" Lewis Carroll, 1966 A little girl falls down a rabbit hole and discovers a strange world inhabited by all sorts of unusual characters

teacher He held strict religious beliefs serving as a deacon in the Anglican Church for many years Beneath Carroll s awkward
exterior however dwelled a brilliant and imaginative artist A gifted amateur photographer he took numerous portraits of
children throughout his adulthood Carroll s keen grasp of mathematics and logic inspired the linguistic humor and witty
