Pluralism: The Future of Religion Kenneth Rose, 2013-03-28 Theology of religions has defaulted in the last two decades to an epicyclic inclusivism which seeks to undermine pluralism with claims that it is covertly triumphalistic and that it mirrors the logic of exclusivism With the exception of pioneers in the field such as John Hick and Paul Knitter most major figures in this theological field have retreated from pluralism and promote versions of particularism and inclusivism *Pluralism The Future of Religion* argues for an apophatic pluralism that is motivated by the insight that it is impossible to secure universal assent for changeable bodies of religious teachings This insight implies the non finality and consequent departicularization of all religious teachings and their inclusivistic defenses These conclusions point us inevitably toward pluralism and lead us out of the inclusivistic impasse of contemporary theology in religions

The volume studies the efforts by Rabindranath Tagore in Santiniketan and Mohan Malaviya in Varanasi to introduce and institutionalize religious studies in India. Discusses the notions of religion and spirituality and situates the failure of the secularization thesis in the context of modern India. Provides concrete suggestions on how to develop religious studies in relation to global citizenship and Indian cultural heritage with the hope of initiating a larger discussion. A unique contribution to the study of religion in society and education. The book will be indispensable to students and researchers of theology, history, philosophy, sociology, secularization, globalization, religious studies, education studies, and South Asian studies.
